

Safety Awareness Training

“Unfortunately violence occurs in our society despite all the prevention efforts and education. The ASU Police Department conducts routine training to help combat violent situations from occurring on campus. No matter where they are, people can lessen the impact of violent incidents by being aware of their surroundings and mentally preparing what they will do in an emergency. I encourage everyone to watch our series of videos that will help them to form a plan on how they will react; it could make all the difference.”

— Michael Thompson, ASU Chief of Police

Prepare, act and evade problematic situations or crises via online safety training videos on Blackboard that can be watched at an individual pace:

- Shots Fired on Campus
- Shots Fired, When Lightning Strikes
- Flashpoint, Recognizing and Preventing Violence in the Workplace
- Flashpoint on Campus
- Silent Storm-Intimate Partner Violence and Stalking, the Impact on the Workplace
- Safe Passage Travel Companion

Sign up now on Blackboard via My ASU and search in the Course ID for ASUPD.
