Wages paid to a student employee through the payroll system are subject to the following withholding taxes: Federal Income Tax, State Income Tax and FICA (Social Security and Medicare).

The withholding of federal and state taxes is dependent upon the student’s biweekly gross income and how the student files their W-4 and A-4 forms. A student may seek advice from the Internal Revenue Service regarding how to file their W-4 Form or advice from the Arizona Department of Revenue regarding how to file their A-4 Form.

Arizona Department of Revenue toll-free number | 1-800-843-7196

The number of credit hours a student is enrolled for at the end of the drop/add period determines whether or not FICA tax is withheld. To be exempt from FICA tax a student must be enrolled at least half time:

New Health Insurance Marketplace Coverage Options and Your Health Coverage

General Information
When key parts of the health care reform law (the Affordable Care Act or ACA) take effect in 2014, there will be a new way to buy health insurance: through the health insurance marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new marketplaces and employment based health coverage offered by your employer.

What is the health insurance marketplace?
The marketplace is designed to help you find health insurance that meets your needs and fits your budget. The marketplace offers “one-stop shopping” to find and compare private health insurance options. You can enroll for health insurance coverage through the Marketplace during an enrollment period that begins in October 2013. Coverage can begin as early as January 1, 2014.

Can I save money on my health insurance premiums in the marketplace?
If you’re eligible for coverage through your employer, you most likely will not be eligible for the subsidy through the marketplace because the State of Arizona Benefit Options Plan meets ACA requirements for minimum value and employee-only coverage is intended to be affordable. However, if you’re not eligible for medical coverage through your employer or if the lowest cost plan from the State of Arizona Benefit Options that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, you may be eligible for a subsidy that lowers your monthly premium for coverage purchased through the marketplace.

Please note: The marketplace will use your household income, along with other factors, to determine whether you may be eligible for a premium discount. If, for example, your wages vary from week to week (perhaps you are an hourly employee or you work on a commission basis), if you are newly employed mid-year, or if you have other income losses, you may still qualify for a subsidy.

Alternatively, you may qualify for Medicaid depending on your household income. Please visit www.HealthCare.gov for more information.

How will enrolling in the marketplace affect health coverage through my employer?
If you purchase a health plan through the marketplace instead of enrolling for health coverage offered by your employer, you will lose any employer contribution to the State of Arizona Benefit Options Plan. Future enrollment in the State of Arizona Benefit Options Plan will be limited to open enrollment (which typically happens in the fall).

How can I get more information?
For more information about your coverage offered by your employer, please check your summary plan description or contact Office of Human Resources Employee Service Center contact information included in employer information chart.

The marketplace can help you evaluate your coverage options, including your eligibility for coverage through the marketplace and its cost. Visit http://www.HealthCare.gov for more information, including an online application for health insurance coverage and a Health Insurance Marketplace in your area.
