No TOEFL Required for Students who Successfully Complete AECPP

ASU TOEFL WAIVER

To be successful in university studies, advanced English language skills and strong academic study skills are needed. Your performance in core and elective classes at the American English and Culture Program (AECPP) indicates your potential for academic success in undergraduate or graduate studies. Students who successfully complete the AECPP Advanced 2 level can receive a TOEFL waiver for admission to Arizona State University.

All Advanced 2 classes must be satisfactorily completed within a single AECPP session (or within a single ASU semester if doing AECPP/ASU concurrent enrollment). In addition to completing AECPP, for ASU undergraduate or graduate admission, you must also fulfill all other ASU admission requirements. For more information, please see the AECPP Student Advisor.
