### FALL 2000 TRANSFER GUIDE

#### FOR EASTERN ARIZONA COLLEGE

## Bachelor of Science

### Justice Studies

*Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements [www.asu.edu/admissions/applyingtoasu](http://www.asu.edu/admissions/applyingtoasu). Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements*

Students pursuing the **Bachelor of Science in Justice Studies** will find an interdisciplinary classroom experience emphasizing ideas from the social sciences, philosophy, and legal studies. The degree is designed for students interested in studying justice issues and those desiring justice-related careers, including law. Students will develop an understanding of meanings of justice and injustice and analyze often controversial issues through critical inquiry and social science investigation. Faculty place primary focus on theories of justice and injustice. Students accordingly learn about crime and violence, adolescents and delinquency, and differential institutional and socio-economic treatment of populations based on gender, race, class and ethnic identities, including American Indian peoples.
