Cash advances are available on an exception basis and must be requested prior to the approval of your request. Cash advances cannot be added to a request that has already been approved or to a request that is allocated between different funding sources.

The cash advance amount and justification is added on your request header.

If you do not see the cash advance field, email My ASU TRIP and they can add the option.

Cash advances are not approved for airfare and conference registration. You may use the ASU Airfare Card on file with the travel agency to pay for airfare and a P-Card for conference registration. Seventy-five percent of the remaining estimated expenses can be advanced and are issued approximately 10 days prior to the start of your trip.

Close a trip request if you have filed an expense report using the request and the expense report displays a status of sent for payment.

Close a trip request for completed zero-dollar trips. You do not need to complete an expense report.

Do not close or cancel your request if:

Booking

Book a flight

You can search for a flight any time, but prior to booking be sure the name in your Concur profile is the name on the credentials to be provided to TSA. If not, contact myasutrip@asu.edu to update your name prior to purchasing a ticket.

If you have an unused ticket that you will apply towards the purchase of a new ticket, search for the new flight and then contact Anthony Travel at asu@anthonytravel.com and they will complete the purchase for you.

Without an approved request, a booked flight is considered personal. You will need the approved request's id when booking travel arrangements. The request id is found in the approval email sent from Concur and on the manage requests tab.

You can book a flight using the steps below on a desktop computer or using the Concur mobile app.

1. From the My ASU TRIP homepage, select round trip, one way or multi city.
Booking

2. Type a city or airport in the from and to fields and select from the options in the drop-down list.

3. Enter the date in the depart and return fields from the drop-down menus and search.

4. A matrix may appear. Click any cell for more details. If the matrix does not appear, you can show matrix.

5. Click the shop by schedule or shop by fares to search for flights. Shop by fares will show both the departure and return flights in one selection. With shop by schedule, you select the outbound and the return separately.
NOTE:

Basic Economy and Saver flights are very restrictive. They are displayed because they may be appropriate for a small portion of ASU travel, but they are not appropriate for most ASU travel. Be sure you understand all the restriction of a basic economy fare prior to booking. You are not required to book a basic economy fare because it is the least cost.

Fly America Act compliant international flights have an icon of a white shield with a blank checkmark. International travel on sponsored funding may need to be Fly America Act compliant. Ask your business office if you are unsure if your flight is subject to the requirement.

6. Click more fares/details for more information about a flight.

### Public Purpose/Benefit to ASU

We are attending to learn about the best practices across higher education.
Expense Reports

Add travel card expenses

1. Click import expenses.

The right side of the page lists available expenses from your ASU Travel Card indicated by the green colored card icon. If airfare was purchased with the ASU Airfare card, the transaction is indicated by a purple colored card icon. All card transactions must be processed on an expense report and cannot be deleted.

The list also includes:

- E-receipts – should be matched to expense entries and can be deleted if not needed.
- Itineraries – should be matched to corresponding expense entries, but not required. If not added, they cannot be deleted, but the amounts can be reduced to zero.
- Receipts added to the system through the Concur mobile app
  - These can be matched to expense entries and can be deleted if not needed.

2. Click the checkbox next to the expenses related to the trip and move > to current report.
Expense Reports

3. Review the expense type assigned by the system. Update the expense type if it is not correct for the transaction.

4. Click the expense and update the expense type on the expense tab.

5. Complete fields as necessary and save. See below for the instructions concerning expense types with specific requirements.
   - Airfare – Airline Travel Service Code is required. Select Business Class, Coach Class or First Class from the drop-down menu. Click save.
   - Hotel: Add the lodging location if not auto populated. Click itemize. If the hotel is not listed in the vendor field, you can enter the name.
List nightly hotel expenses on the **nightly lodging expenses** tab. Click **save itemizations**.

Any remaining balance that needs to be itemized is shown in red. Complete the **new itemization** tab for one-time charges, such as room service, a late checkout fee or a hotel advance deposit. Click **save**.

To modify a single line for rounding errors or differing room rates, select an individual line and adjust the **amount** as necessary.
Expense Reports

When completed, the remaining balance should be zero.

If you receive an itinerary error, you may need to add an itinerary.

Hotel advance deposit – Use when a deposit required for a hotel stay is paid in advance with the ASU Travel Card. The initial deposit is recorded as a hotel advance deposit. The expense type is used again when itemizing the hotel bill to account for the deposit.

- Business meal – The vendor, business meal purpose, and attendees fields are required. List each attendee individually. Advanced search can be used to find ASU faculty and staff. New attendee adds non-ASU individuals. The business meal purpose must explain the ASU business purpose of the meal. An itemized receipt must be attached. Itemize any alcohol and any corresponding tax and tip on the alcohol as an unallowable travel card expense.
Expense Reports

- **Business Meal (> 9 attendees)** – Identical to business meal, but used if the number of attendees is more than nine and allows one entry for the group of attendees with a field for number of attendees. Attach a detailed list of the attendees along with the itemized receipt.

![Business Meal Form](image1.png)

- **Meals on travel card** – Used for a meal paid with the ASU Travel Card. These transactions net against the daily allowance and you receive reimbursement for any difference. Claim your Daily Allowance for that meal.

![Meals on Travel Card](image2.png)

- **Unallowable travel card expense** – Use for travel card transactions that are prohibited or not reimbursable. They reduce any reimbursement due to you.

![Unallowable Expense](image3.png)

It is also used when itemizing an expense to remove an unallowable portion, for example, parking was $30, but only $20 is reimbursable. The remaining $10 is itemized as an unallowable travel card expense.
6. Attach receipts

Missing travel card transactions:
Do not submit your expense report if there are travel card transactions that do not appear in the available expenses. Most transactions will be in your profile within three days of the transaction, but timing depends on vendors. It could take up to 14 days for a transaction to appear. Email My ASU TRIP for any questions or concerns.

Remaining travel card transactions:
Any remaining travel card expenses should be for future approved trip requests. If that is not the case, email My ASU TRIP for help to determine the next step.

Import, create or edit an itinerary

An itinerary is used to generate daily allowances and for hotel expense entries. To add an itinerary to your expense report:

3. Click **save**.

   3. Check the box next to the line you would like to edit. Edit the fields and save.
4. Click **add stop** to add an additional leg. Complete fields. Click save.

5. Click **done** when complete.
Create and adjust daily allowances

ASU uses daily allowances for calculating meal reimbursement. The allowances are based on preset lodging location rates and the first and last day are automatically calculated at 75% of the full day allowance regardless of the times of travel. All rates are loaded into My ASU TRIP and are based on the itinerary entered for the trip.

To create Daily Allowances, first create an itinerary. Then you can create or adjust the daily allowance as follows:

- Click the details link.
- Select expenses and adjustments.

Complete or adjust the expenses and adjustments:

1. The system assumes you should receive the daily allowance for each meal. The first and last day meals are automatically calculated at 75% of the full day allowance regardless of the times of travel. Opt out of provided meals, check breakfast (check to exclude), lunch (check to exclude) and dinner (check to exclude) where applicable.
Expense Reports

Opt out of the following meals:

- A business meal for which you were a guest.
- Any meal during a portion of the trip considered a personal portion of the trip.
- Any meal served on a plane or train.
- A meal for which you are claiming a business meal.
  - you paid for yourself and other non-ASU people where you discussed ASU business and the bill is being reimbursed by the university.
- Meals provided by a conference.
  - Breakfast provided for no charge by the conference.

Do not opt out of meals because you charged them on your ASU Travel Card. Assign those charges the expense type meals on travel card and they will net against the daily allowance claimed here. You receive reimbursement for any difference. You do not need receipts for these meals.

2. Click create expenses. This adds or updates the daily allowance reimbursement claimed.

3. The expense page opens, with the daily allowance expenses on the left and the new expense tab on the right side.
Expense Reports

Add non-standard meal allowance

The non-standard meal allowance expense type is only for when you claim less than the standard daily allowance for your trip location.

Indicate in the comments what the standard daily allowance would have been.
Expense Reports

Itemize expenses – required for hotels

Hotel expenses always require itemization whether paid out of pocket or with the travel card. If
the hotel charged your card in the foreign currency listed on the folio, itemize the hotel trip in
that currency and My ASU Trip will perform the rate conversion. If the folio is listed in foreign
currency but your card has been billed in U.S. dollars, you will need to calculate the conversion
rate used by the bank and convert each line item. Contact My ASU TRIP for additional
assistance.

For a hotel:

1. Enter the check-in and check-out date with the calendar tool.
   o The number of nights automatically populates.
2. Enter the nightly room rate, exclusive of taxes.
3. Add taxes and add other nightly charges under additional charges
   o Example – parking or resort fees

![Expense Form Image]

6. If the room rate was different for any individual night, or if there are rounding errors, select any line to adjust it individually in the **amount** field and **save**.
7. If the transaction is for a hotel advance deposit. The initial deposit is recorded as a **hotel advance deposit**. The expense type is used again when itemizing the hotel bill to account for the deposit.

Travel card expenses may need to be itemized if a portion is unallowable.
1. Click on the expense that requires itemization.
2. Complete any required fields.
3. Click **itemize**.

The expense is added to the left side of the page, and the **total requested** amount is updated.
Expense Reports

Group travel in My ASU TRIP

Most steps in the request, book travel, and expense report processes for group travel are similar to the steps for individual travel. There are some unique steps and requirements.

Group travel consists of three or more travelers.

One ASU student, faculty or staff member is responsible for request and report completion. The responsible traveler submits the request and expense report in their name and includes expenses for all members of the group.

ASU faculty or staff members may use their ASU Travel Card for group travel expenses. The ASU Airfare card can be used to purchase airfare for all group members. Regardless if multiple travelers have an ASU Travel Card, only the group member who completes the request and expense report can use their ASU travel card for expenses.

ASU faculty or staff members who are the responsible traveler can request a cash advance for group travel expenses that cannot be paid with the ASU Travel Card.

Group travel with a student as the responsible traveler is handled on a reimbursement basis only.

For group travel requests and expense reports:

1. Begin your trip name with group in the trip name field.
   a. Example: GROUP – CSULB debate
   2. In the business type drop-down menu select 09. team/group.
Estimate all of the group expenses in the trip request.

1. Enter the responsible party’s estimated meal cost in the daily allowances expense type.
2. Put the rest of the group’s estimated meal cost in the non-standard meal allowance expense.
Attach a manifest to the group travel request and the expense report. Document all travelers.

To attach the manifest to your trip request:
1. Click the attachments drop-down menu.
2. Click attach documents.
3. In the pop-up window, click Browse in the pop-up window.
4. Select the manifest and click open.
5. Click upload.
6. Click close once the document has uploaded.

To attach the final manifest to your expense report:
1. Select the manifest expense type.
2. Add the date and complete the number of travelers field.
3. Enter 0 in the amount field.
4. Click attach receipt.
5. In the pop-up window, click browse in the pop-up window.
6. Select your saved manifest document select open and then attach.
7. Click save.

If the ASU Airfare card was utilized to purchase flights, import the transaction into the expense report. If you do not see the airfare transactions for the travelers, contact the ASU Travel Service Center before submitting the report.

The lodging amount for the entire group can be claimed under the hotel expense type or the other accommodations expense type.
For any questions, email the Travel Service Center or call at 480-965-3111.

Personal component of ASU travel

If you are adding personal time to your ASU travel, ASU will reimburse you for the ASU business portion of your expenses. ASU will not reimburse you extra costs associated with the personal time.

Do not claim or request expenses for any personal portion of the trip. ASU will not pay for a larger car or hotel room if you bring people on your trip for personal reasons. You will need to opt out of any daily allowance meals on the personal travel days. If you have an airport parking or car rental expense, only claim the portion for the business days.

ASU will not reimburse more for your flight than if the personal time was not included. Attach an airfare quote from the time of booking to your airfare expense type, capturing the cost of a flight without the personal time. The airfare quote is a backup document to show the airfare you are claiming is not more expensive.

If you drive instead of fly, your car mileage expense is limited to the cost of what it would be to fly to your destination. Calculate the maximum miles that can be claimed by dividing the allowed airfare amount by .445. Attach the airfare quote to the car mileage expense as a backup for the amount being claimed.

On the request header of your trip request, only list your business trip dates, with the personal days listed in the comment box and does the trip contain personal travel field marked yes.
On the expense header, the business trip dates should be listed.

My ASU TRIP and Workday

My ASU TRIP interfaces with Workday every evening to create Spend Authorizations and Expense Reports.

Requests approved in My ASU TRIP are created as approved Workday Spend Authorizations and create a pre-encumbrance from the Request ID number. For example, request **AVCW** in Workday is listed as **Concur-AVCW**.

Open the Spend Authorization to see the trip name in the justification field, trip dates and whether a cash advance has been issued or is outstanding. If an expense report has been filed, you can open the related report.
Expense Reports approved in My ASU TRIP are created as approved Workday expense reports using the report ID. For example, Report ID 66A1E322079B4CCCBCB5 in Workday is Concur-66A1E322079B4CCCBCB5.
The trip name is in the Memo field. To view the related Spend Authorization, click Actions for other data.
Other

Approvers can use the Report ID to search for the report in My ASU TRIP.

Academic Employee, Audit Reporting, Department Reporting, and Department Reporting Roll tags can be added by the traveler, delegate, or approver to requests and expense report in My ASU TRIP through the allocation functionality. The Program, Gift, Grant, Program, Cost Center and Trip type from the header are pre-populated and can be changed in the allocation. View **Allocate between funding sources** to allocate a request and **Allocate expenses to multiple funding sources or add optional worktags** to allocate expenses.

My ASU TRIP Approvers

To approve for a Project, Gift, or Program within My ASU TRIP an individual must be a Workday Cost Center Manager for the cost center on the header and must have the My ASU TRIP Approver PeopleSoft role.

To approve for a Grant in My ASU TRIP, an individual must be a Workday Grant Manager for the grant on the header and they must have the My ASU TRIP Approver PeopleSoft role.

View the directions to apply for a **MyASU Approver role.** Contact the ASU Financial Management System Workday team to be added as a Workday approver.
Other

Expense Report Fee and Carbon Offset

The journals post based on the tags on the expense report in the allocation; not the tags on the header. If a report is funded 70/30, the fee is split accordingly to those funding sources. If a grant is a funding source, then the portion of the carbon offset allocated to the grant posts to the responsible account.

The related trip number is referenced in the JRN title if posted by the integration or in the memo field if manually posted.
System of record

My ASU TRIP remains the system of record for all spend authorizations and expense reports. Receipts and a copy My ASU TRIP documents are not available within Workday.

Other

My ASU TRIP requests with cash advances should not be split-funded. Workday cannot support split-funded cash advances and will delay the spend authorization and cash advance creation in Workday.

To close a Spend Authorization in Workday, email MyASU Trip after closing or cancelling the request in My ASU TRIP.

Review these reports to find open Spend Authorizations in Workday:
- Find Spend Authorization Lines for Organization | delete dates from spend start date fields
