

diplomas are equivalent to life certificates, and are accredited by the State of California, and several other States, and will admit the holders to the best universities.

The following general statement of attendance is taken from the statistical tables of the last pages of this report.

For the year 1902-3 the registration in the Normal was 172 and the enrollment in the training school 73, the total enrollment being 245.

For the year 1903-4 the registration in the Normal was 194 and the enrollment in the training school 101. Total enrollment 295.

For the present year to date the enrollment in the Normal School is 224 and in the training school 117. Total enrollment 341.

The total enrollment for the present year will no doubt exceed 350 as several students will enter at the beginning of the next semester, Jan.22. The prospects for increased attendance in the future are better than for any period in the past history of the school and if the necessary provision can be made for the accommodation of students, it is safe to assume that the present enrollment will be doubled within the next two years.

COURSE OF STUDY.

The work of the school is divided into four regular courses:-

1. The Normal English course, four years.
