WELCOME

Dear Accounting Students' Association new, renewing and/or potential members:

On behalf of the Executive Board of the Accounting Students' Association (ASA), we would like to introduce you to our organization and invite you to join ASA for the 2008-2009 academic year. An important part of business is the ability to network and create a favorable initial impression with both colleagues and clients. Joining ASA is a wonderful way to improve your business relationship skills while also exploring the various types of opportunities available to accounting professionals.

ASA has several great events planned for the Fall 2008 semester that we think will be of interest and value to you. These events include a career panel presentation focusing on accounting career planning, career opportunities and work/life balance; a speed interviewing event with firm representatives; a mentoring program and event; and a spotlight event featuring PricewaterhouseCoopers, one of the Big Four, who will be discussing Consulting/Advisory issues, professional services and careers. In addition, we will have a student only event early in the semester where you can meet other students and participate in "speed networking" activities.

Get Involved

We would like to extend an invitation for you to attend our Career Panel Event. The Career Panel Event will be held on Tuesday, September 9, from 4:45 – 6:55 PM in the Memorial Union, Alumni Room. The room is located on the second floor of the Memorial Union. The event will provide an excellent opportunity to get an overview about the accounting profession, career opportunities and business cases related to accounting. As at all ASA events, food will be served and prizes awarded. We hope to see you there!

Please be sure to see our website (URL listed in heading above) for additional information on our other Fall 2008 events, membership applications, email information, etc.

Meet Professionals
