

## ***AidsHOPE Meeting 11/07/06***

***President's Report*** – Meeting convened at 5 pm. Alphagraphics quote for aidsHOPE palm card has come in from Dave at AG: 250 pieces@\$36; 500pieces@\$54; 1000pieces@ \$72; 2000pieces@\$120. Motion by Cynthia to buy 2000 pieces, seconded by Elise,motion passed unanimously. We will contract with Alphagraphics for palm cards to be distributed at tablings and other events.

***Treasurer's Report*** – Elise reports that it's best if we use up our granted funds so that we can request more. There really is no end date for funding and as we exceed our funding we can submit receipts for any further expenditures above our budget to the ASBASU Office for reimbursement in a period of approximately three weeks.

***Public Relations' Report*** -- Stall Street Journal – No response from Facilities as of yet. We will archive it and post it on aidsHOPE website and blog. Dave will email attachment for posting.

***Web Maintenance/Secretary's Report*** – Website updated. Paypal Account has been activated and will be added to the website. Meeting minutes will be distributed to the Mail-list and archived on website and list site.

### ***Old Business:***

***World Aids Day Volunteers*** – There seems to be some confusion about whether or not Maricopa County is still willing to provide free HIV testing. Once source states that ASU students are not a high risk group therefore they will not test for free but request a small donation. Another source states that there is NO FREE TESTING at all. Another source says yes there will be free testing on World Aids Day by Maricopa County at ASU. Lively discussion followed about politics/economics of HIV/AIDS testing.

***Halloween tablings*** -- Good results, active participation by those at Manzy and HLLC

***Movie Night*** -- 11/14 7pm @ MU, fliers have been made by Katrina and will be handed out at tablings. Consensus was to maintain the availability of a smaller rather than a larger venue. We will ask for donations. No refreshments will be served.

***Networking Social*** -- will be held 11/21 during our regular meeting. Elise provided food quotes from Submarine sandwich places for input and invitations to other potential partners will be sent out for RSVP. BTW, Healthcare coalition wants to network with us and would like the opportunity to pitch us with ideas and information on 11/14 as well.

***Sign-up sheets for Condom Corner and World Aids Day were circulated.***

***New Business:*** Nothing to Report.

**Meeting adjourned at 5:38 pm.**
