TAX INFORMATION

- All students and dependents in F/J status must complete and submit tax forms if you were in the USA for any part of 2006.
- All F-1 and J-1 students who were employed by ASU for any part of 2006 have received W-2 Forms from Human Resources. You may also have received a 1042-S Forms from Glacier.
- Besides being a legal requirement, it is often to your advantage to file a tax return, as some of your wages were withheld and may be refunded to you.
- You need to determine what category you belong in from the choices below and file the appropriate forms accordingly:
 1. IRS form 8843- If you had no income from U.S. sources in 2006, file by April 16, 2007. This form can be downloaded from the IRS website: <http://www.irs.gov/index.html> and at the IRS office at 40 W. Baseline in Tempe.
 2. IRS forms 8843 and 1040 NR or 1040 NR-EZ- If you earned U.S. income in 2006, file the by April 16, 2007. These forms can be downloaded from the IRS website: <http://www.irs.gov/index.html>
 3. 1040 NR-EZ form-Those who will not claim dependents and whose only US income is from wages, tips or grants, file by April 16, 2007. Read the cover of the form instructions for a detailed list of who can use this form. All other F/J status students with US income must use the 1040 NR.
 4. You will also need to file a tax return for every state that you earned income in. In Arizona you will file with the Arizona Department of Revenue form 140 NR. The form 140 NR can be downloaded from the ADR website: <http://www.revenue.state.az.us/>

The ASU Law School in cooperation with the VITA program has arranged for volunteers to help international students fill out and file tax forms or answer tax related questions. VITA- help is available on the following dates & times:
