 Money Invested Exercise

<b>You have been given a check for \$1 million. Please develop a list of where on campus you would like the money invested.</b>	<b>You have been given a check for \$200 million. Please develop a list of where on campus you would like the money invested.</b>
Construct well-designed Campus Cafés on the malls	Demolish and rebuild the MU as a place that celebrates this climate with courtyards and shaded spaces
Improve bike paths	Demolish Social Sciences, Engineering Annex and Language & Literature buildings
Remove the ornamental citrus and replace with real citrus	Create a comprehensive "people moving" system, continuous open air trolley or monorail system
Outdoor shade over all walkways	Rebuild central part of campus - library nexus as the center of campus, underground entrance, more open space & outdoor seating
Renovate the Memorial Union	Campus beautification - more aesthetic walkways
Renovate buildings to resemble Social Science atrium	Covered walkways
Demolish Ritter, Payne, Social Science, West Hall & LL buildings	Residential housing for graduate & married students, faculty, staff, visiting scholars & visitors with childcare facilities
Move student centered departments	More parking structures to increase capacity
More/better lighting around campus	Redesign Hayden Library
Develop a university campus "park" for students - used for rallies, campaigns & political speeches	Memorial Union like U of A's
Create more shaded outdoor seating - concrete is too hot in summer and too cold in winter	Test & improve air quality in buildings
Indoor tennis courts	New facility for Interpreters Theater
More attractive kiosks	Technology Center like U of A's
SRC expansion of programs & buildings	Construct a "park" to break the concrete atmosphere & allow respite
Parking	Use solar panels on campus including in parking structures
Performance Space	Provide faculty parking
Add more research space	Build library collections to meet growing needs of University
Landscaping	Build a new library
Vehicle & bicycle control on malls	Improved natural environment/gathering place
Student housing	Retention of outdoor spaces
Advising centers	New structure for more classrooms
Public art	Expand campus to Tempe Town Lake
Pleasant gathering places	Purchase current office/condos on Tempe Town Lake
Study pedestrian traffic during peak hours	Additional childcare centers
Unpave Orange Street - turn into a desert landscape garden/pathway	New building for Department of English - Languages & Literatures
Improve library facilities	Local transportation system
Renovate Language & Literature building	New building for Psychology, Anthropology & all humanities departments
Repair sidewalks damaged by skateboards	Adequate faculty offices and labs
Improve the appearance of buildings	Graduate centers & lounge areas in every academic department
Improve Undergraduate Academic Services Building	Save & restore historic buildings
Renovate or replace Wilson Hall	Clean up the exposed canal area

Academic Senate  
 Money Invested Exercise

Improve elevators and handicap access in older bldgs	State of the art teaching resources and classrooms
Preserve and improve Arboretum	Institute for Community Health & Nursing Board
Improve greenery/native landscaping on campus	On campus nurse run clinic
Build environmentally friendly parking lots	Build a Institute for Community Health
Create a pedestrian friendly campus w/o concrete	Turn University and Apache into tunnels for .5 or .25 mile stretches to make campus safer
Larger nursing lab facility	Higher density structures to replace smaller ones
Renovate Payne Hall	Build a Michael Row Science Tower
Convert open spaces to natural sustainable desert habitats	School of medicine
More signage like MARS and Moeur to promote ASU happenings	Develop satellite parking to bring students in by rail system
Close orange street	Build a glass ceiling auditorium under Tempe Tempe Town Lake
Upgrade classrooms with more hi-tech and multi-media	More focus on education facilities instead of sports
More signage on campus entrances	Renovate the Psychology building
Improve library space on campus	New indoor pool
	Larger Bookstore
	North Scottsdale campus
	ASUE - infrastructure
	ASUE - new classroom building
	ASUE - new research building
	ASUE - new hangar
	ASUE - build out malls, landscaping
	Create more integration with Tempe on NW corner of campus
	Create a more sustainable campus
	New building and location for library stacks
	Upgrade science and engineering buildings
	Create cultural spaces
	Collaborative research/creative work spaces
	Bicycle under/over pass at College & Apache
	Remodel Visitors Information Center
	South campus housing
	New College of Nursing/Health Sciences building
	Create Campus Center - MU/Bookstore
	Create campus entrance with visitor center, visitor parking & community outreach (on Mill & Univ)
	Multi-use residential (student housing) & shops located at McDowell & Scottsdale Road - Los Arcos
	New building for various cultural centers
