Relations with Other Schools.

The relations existing between the Normal School and other schools of its class are very satisfactory. Arrangements have been made with the Normal School at Los Angeles by virtue of which we are both enabled to exchange records of work done, ~~with~~^{if} students desire to make the transfer. One of our graduates of the past year had been for two years a student in the above named school, and this year the grading of one of our first year pupils was transferred to the books of the California institution. Similar arrangements have been made with the authorities of the University ~~Universities~~ of Arizona. 100

Faculty.

The present faculty of the Normal School, consists, beside myself, of Miss Jean M. Woods, a graduate of the State Normal School at Miller's-ville, Pa., and Miss Elma E. Williams, a graduate of Lombard College, Ill. Both are teachers of long and successful experience.

Alumni Association.

Near the close of the year 93-94, the alumni of the school formed themselves into an association, with the avowed objects of keeping alive the pleasant memories of school days and of aiding the school in its steady progress toward greater efficiency. The association will no doubt realize its objects.
