

ASSIST Report for the May 1, 2009 APASC Meeting

SUMMARY OF KEY ASSIST ACTIVITIES

Progress of ASSIST Projects

- The annual ASSIST meetings were held in conjunction with the 20th Arizona Association for Institutional Research (AZAIR) Annual Conference at the Rio Salado Conference Center in Tempe on April 2 and 3. Eleven of the 13 participating ASSIST institutions were represented at the meetings. A total of 31 people attended at least one of the two sessions.

At the Users session, two presentations were made; the first focused on a “battle” of the tools and features offered by Hyperion Brio and Microsoft Access to access, analyze, and present ASSIST data. The second presentation featured the process and results of the statewide transfer rate workgroup, the New-to-Higher Education Cohort table, and the transfer queries.
