PART II: Proposal Format and Contents

This RFQ is a means of establishing qualifications only. The respondent is responsible for the accuracy of the information submitted but incurs no further obligation to enter into a contract as a result of the submittal. The University will utilize the material submitted as an aid in the selection of prospective consultants. Only project specific agreements will be binding on either the consultant or the University for any/all Arizona State University campuses, including the Tempe Campus, Downtown Phoenix campus, Polytechnic campus, and West campus and other campuses as they are developed. To be eligible for consideration, applicant must be registered in the State of Arizona if such registration is normally required. For the regulations, see Part IV, General Information.

NOTE: DESIGN PROFESSIONAL (DP) SHALL NOT SUBMIT OR COMMUNICATE IN ANY FORM TO ASU ANY INFORMATION ON FEES, PRICE (HOURLY RATES), MAN-HOURS OR ANY OTHER ASSOCIATED COST INFORMATION. ARIZONA LAW PROHIBITS ASU FROM CONSIDERING ANY INFORMATION ON FEES, PRICE (HOURLY RATES), MAN-HOURS OR ANY OTHER COST INFORMATION DURING THE REQUEST FOR QUALIFICATIONS (RFQ) COMPETITION.

The University reserves the right to reject any or all proposals for any reason it may determine, and to waive any irregularities therein.

The RFQ Supplemental Information may include up to ten (10) 8 ½” x 11” pages of supporting information in addition to the consultant data forms to illustrate specific experience and or emphasis on projects or other service specialties, as indicated on the RFQ Consultant Data Sheet (Attachment C). For each project, cover the list of questions in Attachment C. This material is to assist the University in its evaluation of the firm’s capabilities in the subject area. Letters of Recommendation are not included in the page count.

All revised/updated submittals are to be emailed to construction@asu.edu. Submittals should follow the format and sequence described in the paragraph below to allow a standard basis for data collection. Failure to follow the instructions regarding format will result in rejection of the submittal.

1. Revised/Updated Submittals should consist of:
   Firms, who have more or fewer people in their firm, can utilize this shortened electronic process.
   - You can submit the attached letter, via email to construction@asu.edu, stating that your 2010 submittal is fine as is, or
   - You can revise Attachment C. If you revise Attachment C, you will need to make sure that your project experience, licenses (if applicable), and resumes are also updated. It is recommended that you submit a revised, complete package, including the signed certification forms. You will be emailing your revised submittal to construction@asu.edu.
     - The Proposal shall have a 41 page limit, excluding resumes and letters of recommendation.
     - If you choose to use tabs, do not use individual tabs for Sections G through Q.
     - Email your submittal as directed above. The document, if emailed, needs to be in PDF format (not Adobe 9), PC readable, and not larger than 5 MB, preferably smaller. Any email larger than 5 MB will not make it through the ASU Firewall. For assistance, refer to the “Tips to Reduce Document Size for Submittals” document, located in Miscellaneous Construction Documents on the Purchasing Forms Page at http://cfo.asu.edu/purchasing-forms. Compress photos, etc. in smallest size format possible.)

2. New Proposals, submitted for the first time
   Firms with a new Tax ID as a result of a merger or acquisition, and firms that did not previously submit to the 2010 Annual RFQ need to follow these directions.
     - One (1) hardcopy marked as “original” (on the outside cover) (Please note: Proposer should use recycled paper and double-sided copying for the production of all printed and photocopied proposal documents. Furthermore, the documents should be clearly marked to indicate they are printed on recycled content
(minimum 30% post-consumer waste paper). This can be indicated in your cover letter and/or you can use a watermark, and

- **One CD that contains** one (1) each PDF file of the proposal.
- The Proposal shall have a **41 page (double-sided is submitted in paper format)** limit, excluding resumes and letters of recommendation.
- The one (1) hardcopy marked “original” in 8.5”x11” must be double-sided, non-binding form. No metal or plastic binding – may use folder or clip for easy removal from proposal. If you choose to use tabs, do not use individual tabs for Sections G through Q.
- Deliver your submittal as indicated on Page 2. The document on the CD needs to be in PDF format (preferably compatible with Adobe 8), PC readable, and **not larger than 5 MB, preferably smaller**. Tips to Reduce Document Size for Submittals, located in Miscellaneous Construction Documents on the Purchasing Forms Page at [http://cfo.asu.edu/purchasing-forms](http://cfo.asu.edu/purchasing-forms). Please check and play the CD before submitting (Company marketing materials are not recommended. Compress photos, etc. in smallest size format possible.)
  - **One** document for main submittal on your disk. This document is to include all certifications and forms.
  - **One** separate document on the disk for “confidential financials” if provided

The CD needs to be labeled per the sample below.

**Non-Disclosure of Data:** Respondent’s submittals in response to this RFQ may contain data that the respondent does not want disclosed for any purpose other than evaluation of the submittal. If so, the respondent shall clearly identify those pages of the submittal that are to be restricted, or marked as “Confidential” or “Proprietary” in a separate sealed envelope. The Director of Purchasing will make any such determinations. The information submitted is for the University's internal use only. The University assumes no liability for disclosure or use of unmarked data. Unless identified, disclosure shall be pursuant to the Freedom of Information Act applicable to the Arizona Revised Statutes.

**Obligations:** This RFQ does not obligate the University to pay any costs incurred in the preparation of a response nor to enter into an agreement with any respondent.

**Fees:** Your RFQ submittal shall not include a fee proposal or pricing. The University will use either the single negotiated fee or the fee proposal method on a project-specific basis.

**Regulations:** Should an agreement result from this RFQ, the terms, clauses, and conditions required by the Arizona Board of Regents Procurement Regulations shall apply.
Part III: Sample Evaluation Criteria

A. PROJECTS WITH FEES ESTIMATED TO BE LESS THAN $250,000.00 for Architectural Services or less than $500,000.00 for Engineering Services and other professional services.

1. Annual RFQ Database of Participating Firms: The University will maintain an RFQ Database of firms or individuals interested in doing design and construction consultation work for the university.

2. Search Query: A search will be made of the data base compiled as a result of this RFQ to identify firms whose qualifications and interests match the project or service profile.

3. Short List: A committee will evaluate the qualifications identified for a particular project using the RFQ Database to develop a “short list” of at least three firms that are best qualified for the particular project. If possible, one of the firms should be a Small Business or Small Disadvantaged Business (SB or SDB), if discipline for the project matches the matrix data output. If possible, discussions will be conducted with each firm regarding the project, contract and the relative methods of furnishing the required services. The committee will select and rank the order of at least three firms by reviewing their statements of qualification and experience by applying the established criteria for the project, and conducting discussions (if possible).

4. The Selection Committee, utilizing project specific criteria provided in Step 3, will evaluate the firms response. Sample criteria are listed below.

Sample Criteria:
Describe your proposed approach to providing your services for a project. Provide examples of previous similar projects where you have utilized this approach. Provide information on how your team would apply their combined experience and qualifications on the project design. Include examples of completed projects, include size, complexity, budget, and schedule where the Proposer’s firm was Architect of Record or lead Engineer. The listed projects must demonstrate that the firm, through previously completed work, has developed expertise to provide design through construction administration phase services as required for this project.

Briefly describe the technological tools with which you propose to track a project relative to budget, schedule, team communication, meeting minutes, etc. Be prepared to provide short excerpts of documents you have produced through the use of these tools.

Describe what makes your firm stand out above your peers and why your firm should be chosen as the most qualified for the project.

PROJECT TEAM: Provide a graphical organization tree with photos of proposed staff.

Propose the proposed workload (as a percentage) of each team member for your design services. Note that your firm will need to notify ASU of any substantial change in your team.

**SUB-CONSULTANTS:** Describe the qualifications and experience of the Proposer’s consultants on comparable projects. Indicate those comparable projects that you consider comparable. A higher evaluation weighting will apply to those Proposers who can provide a Consultant Team that has a history of working with the Architectural Team in successfully completing the projects listed in Item “5” (Prior Experience) above.

**PROPOSER CAPABILITIES:** Substantiate how your team can most effectively undertake responsibilities associated with a potential project:

Clearly identify the lines of authority, coordination, and limits of capacity for each member of the team. Identify essential management functions and how these functions are effectively integrated during each phase of the project. Delineate the role of the Sub-consultants. Organizational charts and graphs may be included.

**PROJECT MANAGEMENT CONTROLS:** Budget Methodology/Cost Control: Define how estimates of probable construction cost are established and maintained with respect to the Owner's original budget; how constructability, other recommendations, value engineering, and other design phase cost controls will be utilized; and how Change Orders and other potential add-costs during the Construction will be controlled. For each project listed in Item “5” above, list original construction cost budget per the consultants’ agreement, actual bid amount (including accepted additive alternates), and the final construction amount.

a. **Quality Control Methodology:** For the projects listed in Item “5” above, define how the projects were designed for durability and maintainability. Define whether and how these projects actually benefited by improved energy efficiency through use of an integrated design process, life cycle costing, and the specification of energy efficient materials, systems, and equipment.

b. **Schedule Control:** Demonstrated ability to complete projects within established schedules. For each project listed in Item “5” above, define the original agreement schedule by listing Design Start Date, Bid Date, Construction Start Date, Substantial Completion Date, Final Completion Date. Compare these contractual dates with actual respective dates. Explain any differentials between original and actual project schedule milestones. Summarize your firm's Schedule Control process.

**CLIENT REFERENCES:** For each project listed in Item “5” above, provide the name and current phone number of the Owner’s Project Manager. A higher evaluation weighting will apply to those Proposers providing letters of recommendations for the listed projects. *(Letters of Recommendation are excluded from the page count.)*

**GREEN PURCHASING REQUIREMENTS/SPECIFICATIONS:** The Supplier Profile Questionnaire must be completed and returned with your Bid/Proposal. This information will be used as part of the evaluation criteria for Supplier/Proposer Sustainability efforts. *(11/06/07)*

**WORK LOCATION:** Indicate the proximity of the Proposer’s (and Sub-consultants’) office to the Arizona State University project campus and your related ability to efficiently respond to all issues associated with a potential project. Define the team’s familiarity of the project area and it’s knowledge of the local labor and materials markets. Refer to the “Arizona Office” requirement listed below:
**ARIZONA OFFICE:** The successful Proposer will be required to establish an office, if one does not already exist, in the State of Arizona. Compliance with this requirement can be satisfied in either of two ways.

- Before the Proposer submits a Proposal in response to this Request, it may associate with a firm having an office within the state of Arizona, which shall be evidenced by a written association agreement and included with your RFQ response.

- After a Proposer is selected and prior to execution of the Agreement, the Proposer shall have established an office in Arizona. An office within the state is evidenced when it has a mailing address, a telephone number, payment of utilities, registration with the Corporation Commission, and possession of appropriate business licenses.

**OTHER:** Any other pertinent/additional information.

**INTERVIEWS:** Applicants may be requested to participate in an interview with university representatives. Additional information or a review of the site conditions may be required. (for those on short list only)

**FEES:** The University will contract with the selected firm at compensation that the University determines to be fair and reasonable utilizing the negotiated fee method as applicable for a specific job, which must fall within the guidelines established by ABOR for Constructions Cost Control and Professional Fee Guidelines (see Attachment C for a sample). [http://www.abor.asu.edu/1_the_regents/cost_control/cost_index.html](http://www.abor.asu.edu/1_the_regents/cost_control/cost_index.html)

Any other additional information received or obtained by the Committee.
PART IV: GENERAL INFORMATION

Arizona Board of Regents (ABOR) Minimum Requirement documents(Located at http://cfo.asu.edu/purchasing-forms:

ABOR Minimum Requirements for Design Professional
ABOR Minimum Requirements for Construction Related Documents

FORMS OF AGREEMENT
Standard agreements, which may be used for consulting services and design professional services are available for review in the Department of Purchasing and Business Services on the Tempe campus of Arizona State University. By making a submittal in response to this RFQ, the consultant or design professional will be deemed to have certified that it has read, understood and agreed to the provisions of the agreement. The Standard agreement’s example can be viewed at http://www.asu.edu/purchasing/admin/forms.html. NOTE: IF THE DESIGN OR ENGINEERING FEE WILL BE UNDER $10,000, THEN IN MOST CASES NO CONTRACT WILL BE REQUIRED. The following contracts are utilized.

- ASU Design Consultant Agreement
- ASU DP(JOC) Design Agreement
- ASU DP(CM@Risk) Contract

DELIVERY OF DOCUMENTS
The firm to whom the University awards a project agreement shall, no later than ten (10) calendar days after receiving the notice of award (or sooner if required by the University), sign, and deliver to the University signed copies of the agreement and the required policies of insurance or certificates of insurance. All certificates of insurance shall be reviewed and approved by the University before the successful respondent may proceed with the services. Failure or refusal to furnish the required insurance policies or insurance certificates shall result in rejection of the agreement.

SCOPE OF SERVICES
The scope of the service will be provided to the “short listed firms” for projects with fees estimated to be less than $250,000.00 for Architectural Services or less than $500,000.00 for Engineering Services and other professional services.

EXAMINATION OF AVAILABLE MATERIALS AND SITE
Firms identified for the “short list” on projects with fees estimated to be less than $250,000.00 for Architectural Services or less than $500,000.00 for Engineering Services and other professional services may be requested to visit the site prior to submittal of their fee proposal.

INSURANCE
We only need to see what your Professional Liability Insurance Limits are, and who your carrier is. This shows us evidence of your professional liability insurability. This form needs to be signed by an officer of your company.

For all projects involving construction, the University requires Professional Liability Insurance Certificates in the minimum amounts as shown in Attachment G, from all professional consultants. Each respondent needs to indicate insurance coverage on Attachment G or proof of insurance. Also required from each consultant is comprehensive liability and automobile insurance (whether company owned, leased, or private) with minimum limits of $1,000,000.00 along with workman’s compensation insurance. Insurance policies or certificates, in a form satisfactory to the University, must support all of the Agreement for professional services.

Without limiting any liabilities or any other obligation of the consultant, the consultant shall purchase and maintain, in a company or companies lawfully authorized to conduct business in the State of Arizona, and rated at least A VII minus in the current issue of A.M. Best and shall name the additional insured as: Arizona State University, Arizona Board of Regents, and the State of Arizona, under the policy during the term of the agreement and the insurance afforded shall be primary and non-contributory with reference to the Arizona State University.
Project Number for commercial liability and automobile coverage. A fully executed Certificate of Insurance is only required of the firm with which the University contracts.

BUSINESS REGISTRATION FORMS (SUBSTITUTE W-9 AND VENDOR AUTHORIZATION)
These forms are used to update the information we currently have on file for your firm on the University's financial system. If your firm has not done business with the University, then these documents are used to establish your vendor records. **THESE FORMS MUST BE INCLUDED IN YOUR FIRM’S RETURN RFQ PACKET AND IN YOUR DOCUMENT ON THE CD.** Do not use the Federal W-9 form.

CONFLICT OF INTEREST / COMMITMENT
The Proposer's attention is directed to the provisions of Arizona State University’s Purchasing and Business Services, Policy and Procedures Manual, PUR 103 Conflict of Interest, Revision date, November 15, 2000, as it may be applicable to each individual Proposer. A copy of this policy is available at: [http://www.asu.edu/aad/manuals/acd/acd204-08.html](http://www.asu.edu/aad/manuals/acd/acd204-08.html)

SMALL BUSINESS AND SMALL DISADVANTAGED BUSINESS
The Owner, the DP(CM@RISK), and each Subcontractor shall include small businesses and disadvantaged business enterprises in the design, engineering and construction of the Project so long as this would result in services that are comparable in quality and would not result in a material increase in costs of the Project. A report will be required at the beginning of the project indicating the overall proposed extent of SB, SDB and DB participation; and at the conclusion of the project indicating the overall extent of SB, SDB and DB participation. Note: A Disadvantaged Business is a business that meets either the Arizona or Federal Small Business definition or is a Woman-Owned Business Enterprise (WBE), or Minority-Owned Business Enterprise (MBE), or Disadvantaged/Disabled-Owned Business Enterprise (DBE).

LEGAL WORKER REQUIREMENTS FOR SERVICE AND CONSTRUCTION CONTRACTS
As required by Arizona Revised Statutes §41-4401, the University is prohibited after September 30, 2008 from awarding a contract to any service or construction contractor who fails, or whose sub-consultants fail, to comply with Arizona Revised Statutes § 23-214-A. The Contractor warrants that it complies fully with all federal immigration laws and regulations that relate to its employees, that it shall verify, through the employment verification pilot program as jointly administered by the U.S. Department of Homeland Security and the Social Security Administration or any of its successor programs, the employment eligibility of each employee hired after December 31, 2007, and that it shall require its sub-consultants and sub-sub-consultants to provide the same warranties to the Contractor. The Contractor acknowledges that a breach of this warranty by Contractor or by any sub-consultant or sub-sub-consultant under this Contract shall be deemed a material breach of this Contract, and is grounds for penalties, including termination of this Contract, by the University. The University retains the right to inspect the records of any Contractor, sub-consultant and sub-sub-consultant employee who performs work under this Contract, and to conduct random verification of the employment records of the Contractor and any sub-consultant and sub-sub-consultant who works on this Contract, to ensure that the Contractor and each sub-consultant and sub-sub-consultant is complying with the warranties set forth above. Contractor shall be responsible for all costs associated with compliance with this requirement.

SUDAN AND IRAN
Pursuant to Arizona Revised Statutes § 35-397, Contractor certifies that it does not have a scrutinized business operation in either Sudan or Iran.

VETERAN’S PREFERENCE
Contractor agrees to provide preference in initial employment for U. S. veterans by:
- Adding points to the raw score of a numerically scored screening instrument, or
- Hiring a veteran if, at the conclusion of the search process, a veteran is one of a number of comparably qualified candidates.

For purposes of this section, “veteran” means: an honorably separated person (honorable or general discharge) who served on active duty (not active duty for training) in the Armed Forces:
- during any war declared by Congress
- during the period April 28, 1952, through July 1, 1955;
• for more than 180 consecutive days, any part of which occurred after January 31, 1955, and before October 15, 1976;
• during the Gulf War period beginning August 2, 1990, and ending January 2, 1992; or
• for more than 180 consecutive days, any part of which occurred during the period beginning September 11, 2001, and ending on the date prescribed by Presidential proclamation or by law as the last day of Operation Iraqi Freedom; or
• in a campaign or expedition for which a campaign medal has been authorized, such as El Salvador, Lebanon, Granada, Panama, Southwest Asia, Somalia, and Haiti.

Medal holders and Gulf War veterans who originally enlisted after September 7, 1980, or entered on active duty on or after October 14, 1982, without having previously completed 24 months of continuous active duty, must have served continuously for 24 months or the full period called or ordered to active duty. Effective on October 1, 1980, military retirees at or above the rank of major or equivalent, are not entitled to preference unless they qualify as disabled veterans.

AIR POLLUTION EMERGENCY PROCLAMATION
In accordance with an executive order titled ‘Air Pollution Emergency Proclamation’ modified by the Governor of Arizona on July 16, 1996, ASU requests that all products used in the performance of any contract that results from this solicitation be of low- or no-content of reactive organic compounds to the maximum extent possible.

WASTE CONTAINERS
Contractors using waste containers must use and order them through ASU Grounds Maintenance Department. Anytime a waste container is ordered a review will be done at that time to see if a metal recycling container would also be applicable and if so, would be provided to the project at no charge as long as this container is not contaminated with other refuse.

SUSTAINABILITY
Arizona State University is dedicated to acquiring products and services that meet Sustainability requirements for the purpose of judging Sustainability the following description applies: A process of current or developing business practices and technologies that restore and enhance the environment by supplying products and services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance or disposal of the product or service.

ASU WEAPONS POLICY
The university prohibits the use, possession, display, or storage of any weapon, explosive device, or fireworks on all land and buildings owned, leased, or under the control of the university or its affiliated or related entities, in all university residential facilities (whether managed by the university or another entity), in all university vehicles, and at all university or university-affiliate sponsored events and activities, except as provided in §12-781 of the Arizona Revised Statutes or unless written permission is given by the ASU Police Department (ASU PD). Notification by vendors to all persons or entities who are employees, officers, sub-consultants, consultants, agents, guests, invitees, or licensees of vendor (Vendor Parties) of this policy is a condition and requirement of the contract. Vendor further agrees to enforce this contractual requirement against all Vendor Parties. ASU’s policy may be accessed through the following web page: http://www.asu.edu/aad/manuals/pdp/pdp201-05.html.

GREEN PURCHASING REQUIREMENTS/SPECIFICATIONS
In order to reduce the adverse environmental impact of our purchasing decisions we are committed to buy goods and services from manufacturers and suppliers who share our environmental concern and commitment. Green purchasing is the method wherein environmental and social considerations are taken with equal weight to the price, availability and performance criteria that we use to make purchasing decisions.

Proposer/Bidder shall use environmentally preferable products and materials where economically feasible. Environmentally preferable products have a less or reduced effect on human health and the environment when compared to other products that serve the same purpose. If two products are equal in performance characteristics and the pricing is within 5%, the university will favor the more environmentally preferable product.
If you are citing environmentally preferred product claims, you must provide proper certification or detailed information on environmental benefits, durability and recyclable properties.

The university and the supplier may negotiate during the contract term to permit the substitution or addition of Environmentally Preferable Products (EPPs) when such products are readily available at a competitive cost and satisfy the university's performance needs.

Unless otherwise specified, bidders/proposers and contractors shall use recycled paper and double-sided copying for the production of all printed and photocopied documents. Furthermore, the documents shall be clearly marked to indicate that they are printed on recycled content (minimum 30% post-consumer waste) paper.

Proposer/Bidder shall provide packaging/packing materials that meet at least one of, and preferably, all of the following criteria:
- Made from 100% post-consumer recycled materials;
- Be recyclable;
- Reusable;
- Non-toxic;
- Bio-degradable

Note: The Supplier Sustainability Questionnaire must be completed and returned with your Bid/Proposal. This information will be used as part of the evaluation criteria for Supplier/Proposer sustainability efforts. (11/06/07)

ASU SUSTAINABILITY MANDATES
The university believes colleges and universities must exercise leadership in their communities and throughout society by modeling ways to minimize global warming emissions ASU further believes that colleges and universities that exert leadership in addressing climate change will stabilize and reduce their long-term energy costs, attract excellent students and faculty, attract new sources of funding, and increase the support of alumni and local communities.

ASU SUSTAINABLE FACILITY POLICIES
Since President Michael Crow became president in 2002, ASU has instituted the following environmentally-friendly policies affecting university facilities:

- All new campus construction will be built to at least the U.S. Green Building Council's LEED Silver standard or equivalent.
- Adopt an energy-efficient appliance purchasing policy requiring purchase of ENERGY STAR certified products in all areas for which such ratings exist.
- Begin purchasing or producing at least 15% of the institution's electricity consumption from renewable sources.
- Adopt measures to reduce waste.

Arizona State Sustainable Facility Policies
ASU is also subject to mandates from legislative, gubernatorial, and other state entities. Arizona Governor Janet Napolitano has issued three executive orders since 2004, each of which requires specific actions by ASU facilities managers.

- Executive Order 2004-28: Implementation of 5% Water Use Reduction Plan. The order required state agencies to reduce water use by 5% between FY 04 and FY 05. This executive order also reiterates HB 2276, which requires state agencies to install, when reasonable to do so, water free urinals when constructing new buildings.
- Executive Order 2005-05: Implementing Renewable Energy and Energy Efficiency in New State Buildings. Requires that new, state-funded facilities be designed and constructed to derive at least 10% of their energy from renewable resources and; that all new buildings include new energy-efficient standards and; that all new state-funded buildings meet or exceed LEED Silver certification.
- Executive Order 2007-03: Improving Air Quality. Requires that all state agencies: cease the use of leaf
blowers, gasoline powered lawn mowers, and all other pollution causing landscape maintenance equipment; use only low emission gas cans; to require buyers of state agency lands to mitigate pollutants; to mitigate construction pollutants and suppress construction dust; to give incentives to bidders that use equipment retrofitted with diesel retrofit kits, newer clean diesel technologies, biodiesel, or other fuels known to be cleaner than petroleum diesel.

• The Arizona Corporation Commission voted Oct. 31, 2006, to require that 15 percent of the state’s energy production will come from renewable energy resources by 2025.

The ASU Alumni Advantage
Connect your business with an affluent, educated audience through a business partnership with the ASU Alumni Association. The Association is the touchstone for ASU’s 300,000 alumni and provides valuable connections between them and a wide variety of businesses. By doing business with ASU, the largest university in the United States, your company can stand above the competition.

ASU alumni represent a responsive target market for your product or service.

• Alumni live worldwide.
• 70 percent of alumni reside in Arizona.
• More than 160,000 alumni live in Maricopa County.
• 11 percent of alumni reside in California.
• 75% of ASU alumni are under the age of 45.
• More than 64% of ASU alums graduated since 1984.
• More than one-third hold post-graduate degrees.
• More than 70 percent of ASU alumni are actively employed.
• 30 percent of alumni earn between $60,000 and $90,000 annually.
• 25 percent of ASU alumni earn more than $90,000 annually.

Specific partnership opportunities exist in a variety of areas.

• Advertise in the quarterly ASU Magazine, mailed to more than 260,000 homes around the world. ASU Magazine is the largest circulation magazine in the Southwest. Our rate card is available for download. Asu.edu/alumni.
• Sponsor one of the Association’s many programs and events and receive recognition and access to targeted audiences. Events include: Founder’s Day in March, Senior Send off in April, Homecoming in the Fall, Travel shows, Career Fairs and many more! Costs from $500 to $2500.
• Create a unique partnership with us to suit your needs.
• Establish benefits for ASU alumni by offering targeted discounts and services.
• Advertise on this Web site or on our 55 Chapter/Club websites or in our electronic newsletters, sent out to more than 80,000 people monthly. Cost is $1000 per mo per each advertising venue.

Your business partnership contact is Rhonda McClintock. Contact her today to start doing business with the Sun Devil nation. (480) 965-5051.

INTERCOLLEGIATE ATHLETICS

PROTESTS

ASU believes that it can best maintain its reputation for treating contractors and/or suppliers in a fair, honest, and consistent manner by conducting solicitations in good faith and by granting competitors an equal opportunity to win an award. If you feel that we have fallen short of these goals, you may submit a protest pursuant to the Arizona Board of Regents procurement procedures, Section 3-809, in particular Section 3-809C. This paragraph does not include all of the provisions of the Regents procedures, but it does tell you what you have to do to initiate a protest. First, you have to be an "interested party." "An interested party" is an actual or prospective contractor
submitting a Proposal whose direct economic interest may be affected by the issuance of a solicitation, the award of a Then agreement, or by the failure to award a Then agreement. Whether an actual prospective contractor has a \textit{direct} economic interest will depend upon the circumstances in each case. At a minimum, the interest must be substantial and must be tangibly affected by the administrative action or proposed action concerned in the case. Second, you must submit the protest in a timely manner. In procurements requesting qualifications/Proposals, protests based upon alleged errors, irregularities or improprieties in a solicitation that are apparent before the closing date for receipt of initial qualifications/Proposals shall be filed before the closing date for receipt of initial qualifications/Proposals. Protests concerning improprieties that do not exist in the initial solicitation, but that are subsequently incorporated into the solicitation, shall be filed by the next closing date for receipt of qualifications/Proposals following the incorporation. In cases other than those just covered, protests shall be filed no later than ten (10) days after a Then agreement is awarded in connection with the procurement action. Failure to file a protest in a timely manner shall be deemed a waiver of all rights. Third, and finally, your protest shall be in writing and shall include the following information: (1) The name, address, area code, telephone number, and fax number of the protestor; (2) The signature of the protestor or its representative; (3) Identification of the solicitation or Then agreement number; (4) Detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and (5) The response or relief requested. Protests should be directed to:

John F. Riley, C.P.M., Executive Director
Purchasing and Business Services
Arizona State University

Tempe AZ 85287-5212
Tel: 480-965-3271
Fax: 480-965-2234

Please note that as ASU takes protests very seriously, we expect you to do so as well. Frivolous protests will not result in gain for your firm.

The undersigned further agrees that their firm or individual warrants to the University, that they have completed an internal manpower loading plan and their firm has the personnel and resources to complete a project, should their firm or an individual be awarded a project.
FORM OF AGREEMENT: The undersigned certifies that the undersigned has read Owner’s current Consultant Agreement, JOC Design Agreement, and the pro forma of Agreement Between Owner and Design Professional (Construction Manager at Risk) found at http://www.asu.edu/purchasing/admin/forms.html, and, which contain provisions applicable to the design professional, all of which are attached to the RFQ. If selected as the design professional for this project, the undersigned agrees to execute any agreement signed with Arizona State University under this solicitation, subject only to the exceptions listed in the space below. The undersigned understands that any exceptions taken to the agreement that are not accepted and/or approved by the Owner may be a basis for rejection of the undersigned’s Proposal as non-responsive. The undersigned also understands that Owner may make changes in the standard form of agreement and that therefore the form of agreement presented to the successful Proposer may be different from the agreement attached to the RFQ, in which case the successful Proposer will be given the opportunity to review the changes.

SUPPLEMENTAL INFORMATION
EXAMPLE PROJECTS WHICH BEST ILLUSTRATE PROPOSED TEAM'S QUALIFICATIONS FOR THIS CONTRACT

Provide Supplemental Information for up to three projects per discipline for a total of up to ten pages. The RFQ Supplemental Information is to cover up to three (3) projects per specialization for a total of up to ten (10) 8 ½” x 11” pages of supporting information in addition to the consultant data forms to illustrate specific experience and or emphasis on projects or other service specialties, as indicated on the RFQ Consultant Data Sheet (Attachment B). Each page is to utilize the format illustrated below. Projects are to have been begun or completed in the last five (5) years. List projects that were begun or completed since 2005. In the example you described, you would meet the 5 year criteria if you began or completed a project involving professional services in 2005 or sooner.

This section needs to be titled Attachment D. However, you can reformat the page as long as you provide the requested information for each project referenced.

Certification Regarding Debarment, Suspension, Proposed Debarment, and Other Responsibility Matters (Dec 2001)

(date)

Purchasing and Business Services
Arizona State University
PO Box 875212
Tempe, AZ 85287-5212

In accordance with the Federal Acquisition Regulation, 52.209-5:

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that—
   (i) The Offeror and/or any of its Principals—

   (A) are ( ) or are not ( ) presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency; (The debarred list (List of Parties Excluded from Federal Procurement and Nonprocurement Programs) is at http://epls.arnet.gov on the Web.)

   (B) have ( ) or have not ( ), within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, or receiving stolen property; and

   (C) are ( ) or are not ( ) presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision.

   (ii) The Offeror (check one) has ( ) or has not ( ), within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) “Principals,” for the purposes of this certification, means officers; directors; owners; partners; and, persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions).

This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror’s responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.
(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

ATTACHMENT 10: VETERAN’S PREFERENCE CERTIFICATION

(date)

Purchasing and Business Services
Arizona State University
PO Box 875212
Tempe, AZ 85287-5212

The undersigned certifies that the below entity has a Veteran’s Preference program per the following:

Contractor agrees to provide preference in initial employment for U.S. veterans by:

- Adding points to the raw score of a numerically scored screening instrument, or
- Hiring a veteran if, at the conclusion of the search process, a veteran is one of a number of comparably qualified candidates.

For purposes of this certification, “veteran” means: an honorably separated person (honorable or general discharge) who served on active duty (not active duty for training) in the Armed Forces:

- During any war declared by Congress;
- During the period April 28, 1952 through July 1, 1955;
- For more than 180 consecutive days, any part of which occurred after January 31, 1955, and before October 15, 1976;
- During the Gulf War period beginning August 2, 1990, and ending January 2, 1992; or
- For more than 180 consecutive days, any part of which occurred during the period beginning September 11, 2001, and ending on the date prescribed by Presidential proclamation or by law as the last day of Operation Iraqi Freedom; or
- In a campaign or expedition for which a campaign medal has been authorized, such as El Salvador, Lebanon, Granada, Panama, Southwest Asia, Somalia, and Haiti.

Medal holders and Gulf War veterans who originally enlisted after September 7, 1980, or entered on active duty on or after October 14, 1982, without having previously completed 24 months of continuous active duty, must have served continuously for 24 months or the full period called or ordered to active duty. Effective on October 1, 1980, military retirees at or above the rank of major or equivalent, are not entitled to preference unless they qualify as disabled veterans.

All service providers are required to read and sign the ASU Service Provider Agreement prior to performing work that may involve disturbing of any surface materials on ASU property. Failure on the part of the service provider to comply with these requirements may result in termination of the contract with ASU.

Attachment 12: Service Provider Acknowledgement

Arizona State University is committed to protecting the health and welfare of students, faculty, staff, visitors, and to the environment. Accordingly, it is important that all members of the ASU community recognize and share this commitment and comply with the environmental, health and safety policies, rules, procedures and regulations governing ASU campus activities.

ASU is also looking to the community, including service providers, for cooperative and responsible leadership that will help the University implement a safer environment through safer practices and more sustainable solutions.

Towards this end, it is ASU’s expectation that all service providers have the responsibility for environmental, health, and safety issues created or otherwise arising from or related to their work under their contract with ASU. The service provider shall ensure that its employees are properly identified (e.g. officially issued picture ID and/or badge) and have been instructed about the boundaries of their work areas. Service providers will comply with all applicable local, state, and federal rules and regulations, including those related to the Occupational Safety and Health Act of 1970.

For all service providers, ASU is providing a few general guidelines in this document concerning conducting work on ASU Job Sites.

SERVICE PROVIDER -- refers to any individual, company, or corporation who is hired by ASU or an ASU employee to provide construction, repair or maintenance related services on ASU property or facilities.

GENERAL SITE INFORMATION

Failure on the part of the service provider to comply with the following requirements may result in termination of the contract with ASU. Prior to working in areas where site-related hazards might be present, all service providers shall consult with the Project Manager for more information:

- Permission must be obtained from the Project Manager whenever it is necessary for personnel to go to the roof of any building.
- Lunch and break areas are to be coordinated through the Project Manager.
- Pedestrians should use walkways where provided. Shortcuts shall not be taken through operating areas.
- Explosives of any type are prohibited on the site with the exception of Powder Actuated Tools.
- Barricading of ASU streets (contacting ASU Police at 480-965-3456 is required prior to any barricades being set).

PARKING -- Park in specified areas only. The proper parking permit must be secured from ASU Parking and Transit Systems (PTS) and displayed appropriately in vehicles. Contact the Project Manager and/or at PTS at 480-965-9297. Do not block entrance ramps, trash docks, and truck doors, etc.

DISCLOSURE OF ASBESTOS, LEAD AND/OR OTHER HAZARDOUS MATERIALS

Arizona State University is informing all service providers of the potential presence of asbestos, lead and or other hazardous materials at ASU. Depending on the location(s) of your work, there may be one or more of these materials present. It is your responsibility to discuss the full scope of your work with the CPMG Project Manager.
or designee so that you have the appropriate information related to asbestos, lead and/or other potentially hazardous materials. If the scope of your work changes, contact your CPMG Project Manager or designee before proceeding to determine if the change in scope may involve the potential disturbance of asbestos, lead and/or other hazardous materials.

Should there be changes to your scope of work affecting areas outside of your original contract area, or, if unforeseen or unidentified suspect materials be uncovered or discovered during your work, you are required to stop all work which would impact those materials until they can be evaluated and tested by ASU. Immediately upon discovery of any unidentified or unforeseen building material, you must notify the CPMG Project Manager to arrange for ASU to evaluate and test the materials.

Prior to your work taking place, inspections for asbestos, lead and other potentially hazardous materials must be (or have been) conducted by ASU, and identified materials (containing asbestos, lead or other hazardous materials) that would be disturbed by your current scope of work will be (or have been) removed or isolated in such a manner as to prevent potential exposure. Please contact ASU CPMG Asbestos Program Manager at 480-965-7739 to determine if, based on your current scope of work, there any remaining materials which are or may be present in adjacent location(s), but should not be disturbed.

Your signature on this document acknowledges you received this disclosure and that you had the opportunity to review your scope of work with the CPMG Project Manager or designee.

The Service Provider Job-Site Safety Information Orientation document is meant to serve as a guide for the contractor/vendor, any and all of its supervisors, and any and all of its subcontractors during their performance within the scope of work under their contract with ASU. Although the document sets forth certain guidelines and rules of operations on ASU sites, it is not intended to address every potential safety and health issue that may arise during the scope of the contracted work. IT DOES NOT COVER EVERY POSSIBLE SITUATION.

While ASU retains the right to periodically review the work of any service provider, its supervisors, or its subcontractors, ASU does not assume responsibility for any issues identified outside of contract compliance.

Accordingly, ASU expects each service provider to supplement the provisions contained in the Service Provider Job-Site Information & Guideline document with proper instructions and work practices that, based on knowledge and experience, will help decrease the likelihood of injury to service provider employees, subcontractors’ employees, and to others, as well and prevent damage to property and material on ASU sites.

[Service Provider Name]
[Street Address]
[City, State Zip]

The above service provider certifies that they, any and all of its subcontractor’s, or its supervisors, prior to commencing any work on an ASU site, have reviewed and understand the contents of the Service Provider Job-Site Information & Guidelines document and/or have attended the Service Provider Job-Site Information & Guidelines orientation program produced by ASU Department of Environmental Health and Safety. By having their representative sign and date this document prior to commencing any work, the service provider accepts, and agrees to the provisions of these Acknowledgement Clauses. The service provider is required to provide the original of this signed document to EHS and a copy to CPMG.

III Design Development Sub-phase ___% VII Closeout and Occupancy Phase ___%
IV Construction Documents Sub-phase ___%

The University reserves the right to accept the Scope of Services and fee in part by phase or in total for the entire project, and to determine at schematic design phase whether or not to continue with the design and construction delivery method of CMAR or change to change to design/bid/build.

Please respond in writing by no later than the close of business on XXXXXXXXXXXXXXX, if this is not possible, please contact my office to set-up another day for your written response. If you can prepare your fee submittal before this date, we will be ready to start the fee negotiations shortly thereafter the of receipt of your initial fee proposal, we will review it first, and then we will schedule a fee negotiation meeting at the Tempe campus. I’ve attached our CADD drawing requirements.

Please submit your fee proposal via E-mail or facsimile to: Doug Boyer, CPPB, at Douglas.boyer@asu.edu or 480-965-2234.

We are looking forward to hearing from you and working with you and your firm in the near future.

Sincerely,

Doug Boyer
