ASU Main Campus

1998-1999 TRANSFER GUIDE

FOR EASTERN ARIZONA COLLEGE

Bachelor of Science

Exercise Science & Physical Education

Exercise Science Option or Exercise and Wellness Option
or Physical Education Option

The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA

General University requirements satisfy the admission requirements of this program.

ASU

EAC

Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year.

Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)

ENG 101 & 102 First-Year Comp

or

ENG 105 Adv First-Year Comp

or

ENG 107 & 108 Eng Foreign Students

ENG 101 & 102 Written Communications

No EAC equivalent

No EAC equivalent

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS¹

Students completing the Transfer General Education Core Curriculum (TGECC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from CEG General Studies Insert as follows: 3 L1 credits (those that transfer as ENG or PSY are recommended), 3 N2 or N3 credits (those that transfer as CSE, PSY or STP are recommended), 9 HU credits (maximum 6 hours from ARS, MUS, THE), 6 SB credits (except those that transfer as ASM, COM and JUS), 3 C credits, 3 G credits (except those that transfer as ERS 346), and 3 H credits. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

COLLEGE PROFICIENCY REQUIREMENTS

Requires knowledge of a second language equivalent to the completion of two years study at the college level. Courses in American Sign Language also satisfy the requirement. (See the 1998-99 Catalog for further information.) Select language courses that transfer to ASU at the 101, 102, 201, 202, 203, 204 and/or 205 level, or courses that transfer to ASU as SHS 174, SHS 175, SHS 274 and SHS 275.

ASU

EAC

MAJOR REQUIREMENTS

While still a student at EAC, contact the department academic advisor. Only those required courses which have EAC course equivalents are listed below.

REQUIRED PREREQUISITES

BIO 201	Human Anatomy & Physiology I [S2]	BIO 201	Human Anatomy & Phys I
BIO 202	Human Anatomy & Physiology II	BIO 202	Human Anatomy & Phys II
CHM 101	Intro Chemistry [S1/S2]	CHM 130	Fundamental Chemistry
MAT 117	College Algebra [N1]	MAT 154	College Algebra
PGS 101	Intro to Psychology [SB]	PSY 101	Intro to Psychology
PHY 111	General Physics [S1/S2]	PHY 111	General Physics

AREAS OF CONCENTRATION

There are three areas of concentration available. All students must choose one area of concentration either (1) Exercise Science, (2) Exercise & Wellness, or (3) Physical Education.

Exercise and Wellness Concentration

Candidates must complete 21 semester hours in the major field; EPE 300, EPE 320, EPE 420, EPE 425, (three semester hours each), EPE 484 (six semester hours), and 3 semester hours carrying either EPE prefixes or prefixes from related disciplines selected with the advice and consent of a faculty advisor (No more than six may be in independent study courses).

Following are suggested related courses in the Exercise & Wellness concentration:

Computer Sciences/Statistics

PSY 230	Intro to Statistics [N2]	PSY 220	Intro to Statistics
---------	--------------------------	---------	---------------------

Exercise Science and Physical Education

EPE 283	Prvntn/Care Ath Inj	HPE 270	Intro to Sports Med
---------	---------------------	---------	---------------------

Family Resources

FON 100	Intro to Nutrition	FCR 241	Nutrition
---------	--------------------	---------	-----------

Exercise Science Concentration

21 credits from EPE courses and/or related field with advisor approval (12 credits of upper-division EPE courses must be included). This area of concentration allows students to combine courses from various programs within the Department of Exercise Science and Physical Education, and to gain depth of knowledge in related disciplines. Following are suggested courses within the specific interest areas available:

Biomechanics

Upon advisor approval, related coursework in Computer Science, Engineering, Math (with Calculus) and Physics is suggested.

Exercise Physiology

Upon advisor approval, related coursework in Biology, Chemistry, Math and Biology is suggested.

Motor Behavior

Upon advisor approval, additional coursework in Psychology and Biology is suggested.

Sport Psychology

Upon advisor approval, related coursework in Psychology (PGS & PSY) is suggested.

Physical Education Concentration

21 credits from EPE courses and/or related field with advisor approval. Major required courses are EPE361, EPE376, EPE382, EPE480.
