

Aids H.O.P.E. Meeting minutes -- 10/10/06

Officer reports

-- Cynthia Simmons was elected Secretary to replace former who could no longer make it to the meetings.

Treasurer's Report; (Elyse)

Funding was approved by the SORC; Because we applied late in the cycle we received emergency funding; we asked for \$700 and received: \$100 for brochures, \$100 for hpalmcards, and \$200 for aids Day. There are 4 funding cycles a year and we need to reapply and stay on top of this issue. There was a spirited discussion about designing the palm card before designing the brochure and getting all particulars done prior to taking the designs to Alphanumeric for estimates from Freddy's contact there; Dave and Emily discussed a timetable for palm card design and decided a file needed to be produced by next week. Emily and Elyse decided to work on the palm card design Wednesday and finalize the design by Saturday for presentation at the next meeting Tuesday next week. It was decided that we would reapply for funding, do the palm card first and use the funding in the third quarter for Aids Day and the brochure.

Public Relations(☺Dave)

Dave went to the tech seminar at MU Conference and brought back info about design and storage capabilities at ASU server for our website. Not much space: they suggest we do outside server for more room. Outside servers lack adequate security as we have found out. We'll stick to ASU.

Hassayampa Halloween Schedule

Freddy said that we were going to table on the 28th at Hassayampa from 5 until 8p and that volunteers were needed. Orange Halloween-themed condoms had arrived and would be given out.

SORC Training:

The Health Education Coalition invited us to ally with them. We never received the invite. Will research why and whether we want to ally with them.

Elyse will check into possible funding from LGBTQ Coalition.

Wednesday is Nat'l Coming-out day and we will table on the Student Services lawn.

Women's Coalition; Emily reports nothing new. There will be Choie Fest @ kiwani's Park Ot. 19 3-8p.

Membership Recruitment and Retention says that they will work with us on transition as we lose officers, to ensure smooth changeovers. We need to start now to prevent loss of leadership, membership and possible dissolution as a club.

See above discussion for further details about SORC trainings.

Homework – Fundraiser ideas/Suggestions

Any Ideas for events to raise money? Paypal is going to be instituted on the website. Ideas about a movie night sponsored by Aids HOPE floated. Free fr a donation? Need to decide. What film, what night, outside food is an issue? 14th, 15th 21st. Everyone will report back with ideas next Tuesday. Someone suggested a themed dance at the MU.

Blackboard:

Dave related that Blackboard training is available and presently Emily is the BB controller but she can designate others when they get training. Care must be taken when using mail/announcement functions, as they are indiscriminant.

Paypal

We still want to add Paypal to the website.

AZ Dance Safe Presentation:

Next Week

Stand First meeting

No discussion

HPV Board:

The HPV board is still incomplete; Elyse and Emily will work on it Wednesday.

Stall Street Journal

Do we want to have a committee?

When should we work on this/

Are we going to make changes? Who will do them? Credit to nursing students at West must be given. Dave would check into what permissions would be necessary to put up SSJ in bathrooms and other sites. Will report back.

Miscellaneous:

Freddy: we need to start networking with other like-minded activists. How about a meeting to get to know others, asking for presentations etc. how about Friday afternoons? No decision as of yet.

Meeting adjourned at 6:00 PM.
