

The power of the blast sends Dr. Disk hurtling to our hero's lair.

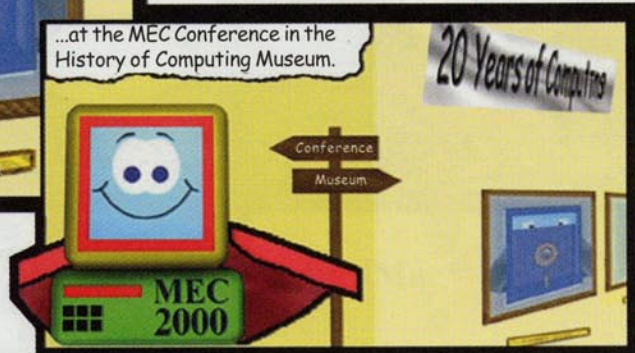

C and D drag Dr. Disk to the prison that our hero prepared for him...

There Dr. Disk is promptly captured by waiting sidekicks C and D.

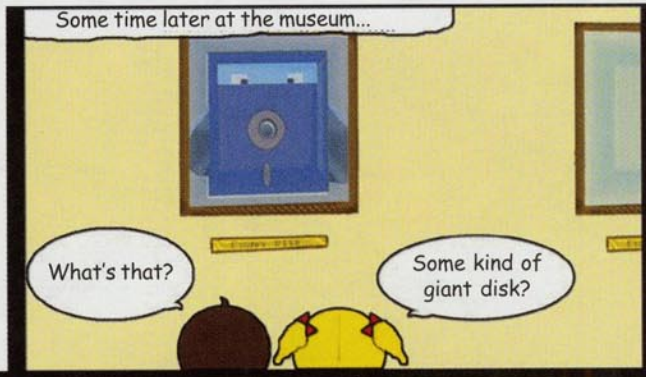

...at the MEC Conference in the History of Computing Museum.

Some time later at the museum...

What's that?

Some kind of giant disk?

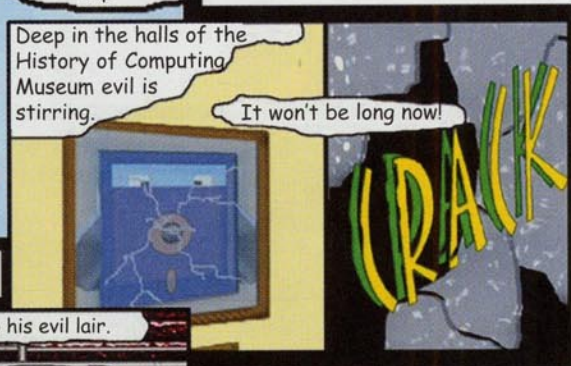

Now that Dr. disk has been locked up at the museum, Super MEC returns home for a long nap

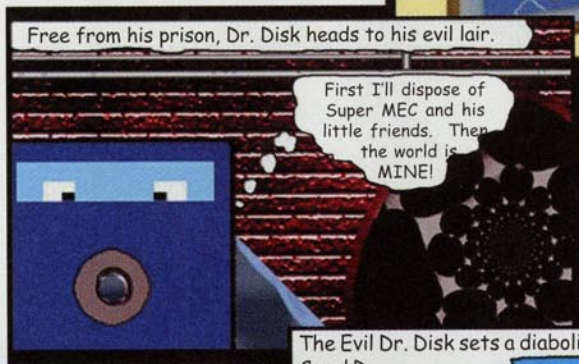

Deep in the halls of the History of Computing Museum evil is stirring.

It won't be long now!

Free from his prison, Dr. Disk heads to his evil lair.

First I'll dispose of Super MEC and his little friends. Then the world is MINE!

The Evil Dr. Disk sets a diabolical trap for C and D.
