Question 1
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
Which best describes your approach to the CHM 233 AM this class this semester:
A  I registered for the regular/onground class and I attended most of the lectures in person
B  I registered for the regular/onground class and I watched most of the lectures online
C  I registered for the online/hybrid class and I attended most of the lectures in person
D  I registered for the online/hybrid class and I watched most of the lectures online

Question 2
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
How helpful was the homework website to your learning?
A - Extremely helpful, I would have learned very little without it
B - Very helpful, I learned a lot using it
C - Fairly helpful, it helped my learning
D - Not very helpful, I am not sure that this is the best way for me to learn this material

Question 3
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
Compared to other web-based homework sites you may have used in other classes (e.g. Mastering Chemistry/Physics, Sapling Learning, Webassign etc), how would you rate our homework site?
A - It is much better than the other sites I have used
B - It is somewhat better than the other sites I have used
C - It is about the same as other sites I have used
D - It isn't as good as the other sites I have used
Question 4
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
What would you say was your NUMBER ONE MOST IMPORTANT TOOL for doing well on the organic chemistry exams this semester?
A - Attending/watching the lectures as they were presented
B - Having access to the recorded lectures
C - Using the homework website
D - Attending/watching the review sessions

Question 5
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
What would you say was your SECOND MOST IMPORTANT TOOL for doing well on the organic chemistry exams this semester?
A - Attending/watching the lectures as they were presented
B - Having access to the recorded lectures
C - Using the homework website
D - Attending/watching the review sessions

Question 6
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
This semester we introduced the progress bars that were supposed to give you feedback on your progress and give you a rough prediction of your score on the next exam? How accurate were the final predictions of your performance on the 1st, 2nd and 3rd midterms?
A – Quite accurate
B – In the ball park but not super accurate
C – Not very accurate
D – Very inaccurate
Question 7
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
This semester we introduced the progress bars that were supposed to give you feedback on your progress and give you a rough prediction of your score on the next exam? Which of the following best describes your reaction to these progress bars?
A – I liked them, I found them to be motivating
B – I thought they were OK, a reasonable addition to the homework site.
C – I didn’t like them much, I wish that they weren’t there
D – I mainly ignored them anyway so it doesn’t matter

QUESTION 8
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
The homework site doesn't give you any deadlines (except for the end of the course). Which best describes your response to the possibility of having deadlines for the homework? Note that in these responses we are not asking what you would LIKE, but what would help you to LEARN, even if that isn't what you would like.
A - If there were regular, for example, weekly deadlines for a lot of the problems then I would learn better
B - If there were regular, for example, weekly deadlines for some (not a lot) of the problems, then I would learn better
C - If there were deadlines for the problems then I would understand why, but I really don't think that I would actually learn any better than the present system
D - If there were deadlines for the problems then I would understand why, but I think that I might actually learn less compared to the present system

QUESTION 9
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
I believe I can earn an A grade in organic chemistry
A   Never
B   Rarely
C   Sometimes
D   Often
E   Always
QUESTION 10
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
I am confident that I will do well on organic chemistry tests
A  Never
B  Rarely
C  Sometimes
D  Often
E  Always

QUESTION 11
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
I believe that I can master organic chemistry knowledge and skills
A  Never
B  Rarely
C  Sometimes
D  Often
E  Always

QUESTION 12
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
I’m sure I can understand organic chemistry
A  Never
B  Rarely
C  Sometimes
D  Often
E  Always

QUESTION 13
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
What overall final grade do you really need in this class (note that the question asks about the grade that you need, not the grade you want, these two may not be the same!)?
A
B
C
D
QUESTION 14
There are NO INCORRECT answers to this question, ALL answers to this question will be considered correct for grading purposes
As of today, what final grade would you be realistically willing to accept in this course
A
B
C
D
