Acknowledgements

Arizona State University is grateful to the Fort McDowell Yavapai Nation and the Wassaja Fund for their generous support of Arizona's three universities, including the assistance in creating the first American Indian Resource Guide (2005).

ASU student Tonya Yellowhair (Diné) revised the 2007 edition of the *Guide*. She is affiliated with ASU for Arizona: Building Great Communities in the Office of Public Affairs.

The following sources have also collaborated in the creation of the *Guide*:

- ASU Office of the President
- ASU American Indian Student Support Services
- ASU American Indian Studies
- ASU Center for Engineering Diversity and Retention
- ASU Multicultural Student Services
- ASU Office of the President
- ASU Undergraduate Initiatives

The information in this student resource guide has been occasionally documented or published by other organizations or university departments, including:

- *American Indian Programs* booklet released by the President's Office on Indian Affairs
- *An Inventory of American Indian Academic Programs and Support Services Among Arizona Institutions of Higher Education (2004)* released by Arizona Tri-Universities for Indian Education and the Center for Indian Education
- *American Indian Programs & Support Services Resource Guide (1998-1999)* released by the American Indian Institute, Center for Indian Education, the American Indian Graduate Student Association, the American Indian Program at ASU East and the President's Office on Indian Affairs

The *Guide's* cover was designed by Melissa Yazzie, a graphic design student at ASU.

We are also especially appreciative of the support and cooperation of the program coordinators and directors, faculty and staff, advisors to student organizations, and student leaders during the revision process.

Introduction

ASU for Arizona and the Office of Public Affairs at Arizona State University are pleased to make the revised edition of the *American Indian Resource Guide* available to students, faculty, staff, and the greater community.

We welcome this opportunity to identify those ASU academic and student support programs that exist to further student retention and enhance student achievement in and outside of the classroom.

The handbook contains information on programs at ASU that have Native American components or emphasis, as well as a more broad range of student resources to help enhance student leadership and further academic progress. It should be noted however, that ASU has an extensive number of student service programs that are not included in this publication.

Because of the annual change of student leadership positions, some student organizations might not have their most up-to-date contact information listed in this guide, so we ask that you keep this in mind while browsing the guide. If there is an organization or student resource that is not listed, feel free to contact our office with this information.

ASU is fortunate to have these enriching resources available to guide and encourage American Indian students to succeed in higher education.

ARIZONA STATE UNIVERSITY

June 11, 2007

Welcome to Arizona State University!

Our university community is very pleased that you have chosen to attend ASU for your undergraduate degree and professional preparation. You are joining an outstanding group of students, faculty and staff dedicated to *excellence, access, and impact* through the realization of the *New American University* – an institution working to meet the social, economic and cultural needs of the region it serves.

ASU has the good fortune to co-exist in a state with 21 federally recognized Tribal communities. Over the past several years, the number of Native students at ASU has nearly doubled – a trajectory that we plan to expedite and continue – and your ongoing success is critical to this progress. Regardless of your academic, social or extra-curricular interests, you will find a full range of student services, resources and organizations at ASU to assist you in reaching your goals. This comprehensive student guide provides specific information about the more than 40 programs and events that exist across the University and how you can become engaged.

Looking ahead, ASU will continue to advance its collaborative efforts with Arizona’s Tribal communities to identify new and better ways to ensure the success of our Native students and build a stronger and more robust state as a whole. Your active participation in university life will contribute significantly in this endeavor.

As one of the largest public universities in the nation, ASU has the privilege of being able to offer its students many new and exciting opportunities to enhance their academic and social development. I hope that you will seek out and take advantage of these valuable prospects. At the same time, please remember that the University and the people in it are now your ASU family, and we are always here to help you achieve and succeed.

Thank you for choosing ASU. I wish you the very best as you pursue your education.

Sincerely,

A handwritten signature in black ink that reads "Michael M. Crow". The signature is written in a cursive, flowing style.

Michael M. Crow
President

Office of the President

Description:

In addition to President Crow's administrative staff, the Office of the President includes specialized program offices with focused missions and objectives. These include: the offices of University Initiatives; Sustainability Initiatives; and Advisor to the President on American Indian Affairs.

The day-to-day operation of the university is managed by President Crow and his senior administrative team. The President's office is located in the Fulton Center Building, Suite 410.

Address: Office of the President
Arizona State University

Student Resources

American Indian Student Support Services (AISSS)

Description:

The renamed American Indian Student Support Services (formerly American Indian Institute) aims to serve all American Indian students needing and seeking support to become academically and personally successful at Arizona State University. The AISSS assists American Indian students in the pursuit of their academic success through coordinated recruitment and retention efforts, strives to improve the academic and cultural diversity of ASU, and provides support for American Indian students to ensure a quality education experience.

Specifically, AISSS works to increase the retention and graduation rates of American Indian students, increase individual academic achievement levels, empower students to be resourceful, assist students to be resilient when challenged by academic pressure, and provide positive social/cultural experience.

Specific Programs and Services:

- Student Academic Success Initiative (SASI) – Academic and Personal Development/Advising/Referral Service
- Native American Achievement Program II
- American Indian Convocation
- Computer Lab
- Printing, Copying, Fax Services
- Tutorial Services
- Writing Assistance
- Study Area
- Workshops
- Graduate Opportunities
- Scholarship/Internship/Employment Information
- Cultural & Social Activities

AISSS Participates in the Following:

- ASU PowWow
- Native American Culture Week
- Tribal Scholarship Fair
- Native American Freshmen Welcome
- ASU Homecoming Festivities
- School Visits

Location: Agriculture Building, Rooms 381, 320, 318, 313, 301, 355

Office Hours: Monday – Friday, 8:00 a.m. - 5:00 p.m.

Address: PO Box 873903
Tempe AZ 85287-3903

Phone: (480) 965-8044

Career Services

Description:

Career Services assists with choosing a major, searching for internships, researching occupations, career planning, resume and cover letter writing, interviewing, employment opportunities and more. You can meet with a peer advisor for help getting started, or you can meet with a career advisor for in-depth, one-on-one assistance. Career fairs and events, which are held almost monthly, attract employers from around the state and country. Visit our website for up-to-date information about upcoming workshops and events, which are open to all students, alumni, and community members.

Location: Student Services Building, (SSV) Room 329

Office Hours: 8:00 a.m. - 5:00 p.m., Monday – Friday

Center for Engineering Diversity and Retention (CEDAR)

Description:

CEDAR, created to offer support to diverse students within the Fulton School of Engineering, offers programs and services to retain women and minorities within the school and encourage them to pursue academic majors and careers in engineering, computer science and construction.

CEDAR oversees the Minority Engineering Program, which develops programs and services that improve the climate and support for under-represented minority students; manages Women in Applied Science and Engineering, including retention programs and support programs that improve the climate for women in engineering; and manages the Coalition of Engineering Minority Societies, a collaboration of four student organizations including the Society of Women Engineers, the Society of Hispanic Professional Engineers, the National Society of Black Engineers, and the American Indian Science and Engineering Society.

Location: Engineering Center G Wing (ECG), Room 148

Address: Center for Engineering Diversity and Retention
Ira A. Fulton School of Engineering

Center for Indian Education

Description:

Established in 1959, the Center for Indian Education is an interdisciplinary research and service organization housed in the College of Education at ASU. It promotes studies in American Indian/Alaska Native policy and administration that contribute to the quality of scholarship and effective practices in education, professional training and tribal capacity building.

The Center serves as a major research and resource center in the field of Indian Education and related fields at the local, state and national levels; and provides various services to Indian communities and the ASU community of students, staff and faculty.

Address: Center for Indian Education
College of Education
Arizona State University
Box 871311
Tempe, AZ 85287-1311

Website: <http://coe.asu.edu/cie/>

Phone: (480) 965-6292

Fax: (480) 965-8115

Projects & Programs:

Research and Service Outreach to American Indian Urban and Rural Communities

Arizona Tri-Universities for Indian Education (ATUIE) Network Project

Arizona Tri-Universities for Indian Education represents the three Arizona universities, Arizona State University, Northern Arizona University and the University of Arizona, and serves to promote educational opportunities and guide the universities in improving academic and student services of American Indian students.

Website: <http://www.atuie.org/>

Journal of American Indian Education

The Journal of American Indian Education is a peer reviewed scholarly journal, which publishes papers specifically related to the education of American Indians and Alaska Natives since 1961. JAIE is particularly interested in publishing manuscripts that express the viewpoint of AI/ANs and research that is initiated, conducted, and interpreted by natives. It is published three times yearly in Fall, Winter and Spring by the Center for Indian Education of the College of Education at ASU.

Website: <http://jaie.asu.edu/>

Native Teacher Preparation Program (NTPP)

The Native Teacher Preparation Program (NTPP) is a Center for Indian Education project that trains Native educators to meet the needs of tribal communities in Arizona. Training focuses on key problem areas, especially standardized test taking, technology, and counseling. The program leads to a bachelor's degree and teacher certification in elementary education.

Website: <http://coe.asu.edu/cie>

Wassaja Education Listserv

The main focus of the Wassaja listserv is communicating to Arizona tribal communities information about services and programs located on the Tempe campus of ASU. Additionally, we seek subscribers from across the country to provide these Arizona tribal communities with access to a variety of resources to meet each community's needs.

Website: <http://coe.asu.edu/cie/listserv>

Wassaja Native Student Research Project

This research is being conducted to determine the variables and their relationships leading to matriculation or transfer of American Indian students to ASU from Arizona high schools and community colleges. The research will also serve as a basis to form potential institutional partnerships constructed to increase matriculation and enrollment of Native students in postsecondary education while mitigating circumstances that have served as barriers to Native student equity and access. It will ultimately be used to create a guide to potential partnerships and programmatic responses.

Labriola National American Indian Data Center

Description:

The Labriola National American Indian Data Center, part of the ASU libraries, is a research collection international in scope that brings together in one location current and historic information on government, culture, religion and world view, social life and customs, tribal history, and information on individuals from the United States, Canada, Sonora, and Chihuahua, Mexico.

The Labriola Center, officially dedicated on April 1, 1993, was made possible by the vision of Frank and Mary Labriola, whose generous endowment gift supports its work. It is their wish that "the Labriola Center be a source of education and pride for all Native Americans."

The Labriola Center supports the American Indian Studies Program at ASU by providing an attractive facility where students can research and study. It is also a place where non-Indians can learn about America's indigenous populations. Reference assistance, contact with other research centers, and current and retrospective scholarly resources are available through the Center's holdings of manuscripts, books, photographs, ephemera, newsletters, newspapers and more.

Location: Hayden Library, 2nd Floor

Office Hours: 11:00 a.m. – 5:00 p.m., Monday – Friday, and by appointment.

Address: Labriola National American Indian Data Center
Arizona State University Libraries
Box 871006
Tempe, Arizona 85287-1006

Learning Resource Center

Description:

The Learning Resource Center (LRC) assists students in achieving their academic goals by providing:

- Tutoring
- Writing assistance and workshops
- Academic coaching and academic skill workshops
- Instructional computer labs and software training
- Online study resources

Our program offers tutoring in more than 100 courses a semester in a variety of formats: small group tutoring by appointment, online appointments in real time, small group drop-in and individual. Writing tutors offer feedback to students about writing strengths as well as areas to be further developed. Students who would like to improve study skills and time management can benefit from individual academic coaching or from academic skills workshops.

Phone: Palo Verde West Memorial Union Room #14
(480) 965-6254 (480) 965-7728
Fax: (480) 727-6281

Email: TheLRC@asu.edu

Website: <http://www.asu.edu/studentaffairs/lrc>

Location: LRC tutoring and coaching services are available Monday through Friday from 8:00 a.m. - 5:00 p.m. in the Memorial Union #14 (lower level) and Palo Verde West, and Sunday through Thursday, from 6:00 p.m. - 11:00 p.m. in Manzanita Hall, Palo Verde West, Sonora Center, Hassayampa Academic Village and in the Memorial Union, room 14.

Software training and workshops are offered in LRC computer labs located in the Memorial Union (Montgomery Lab) and Student Services Building, #392.

Please note: Students must present a current student ID to receive services.

Other LRC Locations:

Chemistry LRC

Description:

The Chemistry Learning Resource Center (LRC) provides help to students in chemistry and biochemistry courses. All of the chemistry and biochemistry-teaching assistants (TAs) hold their office hours at LRC and are supported by a knowledgeable staff member working behind the counter. The Chemistry LRC is also equipped with a complete computer lab whether you're typing up a lab report or need to use some of the chemistry-related software.

Location: Physical Sciences H-wing (PSH), Room 137

Office Hours: Mon-Thurs 8:30 a.m. - 9:30 p.m. and Fri 8:30 a.m. - 4:30 p.m.

Teaching Assistant

Office Hours: 8:30 a.m. – 5:30 p.m.

Website: <http://chemistry.asu.edu/undergrad/LRC.asp>

College of Nursing LRC

Description:

The LRC provides faculty and students resources in a learner-centered environment that enhances acquisition of knowledge, skills and abilities to promote clinical decision making skills and fulfill professional goals. The LRC's services include a clinical simulation lab, a computer lab and resources, AV resources for the building and for nursing faculty, and a selected library of resources for use on or offsite by the nursing department.

Location: Nursing building (NUR), Room 208

*See website for hours of operation

Website: <http://nursing.asu.edu/lrc/>

School of Life Sciences LRC

Description:

The LRC's 16-station computer room and the mediated conference room are designed for School of Life Sciences undergraduate students and students enrolled in SoLS classes. The computer systems are customized with software focused on study and research in the life sciences. The LRC will provide a central location for students to come for help with specific life science classes.

The LRC also provides a wireless laptop zone for the meeting room and the adjoining lobby area in the Life Sciences C Wing.

Location: Life Sciences C wing (LSC), Room 102
Office Hours: Monday – Friday, 8:00 a.m. - 5:00 p.m.

Website: <http://sols.asu.edu/ugrad/lrc/>

Multicultural Student Services

Description:

Multicultural Student Services is open to all ASU students and we encourage everyone to take advantage of our programs and services. However, Multicultural Student Services targets its efforts to primarily support and meet the needs of African-American, American Indian, Asian American and Hispanic/Latino. LGBTQ and women coalition students now receive direct support from a staff person in the Memorial Union

We invite all multicultural students to spend time in the center's lounge, a place where students are welcome to study, relax, or simply converse with other students.

Staff actively seeks to recruit and retain multicultural students through a variety of support services and programs.

Address: Multicultural Student Services
P.O. Box 871112
Tempe, AZ 85287-1112

Location: Student Services Building (SSV), Room #394

Native American Achievement Program

Description:

The Native American Achievement Program (NAAP), within Multicultural Student Services, is a specialized program designed to increase the persistence and graduation rates of Native American students from the Navajo Nation, San Carlos Apache Tribe and the White Mountain Tribe by supporting, guiding and encouraging Native American students to successfully achieve academic goals, foster career goals, attain leadership skills and develop personal life skills.

Location: Student Services Building (SSV), Room 394G

Office Hours: 8:00 a.m. – 5:00 p.m., Monday - Friday

Address: Native American Achievement Program
Multicultural Student Services
P.O. Box 871112
Tempe, AZ 85287-1112

Special Programs and Events:

Native American Youth Conference

The Native American Youth Conference, sponsored by Native American Student Services, Arizona State University, Arizona Indian Education Association and the Arizona Department of Education, is a two-day statewide conference hosted at ASU West campus. With a focus on strengthening participant learning and personal empowerment, the conference reaches out to Native American youth and their educators by addressing issues that focus on secondary education, culture, motivation, health and wellness, post-secondary opportunities, career options and leadership. The conference is usually held the third week in October and attracts more than 400 participants.

ASU Tribal Scholarship Fair and Counselor Update

This event invites Arizona tribal scholarship representatives to the ASU Polytechnic, Tempe and West campuses to meet current scholarship recipients and new applicants. Tribal scholarship representatives and ASU West campus staff also participate in information sessions that are geared for tribal scholarship personnel and Maricopa Community College staff. These sessions provide a way to access up-to-date information

on changes occurring at each campus and answer questions they may have regarding ASU student issues.

ASU Cultural Immersion Tour

The ASU Cultural Immersion Tour is a collaborative effort between International Student Services and Native American Student Services that provides international and U.S. students an educational enrichment opportunity to visit various Native American communities in Arizona. The program's purpose is to provide knowledge about Arizona Native communities and to strengthen university interaction with local youth and community members on various issues relating to Native American culture and history, tribal government, youth education, and community development. Native student guides also benefit from the program by gaining leadership skills, serving as community ambassadors for the group, being role models within their own community, and having pride in teaching the group about their Native culture. This event takes place during the spring semester and has limited availability for participants.

NASS Workshop Series

The NASS Workshop Series addresses Native students in the areas of health and wellness, stress management, Native American community services providers, and Native Americans who are making a difference in Indian country. Workshops are made available during the fall and spring semesters.

Other Events at ASU's West campus

Also sponsored in conjunction with ASU West campus Native American Events Committee, Native American Student Organization and other colleges on campus:

- Veteran's Day Pow Wow
- Native Traditions Exhibit
- Music and Marketplace
- ASU West campus/Heard Museum Summer Student Art Workshop

Native American Summer Institute

Description:

The Native American Summer Institute at ASU was established to increase the enrollment and graduation rates of Native American students by introducing them to campus services and programs. The NASI provides 40 Native American students with an intense four-day residential orientation that includes educational workshops, meetings with university faculty and advisors and assistance with the registration process. The students learn about these important services and leave the program ready to enter the ASU community with skills that will be used throughout their academic career. The NASI is the only orientation at ASU specifically designed for Native American students. It has successfully served nearly 600 students at ASU campus since 1991 by providing leadership training through social, cultural, and academic activities. The NASI has proven to be effective in increasing student participation in Native American programs, clubs, and organizations, which are vital in student retention. This orientation is FREE if you meet the eligibility requirements listed on the website. The Multicultural Student Center and program sponsors pay for the costs of your participation.

Location: Student Services Building (SSV), Room 394

Address: Native American Summer Institute
Multicultural Student Services
P.O. Box 871112
Tempe, AZ 85287-1112

Phone: (480) 965-6060

Office of Diversity & Social Justice - ASU at the West campus

Description:

The mission of the Office of Diversity & Social Justice (ODSJ) is to enhance students' skills so they may engage successfully in a culturally diverse and global society. ODSJ provides experiential learning opportunities for healthy exploration of human difference and societal inequality in ways that encourage inclusion and respect for all members of the university community. In addition to the focus areas below, ODSJ supports multicultural/international student clubs, coordinates SAFE ZONE (programs aimed at increasing support to lesbian, gay, bisexual and transgender people), and promotes awareness of gender issues. ODSJ provides an outlet for students to explore social justice topics in their career field. Multiple venues exist for students to get involved or receive support.

International Student Services

ODSJ supports visa compliance advising for international undergraduate students, offers workshops on *Building Communication Skills for English Language Learners*, provides information about study abroad/exchange programs, and facilitates intercultural skill building training for majors focused on interacting with culturally diverse populations.

Kid's Evening Enrichment Program (K.E.E.P.)

Students taking evening courses at the West campus can register their children, ages 6 to 12, in K.E.E.P., an on-going evening program. Services include homework assistance, supplemental reading support, computer exploration, recreational and cultural awareness activities. Sands Building, Room 129.

Phone: 602-543-8010

Native American Student Services (NASS)

ODSJ provides one-on-one support for the academic success of Native American students. Services include information on tribal financial aid opportunities, assistance with transition into the university and connection to other campus resources.

Location: University Center Building, Room 320
Arizona State University at the West Campus

School of Life Sciences (SoLS) Undergraduate Student Services

Description:

Our goal is to maintain a high retention and graduation rate for all undergraduates in the Life Sciences by enhancing their collegiate experience. A key to student success is frequent and accurate guidance about degree requirements, what classes to take and when to take them, and career opportunities. Our students meet often with advisors who can provide them with the information and guidance they need to make the right academic choices. It is a continuous interaction that starts as early as the first term of study for our freshmen. To make a smooth transition to a community of active learners, we encourage each member of our incoming class to take BIO 194 Freshman Seminar.

Pre-Health Advising

The Pre-Health Professions Program is a cross-college collaborative effort that provides timely and accurate information and advising to prospective, current undergraduate and returning students regarding health professions and careers. The program provides group, web-based and individual advisement in addition to information sessions and workshops. Important services include:

- Outreach to, and information sessions for, prospective students
- Advisement on career interests related to health careers
- Coordination of efforts with college-based academic advising services
- Clearinghouse for internships and other experiential opportunities
- Support and instruction in the application process for health professions' schools

Advisers are available to help you make decisions concerning your future. In addition, the Pre-Health Professions Office maintains a selection of materials related to the different health professions, a library of professional school catalogs, brochures and videos. Academic advising

is available on a walk-in and appointment basis. Advising hours are from 10:00 a.m. - 4:00 p.m. on Mondays, and 9:00 a.m. - 4:00 p.m. Tuesday through Friday.

Minority Access to Research Careers Program

Description:

The Minority Access to Research Careers (MARC) Program is funded by the National Institutes of Health (NIH). Its goal is to increase the number of students from under-represented groups who achieve the PhD and enter research careers in science and mathematics. The MARC program accepts juniors and seniors with a strong interest in going on to graduate school and a career in science research. The program fits students into research laboratories at ASU, and provides mentorship and support for them to pursue research projects. Students additionally get help in preparing for applying to graduate programs.

The MARC Program is intended for undergraduate students who have solid academic records and show aptitude or potential in their ability to conduct original research. The program is open to undergraduates who have completed 59 credit hours, are enrolled as full-time students at ASU and are majoring in any of the sciences, including the life sciences, mathematics, physics, chemistry, nutrition, kinesiology, bioengineering, anthropology and psychology. Students must also have a strong interest in taking their education to the level of a PhD or M.D./PhD degree.

PreMARC Training Program

Description:

The PreMARC Program gives freshmen, sophomores and juniors early exposure to research careers by involving them in the scientific process. PreMARC trainees work hands-on with scientists in a research laboratory, and attend a weekly seminar to gain practical skills in research

and explore science as a career. The MARC and PreMARC programs are affiliated; students in both programs form an integrated network, and attend meetings and seminars together.

Student Writing Center

Description:

The Writing Center helps ASU students achieve their maximum writing potential and invests energy and resources in reaching this goal. Tutors work with students on all phases of the composing process, including discovering topics and generating ideas, finding appropriate support, and organizing ideas logically and coherently.

Peer tutors help ASU students improve their writing through the process of "joint inquiry". Tutorials are collaborative endeavors during which the tutors ask students open-ended questions, useful in helping them recognize, articulate, and address their own writing difficulties. Attention is focused on providing students with techniques that will assist them in improving their writing.

Tutors are directed to work first on larger issues of the writing process: focus, logical structure, coherence and overall clarity. However, each student sets the agenda for his or her tutorial session: if the student requests that the tutor deal primarily with smaller aspects of sentence-level problems (mechanics, diction, grammar, punctuation), then the tutor does so.

Call for an appointment. Walk-in appointments given upon availability; online tutoring is also available.

Native American Business Organization (NABO)

Description:

The Native American Business Organization, established in 1990, provides an atmosphere where Native American students can share and address social, academic, and cultural needs in a safe and friendly environment. It also provides a comfortable setting for networking and social interaction with other organizations on campus, as well as throughout the community. The organization contains a supportive group of individuals with similar goals and ambitions. NABO uniquely resides under the umbrellas of both the College of Business and the American Indian Council. It is comprised of students of various majors and academic interests on the ASU Tempe campus. Students from all academic areas are welcome to join, regardless of major.

Native Americans Taking Initiative ON Success (NATIONS)

Description:

Our mission is to build and nurture the Native American freshman community at ASU. NATIONS promotes growth and retention of Native American students by maintaining strong academic support and cultural enrichment. NATIONS helps develop confidence in students' leadership abilities, so they can overcome barriers, develop social support, achieve academically,

develop leadership skills, and maintain pride in their traditional heritage. NATIONS works to inspire its members to be scholarly, culturally conscious, professional and leaders. NATIONS is an open organization.

Academic Programs

American Indian Students United in Nursing (ASUN)

Description:

The purpose of ASUN is to increase the number of American Indians studying nursing at ASU and the number of nurses providing care to American Indians.

The ASUN Project seeks to support and add to curriculum material and clinical opportunities that focus on American Indian health issues. The ASU College of Nursing and Healthcare Innovation provides students with the best of two worlds: the resources of a large metropolitan university and the closeness and support of a small college. Scholarships, which include tuition and living expenses, are available for study at the BSN Professional Program level and MS levels. Post-graduate service is required of all recipients with the Indian Health Service, increasing the number of nurses providing care to the Indian people.

The goals of ASUN are to:

- Recruit American Indians into the various programs at ASU College of Nursing and Healthcare Innovation
- Provide programs to help American Indian students successfully complete their studies in nursing
- Increase the number of American Indian nurses
- Increase the number of nurses providing care to American Indians

American Indian Studies

Description:

American Indian Studies is an academic program committed to broadening the knowledge of students interested in the histories, languages, cultures, arts and contemporary situations of American Indian nations and people. The program is designed to protect the integrity and identity of the indigenous populations of North America and to create a learning environment conducive to critical and creative thought. The program not only stresses sound academic preparation in the classroom, but also encourages students to interact and conduct research with American Indian governments and organizations. Additionally, the program emphasizes the continued effort of the university to form strong partnerships with American Indian nations at the local, regional and national levels.

Indian Legal Program

Description:

The Indian Legal Program was established in 1988 to provide legal education, scholarship and public service to tribal governments. The ILP helps train Indian lawyers and promotes an understanding of the differences between the legal systems of Indian Nations and the United States. The program has become one of the best in the nation, educating students in Indian law and providing them with practical work experience.

The program is lead by noted Indian law scholars such as Rebecca Tsosie, Robert Clinton, Kevin Gover, Donald Warne, Paul Bender and Doreen Hobson. The program includes 35 native students representing over 22 tribal nations, one of the largest groups of Indian law students in the nation. Additionally, the program has more than 100 alumni working in various positions including private firms, non-profit organizations, tribal communities, federal agencies, state offices, and the Senate Committee on Indian Affairs. Alumni also serve as Arizona Superior Court and Tribal Court Judges.

Students enrolled in the law school have the opportunity to earn the Indian Law Certificate and work in the newly established Indian Law Clinic.

Indigenous Teacher Preparation Program

Description:

The Indigenous Teacher Preparation (ITP) Program of the Mary Lou Fulton College of Education at Arizona State University is a bachelor of education program leading to elementary teacher certification. Centered on indigenous world view, the philosophy, course work, and practicum focus on the unique educational and culturally related needs of American Indian learners. With a developmental and responsive curriculum, this four-semester program prepares certified elementary teachers planning to work with indigenous children and communities. Through innovative teaching methods and strategies, these teachers will become advocates for indigenous children and serve as change agents in educational reform by learning about critical issues in American Indian education, such as the sovereign status of indigenous nations, indigenous histories, cultures, and languages.

ITP is designed as a cohort model accessible to all, while an active and caring core of faculty and staff members encourage and support student success. Embedded in the community, field experiences are completed in various school settings where “theory and practice” can truly be explored and examined. As a graduate of ITP, teachers will not only impact their own personal lives, but impact the lives and futures of American Indian children and communities. Become a teacher; join ITP!

ITP Program Goals:

- Prepare high quality beginning teachers for elementary certification
- Provide developmental and responsive curriculum emphasizing pedagogy for indigenous learners
- Foster knowledge and values of the indigenous community
- Promote leadership in teaching and teacher education

Office of American Indian Projects (School of Social Work)

Description:

The Office of American Indian Projects (OAIP), founded in 1977, is based on the advocacy of the Inter-Tribal Council of Arizona, the Indian Health Services, the Navajo Nation, the Phoenix Indian Center, and the Salt River Pima-Maricopa Indian Community. The purpose of OAIP is to develop the capacity of American Indian communities and programs. The vision of the project is to develop strengths in both individuals and systems within the social work arenas of American Indian communities, in conjunction with the emerging federal mandate for tribes to assume responsibility for the delivery of social services to American Indian people.

School of Life Sciences Undergraduate Research Program **(SOLUR)**

Description:

Undergraduate research allows undergraduate students to work collaboratively with a faculty mentor/graduate students by participating in hands-on, minds-on inquiry experiences in order to create and share new knowledge. Undergraduate research is one way that students can enrich their learning experience at ASU. Enrichment occurs as students apply knowledge they have learned in classrooms and through life experiences while engaged in research to address new questions and problems in the life sciences.

Undergraduate researchers can choose to explore Life Sciences interests in biomedicine and biotechnology, cellular and molecular biosciences, genomics and bioinformatics, ecology and environmental science, the human dimensions of biology, and organismal, integrative and biological systems. Students are also encouraged to think and make connections to a variety of other disciplines, including (but not limited to): chemistry and biochemistry, engineering, mathematics, physics, psychology, anthropology, kinesiology, philosophy, communications, and geosciences.

Service Learning Program

This program offers three-credit hour service-learning internships that allow students to learn and develop through participation in academically-based service activities that: integrate and enhance academic curriculum and community experience; meet community-identified needs; partner the university with community agencies, schools, and industry; foster civic responsibility; support reciprocal learning; and include structured reflection time. Students enrolled in these internships provide educational enrichment and mentoring to Phoenix-area children. Students may provide after-school tutoring or lead children in hands-on science and math activities. Other internship opportunities are also available.

Website: <http://uc.asu.edu/servicelearning/>

America Reads / America Counts

America Reads / America Counts programs place Federal Work-Study students in the community to work one-on-one with academically at-risk children. Tutors are paid \$8.25 an hour through the ASU Federal Work-Study funds that are supported by the America Reads Challenge Grant. The goal of the program is to increase each child's literacy or math skills to grade level. In our after-school programs, tutors assist the children with homework as well as create fun hands-on activities that meet the academic needs of each individual child. America Reads / America Counts programs are currently running throughout the Phoenix Metro Area including South Phoenix, Central Phoenix, Mesa, Scottsdale and Tempe staffed by more than 130 ASU student tutors.

Community Service Program

Description:

The ASU Community Service Program strives to engage students, faculty and staff in meaningful co-curricular service. Our goals include providing the campus community avenues to serve the Valley, increasing awareness of needs in the Valley, and engaging students in worthwhile service while promoting a lifelong commitment to citizenship and social justice.

The program offers many programs year round including the Annual Fall Service Plunge, Hunger and Homelessness Week, Martin Luther King, Jr. Day of Service and Devils in Disguise.

Location: 3rd floor, Memorial Union in the Sun Devil Involvement Center.

Address: Community Service Program

Rodel Community Scholars

Description:

The Rodel Charitable Foundation of Arizona, with the W. P. Carey School of Business, has established Rodel Community Scholars to increase involvement of business honors students in the community. The program is designed to achieve two objectives. First, the program seeks to enhance the likelihood that students will remain committed to creating solutions to community problems throughout their professional careers by involving students in community issues as part of the undergraduate business experience. Second, the program seeks to increase the rate at which at-risk, high school students graduate from state universities, particularly ASU. The Rodel Community Scholars is currently working with Salt River High School in the Salt River Pima-Maricopa Indian Community, among other schools throughout the Phoenix Metropolitan Area.

Workshops and Seminars

Description:

Throughout the academic year, Sun Devil Involvement Center (SDIC) professional staff, graduate assistants and trained students offer workshops and seminars that cover a variety of leadership topics including:

- Approaches to Leadership
- Fundraising Strategies for Student Organizations
- Getting Involved on Campus
- Leadership Styles
- Leadership Theory
- Leadership: What Does it Mean?
- Marketing Techniques for Student Organizations
- Motivation
- Personal Leadership Development
- Personality Styles
- Practical Steps for Effective Leadership
- Values Assessment

Community Events

ASU Pow Wow Committee

Description:

The contemporary pow wow is a link to the past that helps maintain Native heritage. Seen by outsiders as entertainment because of the singing, dancing, and colorful regalia, the pow wow is a spiritual legacy, which should be treated with respect and honor. It is a time for Indian families to be together with other family members and friends. It is a time of sharing, of laughter and tears, of learning, and of caring. It is a time when Indians reflect on their traditions. It is a time to honor the past and celebrate the future. The ASU Pow Wow is held annually during the third weekend of April.

Address: ASU Pow Wow Committee

Native American Events Committee - ASU at the West campus

Description:

The Native American Events Committee (NAEC) is a Student Affairs-sponsored committee comprised of faculty, staff, alumni, and community members who come together to ensure that events are held annually in celebration and recognition of American Indian Cultures at ASU's West campus. The committee ensures the following events are held on campus annually:

Events:

- Veterans' Day Weekend Traditional Pow Wow, November
- Native Traditions Exhibit, November
- Native American Music & Marketplace, March

Message Phone: (602) 543-8138

Email: nativeamerican@asu.edu

Projects: **Veterans' Day Weekend Traditional Pow Wow (November)**

The Pow Wow is NAEC's largest event that has attracted more than 5,000 spectators. The Traditional Pow Wow is one of only two pow wows in Arizona that focuses on being non-competitive. The pow wow is held to honor and recognize both Native and non-Native Veterans who have served in the Armed Forces. The pow wow also serves as an educational tool to help provide awareness about the various Native American identities and cultural practices, allows the campus community to learn about the diverse aspects of Native American Tribal Nations, and offers our non-Native and Native American faculty the opportunity to promote their academic teachings and research, as well as provide information on ASU's West campus programs and services.

Native American Music & Marketplace (March)

The Native American Music & Marketplace is an annual event held to honor and recognize the contributions of women during Women's History Month. Each year, NAEC selects one Arizona tribe to highlight as a way to educate the campus community about the varied Native American cultures and traditions. The all day event invites Native American arts and craft vendors, as well as special guest presenters from the ASU's West campus and within the tribal communities to help honor and celebrate women.
