Job Order Contracting (JOC) Request for Qualifications (RFQ)

Supplemental Attachments and Forms

Note: All Attachments and Forms must be signed or acknowledged as required and submitted with your proposal.

Attachment 1: Addenda, General Instructions, Regulatory Information, and Selection Process Acknowledgments
Attachment 2: Proposal Certification
Attachment 3: Conflict of Interest Certification
Attachment 4: Federal Debarred List Certification
Attachment 5: Anti-Lobbying Certification
Attachment 6: Supplier Sustainability Questionnaire
Attachment 7: Service Provider Acknowledgement
Attachment 1: Addenda, General Instructions, Regulatory Information, and Selection Process Acknowledgments

All Addenda (acknowledge all addenda viewed on Bid Board prior to closing)

Receipt by the undersigned that the following addenda has been read and hereby acknowledged:

Addendum Number: ______ Dated: __________ Acknowledged By: ____________________
Addendum Number: ______ Dated: __________ Acknowledged By: ____________________
Addendum Number: ______ Dated: __________ Acknowledged By: ____________________
Addendum Number: ______ Dated: __________ Acknowledged By: ____________________
Addendum Number: ______ Dated: __________ Acknowledged By: ____________________
Addendum Number: ______ Dated: __________ Acknowledged By: ____________________

Note: You will need to access the JOC General Information and Selection Process (select Job Order Contracting) in order to read and acknowledge all below referenced sections. If you have questions, please contact the Buyer listed in the RFQ.

General Information
Receipt by the undersigned that all general information has been read and understood and is hereby acknowledged:

Acknowledged By: ______________________________________ Dated: _____________

Regulatory Information
Receipt by the undersigned that all regulatory information has been read and understood and is hereby acknowledged:

Acknowledged By: ______________________________________ Dated: _____________

Selection Process
Receipt by the undersigned that the selection process has been read and understood and is hereby acknowledged:

Acknowledged By: ______________________________________ Dated: _____________
ATTACHMENT 2: PROPOSAL CERTIFICATION

(Date)

Purchasing and Business Services
Arizona State University
Tempe, AZ 85287-5212

The undersigned certifies that to the best of his/her knowledge: (check one)

☐ There is no officer or employee of Arizona State University (ASU) who has, or whose relative has, a substantial interest in any contract award subsequent to this proposal/bid.

☐ The names of any and all public officers or employees of Arizona State University who have, or whose relative has, a substantial interest in any contract award subsequent to this proposal/bid are identified by name as part of this submittal.

The undersigned further certifies that their firm (✓ one) ☐ IS or ☐ IS NOT currently debarred, suspended, or proposed for debarment by any federal entity. The undersigned agrees to notify ASU of any change in this status, should one occur, until such time as an award has been made under this procurement action.

The undersigned represents and warrants to ASU that the firm or individual has completed an internal manpower loading plan and the firm or individual has the personnel and resources to accept an award of the contract for Job Order Contracting services and to prosecute the construction of the Project in accordance with the applicable contract documents should the firm or individual be awarded this contract.

In compliance with REQUEST FOR QUALIFICATIONS 2019 JOB ORDER CONTRACT PROGRAM and after carefully reviewing all the terms, conditions and requirements contained therein, the undersigned agrees to furnish such goods/services in accordance with the requirements of the Request for Qualifications.

Supplier Type : (Check all that apply)

Diversity Business Owner Designation
☐ Not Applicable ☐ Service-Disabled ☐ Small Disadvantaged
☐ HUB Zone ☐ Veteran-Owned ☐ Women-Owned
☐ Minority Institution

Organization Size Classification
☐ Individual ☐ Small - AZ (Less than $4M gross/year OR less than 100 FTE)
☐ Large ☐ Small - Federal (Less than $8M gross/year)
☐ Other ______________

FORMS OF CONTRACT DOCUMENTS. The undersigned certifies that the undersigned has read Owner’s JOC Agreement located at Purchasing Construction Forms - Job Order Contracting

If selected as the Job Order Contractor, the undersigned agrees to execute this form of contract documents. The undersigned understands that any exceptions taken to the form of contract documents that are not accepted and/or approved by ASU may be a basis for rejection of the undersigned’s Proposal as non-responsive. The undersigned also understands that ASU may make changes in the standard form of contract documents and that therefore the form of contract documents presented to the successful Proposer may be different from the form of contract documents referred to above, in which case the successful Proposer will be given the opportunity to review the changes.

FEDERAL DEBARRED LIST CERTIFICATION

Certification Regarding Other Responsibility Matters (April 2010)

_____________________

(Date)

In accordance with the Federal Acquisition Regulation, 52.209-5:

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) (check one) Are (    ) or are not (    ) presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; (  

(B) (check one) Have (    ) or have not (    ), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

(C) (check one) Are (    ) or are not (    ) presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.

(D) (check one) Have (    ) or have not (    ) within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $3,500 for which the liability remains unsatisfied.

(ii) The Offeror (check one) has (    ) or has not (    ), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) (a) “Principal,” for the purposes of this certification, means an officer; director; owner; partner; or, person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

(b) The Offeror shall provide immediate written notice to the University if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror’s responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by University may
render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the University may terminate the contract resulting from this solicitation for default.

ANTI-LOBBYING CERTIFICATION

Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (Sept 2007)

_________________________________________________________________________

(Date)

In accordance with the Federal Acquisition Regulation, 52.203-11:

(a) The definitions and prohibitions contained in the clause, at FAR 52.203-12, Limitation on Payments to Influence Certain Federal Transactions, included in this solicitation, are hereby incorporated by reference in paragraph (b) of this certification.

(b) The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that on or after December 23, 1989—

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of this contract;

(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the offeror shall complete and submit, with its offer, OMB standard form LLL, Disclosure of Lobbying Activities, to the University; and

(3) Offeror will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of $100,000 shall certify and disclose accordingly.

(c) Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by Section 1352, Title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than $10,000, and not more than $100,000, for each such failure.

SUPPLIER SUSTAINABILITY QUESTIONNAIRE – SMALL COMPANY

Firm Name: ___________________________  Date: ___________________________

The Supplier Sustainability Questionnaire must be completed and returned with your Proposal. This questionnaire is applicable to firms that provide services as well as those that provide goods.

Arizona State University’s vision is to be environmentally sustainable while expanding our education, research, and community support programs. The University seeks suppliers who share our sustainability vision. Accordingly, please answer the following questions.

To each question please provide at least one of the following types of responses:
• An explanation or description
• A URL of your policy or program

An electronic copy of your illustrative policies or programs must be provided if requested. If the question does not apply, answer with N/A and provide an explanation as to why.

Energy
1. What is your firm doing to be energy efficient?
2. What plan is in place to reduce greenhouse gas emissions in the future?

Solid Waste
1. What is your firm doing to reduce waste to landfill?
2. What plan is in place to reduce waste to landfill generated in the future?

Water Waste
1. What is your firm doing to reduce water waste?
2. What plan is in place to reduce water waste in the future?

Packaging
1. What is your firm’s plan to minimize packaging and/or describe your firm’s packaging “Take Back” program?
2. What kind of reusable, recyclable, and/or compostable packaging materials does your firm use?
3. What does your firm do to encourage/require your suppliers to minimize packaging and/or use reusable, recyclable, or compostable packaging materials?

Sustainability Practices
1. What programs does your firm have to encourage your employees to use alternative transportation while commuting to work and travelling locally?
2. What sustainability guidelines or environmental statement does your firm have to guide the firm as a whole?
3. What are your firm’s sustainable purchasing guidelines?
4. What kind of position(s) or team(s) does your firm have dedicated to overseeing sustainability initiatives?
5. List the sustainability related professional associations of which your firm is a member.
6. What kind of effort does your firm make to reduce the use of environmentally harmful materials?
7. Does your firm use Green Seal/EcoLogo certified or biodegradable/eco-friendly cleaning products?
8. Has your firm been cited for non-compliance of an environmental or safety issue in the past ten years?
9. Name any third party certifications your firm has in regards to sustainable business practices?
10. Describe any other initiatives your firm has taken to integrate sustainability practices principles into your operations.

Community
1. What charity, community development, educational programs, or environmental programs is your firm involved in within your local community?
2. What educational programs does your firm have to develop employees?
SUPPLIER SUSTAINABILITY QUESTIONNAIRE – LARGE COMPANY

Firm Name: ___________________________ Date: ___________________________

The Supplier Sustainability Questionnaire must be completed and returned with your Proposal. This questionnaire is applicable to firms that provide services as well as those that provide goods.

Arizona State University’s vision is to be environmentally sustainable while expanding our education, research, and community support programs. The University seeks suppliers who share our sustainability vision. Accordingly, please answer the following questions.

To each question please provide at least one of the following types of responses:
• An explanation or description
• A URL of your policy or program

An electronic copy of your illustrative policies or programs must be provided if requested. If the question does not apply, answer with N/A and provide an explanation as to why.

Energy
1. What is your firm doing to be energy efficient?
2. What are your firm’s annual greenhouse gas emissions in metric tons of carbon dioxide equivalent? (Enter total metric tons of CO2 equivalency [includes the following GHGs: CO2, CH4, N2], SF6, HFCs and PFCs)
3. What plan is in place to reduce greenhouse gas emissions in the future?

Solid Waste
1. What is your firm doing to reduce waste to landfill?
2. What is your firm’s annual waste to landfill generated in metric tons? (Enter total metric tons)
3. What plan is in place to reduce waste to landfill generated in the future?

Water Waste
1. What is your firm doing to reduce water waste?
2. What is your firm’s annual water waste in gallons? (Enter total gallons)
3. What plan is in place to reduce water waste in the future?

Packaging
1. What is your firm’s plan to minimize packaging and/or describe your firm’s packaging “Take Back” program?
2. What kind of reusable, recyclable, and/or compostable packaging materials does your firm use?

SERVICE PROVIDER ACKNOWLEDGEMENT

All service providers are required to read and sign this ASU Service Provider Acknowledgement prior to performing work on ASU property. Failure on the part of the service provider to comply with these requirements may result in termination of the contract with ASU.

Arizona State University (ASU) is committed to protecting the health and welfare of students, faculty, staff, visitors, and to the environment. Accordingly, it is important that all members of the ASU community recognize and share this commitment and comply with the environmental, health and safety policies, rules, procedures and regulations governing ASU campus activities.

ASU is also looking to the community, including service providers, for cooperative and responsible leadership that will help the University implement a safer environment through safer practices and more sustainable solutions.

Towards this end, it is ASU’s expectation that all service providers have the responsibility for environmental, health, and safety issues created or otherwise arising from or related to their work under their contract with ASU.

The service provider shall ensure that its employees are properly identified (e.g. officially issued picture ID and/or badge) and have been instructed about the boundaries of their work areas. Service providers will comply with all applicable local, state, and federal rules and regulations, including those related to the Occupational Safety and Health Act (OSHA) of 1970.

For all service providers, ASU is providing a few general guidelines in this document concerning conducting work on ASU Job Sites.

SERVICE PROVIDER DEFINITION

Refers to any individual, company, or corporation who is hired by ASU or an ASU employee to provide construction, repair or maintenance related services on ASU property or facilities.

GENERAL SITE INFORMATION

Failure on the part of the service provider to comply with the following requirements may result in termination of the contract with ASU. Prior to working in areas where site-related hazards might be present, all service providers shall consult with the project manager for more information

- Permission must be obtained from the project manager whenever it is necessary for personnel to go to the roof of any building.

- Lunch and break areas are to be coordinated through the project manager.

- Pedestrians should use walkways where provided. Shortcuts shall not be taken through operating areas.

- Explosives of any type are prohibited on the site with the exception of powder actuated tools.

- Barricading of ASU streets (it is required that ASU Police at 480-965-3456 must be contacted prior to any barricades being set).
• Compliance with any applicable dust control requirements are the responsibility of the service provider.

• It is the service provider’s responsibility to remove excess materials, such as paints, oils, adhesives, from ASU property by the end of the project.

• Consult with the project manager and ASU Environmental Health and Safety (EHS) if the project will involve regulated ASU waste, such as potentially contaminated soil, light bulbs or oil.

• Chemicals, paints, oils, fuels, etc. must be located so as to avoid potential contamination of storm drains and dry wells. The project manager will assist with determining the appropriate location.

PARKING (Park in specified areas only)
The proper parking permit must be secured from ASU Parking and Transit Systems (PTS) and displayed appropriately in vehicles. Contact the project manager and/or PTS at 480-965-6124. Do not block entrance ramps, trash docks, and truck doors, etc.

LOCKOUT/TAGOUT
ASU has established very specific control measures related to the control of potentially hazardous energy referred to Lockout/Tagout/Verify for all maintenance and construction related activities at ASU facilities. Each service provider conducting similar activities must adhere to all requirement of the ASU program which mirrors the OSHA Standard 29 CFR 1901.147 as posted on our website (Workplace Community Safety) with the exception of the service provider’s designated lock. Each service provider is required under OSHA regulations to have their own program meeting the standards requirements, but all requirements in the ASU program with the exception of lock color and style must be met including notification of all affected personnel of the Lockout/Tagout/Verify activity, logging activities, and transitioning to equipment out of service. Service providers may be required by their project manager to post notices identifying their designated locks. At no time may Lockout/Tagout devices be used for equipment out of service.

ELECTRICAL SERVICES
Work on live electrical services at 50 volts or higher is prohibited unless permitted through your project manager under the ASU Electrical Safety Program. All work on electrical services must be locked out as required under 29 CFR 1910.147.

DISCLOSURE OF ASBESTOS, LEAD AND/OR OTHER HAZARDOUS MATERIALS

ASU is informing all service providers of the potential presence of asbestos (e.g. which may be found in caulk, sheetrock joints, vinyl tiles, etc), lead, and/or other hazardous materials at ASU. Depending on the location(s) of your work, there may be one or more of these materials present. It is your responsibility to discuss the full scope of your work with the project manager or designee so that you have the appropriate information related to asbestos, lead and/or other potentially hazardous materials. If the scope of your work changes, contact your project manager or designee before proceeding to determine if the change in scope may involve the potential disturbance of asbestos, lead and/or other hazardous materials.

Should there be changes to your scope of work affecting areas outside of your original contract area, or, if unforeseen or unidentified suspect materials be uncovered or discovered during your work, you are required to stop all work which would impact those materials until they can be evaluated and tested by ASU. Immediately upon discovery of any unidentified or unforeseen building material, you must notify the project manager to arrange for ASU to evaluate and test the materials.

Prior to your work taking place, inspections for asbestos, lead and other potentially hazardous materials must be (or have been) conducted by ASU, and identified materials (containing asbestos, lead or other hazardous materials) that would be disturbed by your current scope of work will be (or have been) removed or isolated in such a manner as to prevent potential exposure. Please contact ASU Asbestos Program Manager at 480-965-7739 to determine if, based on your current scope of work, there any remaining materials which are or may be present in adjacent location(s), but should not be disturbed.
Your signature on this document acknowledges you received this disclosure and that you had the opportunity to review your scope of work with the project manager or designee.

The Service Provider Job-Site Safety Information orientation document is meant to serve as a guide for the service provider, any and all of its supervisors, and any and all of its subcontractors during their performance within the scope of work under their contract with ASU. Although the document sets forth certain guidelines and rules of operations on ASU sites, it is not intended to address every potential safety and health issue that may arise during the scope of the contracted work. **IT DOES NOT COVER EVERY POSSIBLE SITUATION.**

While ASU retains the right to periodically review the work of any service provider, its supervisors, or its subcontractors, ASU does not assume responsibility for any issues identified outside of contract compliance.

**TEMPE CAMPUS UTILITY TUNNEL SYSTEM**
Asbestos exists in the underground utility tunnel system located on the Tempe Campus of ASU. It is your responsibility to discuss the scope of your work with the project manager or designee in order to provide you with any further information related to asbestos issues which may be encountered during any work in the tunnels.

The gravel or earthen flooring material throughout the tunnel system has become contaminated material from historical damage and repair to pipe insulation. Walking on, or other disturbance to, the flooring material may cause entrained asbestos fibers to become airborne.

In addition, asbestos is present in most thermal system insulation applied to steam, steam condensate and hot water piping. The disturbance of insulation materials is strictly prohibited.

ASU has determined that persons working in the underground utility tunnel system may be potentially exposed to airborne asbestos fibers at or above the OSHA permissible exposure limit of 0.1 fibers per cubic centimeter (f/cc).

Service providers are advised that airborne fibers which exist in the tunnel areas may be below the minimum length of five microns capable of being detected by analysis using Phase Contrast Microscopy (PCM) analytical techniques. Airborne fibers within the tunnels are detectable using Transmission Electron Microscopy (TEM) methods. Each service provider is responsible for ensuring proper use of personal protective equipment including respiratory protection at all times while working in the Tempe tunnel system.

Contaminated waste materials generated by use of such personal protective equipment are required to be appropriately packaged in Department of Transportation-approved and labelled asbestos waste bags. Bags are to be removed from ASU property and properly disposed at the end of each work shift. Bags staged to accept waste are required to contain visible labels that clearly identify the name of the firm generating the waste, contact phone numbers, the dates, where the waste was generated, and the ASU project number.

It is your responsibility to discuss the scope of work conducted within the tunnel system with your employees, or sub-contracted employees, and to provide the appropriate training, personal protective equipment and air monitoring as required by OSHA.

**POLYTECHNIC CAMPUS**
The Polytechnic Campus is subject to specific excavation requirements. Contact EHS at 480-965-1823 if the project involves excavation at the Polytechnic Campus.
Accordingly, ASU expects each service provider to supplement the provisions contained in the Service Provider Job-Site Safety Information and Guidelines Orientation document with proper instructions and work practices that, based on knowledge and experience, will help decrease the likelihood of injury to service provider employees, subcontractors’ employees, and to others, as well and prevent damage to property and material on ASU sites.

[Service Provider Name]

[Street Address]

[City, State Zip]

The above service provider certifies that they, any and all of its subcontractor’s, or its supervisors, prior to commencing any work on an ASU site, have reviewed and understand the contents of the Service Provider Job-Site Safety Information and Guidelines Orientation document located at EHS Safety Manual and/or have attended the Service Provider Job-Site Safety Information and Guidelines orientation program produced by ASU Environmental Health and Safety. By having their representative sign and date this document prior to commencing any work, the service provider accepts, and agrees to the provisions of these Acknowledgement Clauses.
