I do NOT regrade entire tests, you need to specify WHICH QUESTION and PROVIDE A REASON for requesting the regrade. I do not do regrades during office hours. My regrade decision is final, please do not expect me to debate it with you.

1) Give the QUESTION Number that you would like to have regraded

2) Explain the reason for your request clearly and succinctly in the text box.

UNACCEPTABLE reasons include "*I know how to do this I just made a mistake...*", "*I was in a hurry...*", "*I meant to write the correct answer but....*", "*I ran out of time...*", "*I accidentally did...*"

3) Make sure that you have attached the appropriate pages from the answer key, and that this form is STAPLED to your complete test, otherwise your request will be ignored!.
