First Place

Paulie Jo Gonzales

Even though my Grandpa past away he is a big hero to me. He fought in the world war II and served. He saved our family from our house fire. He was always there. I need him. Clearly he is a great man to me. I will always remember him in my heart. He was a very very very good man and loving.

A Helpful Person

My dad is a good helpful person. He helped a lady from Wisconsin. My dad told the lady to follow her in her car. We came to the gas station to get some gas. The lady said she had no money. So my dad used his credit card for the lady. The lady thanked my dad for helping her. The lady still followed my dad until we came to our turn off to go home the lady waved and we drove home. I was glad my dad helped her. When I grow up I want to be helpful too.
