CHM 233 : Fall 2016
Quiz #14

Question 1
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
Which best describes your approach to the CHM 234 AM this class this semester:
A  I registered for the regular/ongoing class and I attended most of the lectures in person
B  I registered for the regular/ongoing class and I watched most of the lectures online
C  I registered for the online/hybrid class and I attended most of the lectures in person
D  I registered for the online/hybrid class and I watched most of the lectures online

Question 2
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
How helpful was the homework website to your learning?
A  - Extremely helpful, I would have learned very little without it
B  - Very helpful, I learned a lot using it
C  - Fairly helpful, it helped my learning
D  - Not very helpful, I am not sure that this is the best way for me to learn this material

Question 3
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
Compared to other web-based homework sites you may have used in other classes (e.g. Mastering Chemistry/Physics, Sapling Learning, Webassign etc), how would you rate our homework site?
A  - It is much better than the other sites I have used
B  - It is somewhat better than the other sites I have used
C  - It is about the same as other sites I have used
D  - It isn’t as good as the other sites I have used
Question 4

There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes

Half way through the semester we started to give you information on the number of problems that students had completed at the corresponding time in the semester from Fall 2015 on the homework site login page, specifically for the top15% of the class and also the lower 50% of the class (The "Coach"). Which best corresponds to your reaction to being provided with this and the other information that was provided in the form of study tips and advice?

A – I paid attention to these problem numbers and associated study tips, they helped to get me to get calibrated on how many problems I was supposed to be doing and/or the information was quite helpful to my studying.
B – I saw those numbers and associated information, I thought that they were OK and somewhat helpful to my studying
C - I saw those numbers and associated information, I thought it they OK but didn't really help my studying a lot
D – I didn't really pay any attention to the numbers or associated information or I didn't realize that this information was provided.

Question 5

There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes

What would you say was your NUMBER ONE MOST IMPORTANT TOOL for doing well on the organic chemistry exams this semester?

A - Attending/watching the lectures as they were presented
B - Having access to the recorded lectures
C - Using the homework website
D - Attending/watching the review sessions

Question 6

There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes

What would you say was your SECOND MOST IMPORTANT TOOL for doing well on the organic chemistry exams this semester?

A - Attending/watching the lectures as they were presented
B - Having access to the recorded lectures
C - Using the homework website
D - Attending/watching the review sessions
Question 7
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes.
This question is very similar to Question 5 above, but the wording and choices are subtly different. What would you say was your MOST IMPORTANT TOOL for LEARNING organic chemistry this semester?
A - Completing the notes while attending/watching lecture
B - Having the ability to re-watch the recorded lectures
C - Using the homework website
D - Attending/watching the review sessions

Question 8
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes.
This question is very similar to Question 6 above, but the wording and choices are subtly different. What would you say was your SECOND MOST IMPORTANT TOOL for LEARNING organic chemistry this semester?
A - Completing the notes while attending/watching lecture
B - Having the ability to re-watch the recorded lectures
C - Using the homework website
D - Attending/watching the review sessions

QUESTION 9
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes.
What overall final grade do you expect to earn in this class?
A
B
C
D

QUESTION 10
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes.
How hard did you work on organic chemistry this week (not including watching/attending lectures)
A Very Hard
B Hard
C Somewhat Hard
D Not very Hard this week
