II. Information re ISO services for Downtown, Poly and West Campus Students

The International Student Office (ISO) at the Tempe campus is committed to serve all international students regarding your immigration needs and supporting your academic achievement by providing programming that enhances your educational experience and timely regulatory and policy updates that may impact your studies. The ISO understands that students who live and attend classes on the downtown Phoenix, Polytechnic and West campuses may find it difficult to physically visit the office in Tempe. Please feel free to utilize the ISO website (www.asu.edu/iso) to access information regarding maintaining your international student status and to contact the ISO with questions and concerns via ISO email (isoadvisor@asu.edu) and phone (5-7451 from any campus phone or 480.965.7451 from off campus).

Although the ISO is confident that most issues may be managed utilizing technology, the staff understands there may be times where you cannot come to the office in person or the issue impacting you cannot be discussed by phone or email. The ISO is pleased to announce that each ASU campus now has a liaison designated to work with the ISO to support international students and you may contact them for additional assistance regarding your personal matters and campus specific concerns:

- Poly Campus- **Deborah Moore** /ASUP Student Affairs/ 480-727-1167
