

Annual Lantern Walk To Be Held On Monday Night

One of the most interesting and impressive Senior Day events is the annual Lantern Walk to be held the night of June 3. This is an activity in which the Freshman and Normal Senior classes participate and represents the feeling of love and goodwill between the classes. The members of the Senior class are provided with lighted lanterns which they carry to the top of the Butte.

When the two classes are assembled at the Butte, the president of the senior class greets the Freshman class, and passes on to them the highest standards and ideals of the school. The Freshman class president replies with a renewed pledge of allegiance and loyalty to the school and its traditions. This is followed by a symbolic ceremony in which the Seniors form their class numeral with the lighted lanterns. The lanterns are passed on to the Freshman class at this time, and they respond by forming their own class figures. It is in this way that the dignity and honor of our Alma Mater are placed in the hands of the succeeding class. The Freshman class, with their new lights, then file westward down the Butte toward the mill, while the Senior class, without lights, return by the way they came up.
