

LAMBDA PHI SIGMA

THERE being no organization of men at the Tempe Normal, the men of the institution this year felt the need for an organization for men only, where they could meet and discuss the problems of interest to them, and society at large. Consequently five students met with three members of the faculty, to discuss the problems of forming such an organization.

The next meeting was of the group of men selected by the five student committeemen. The organization was perfected at this meeting and adopted the name of LAMBDA PHI SIGMA.

The aim of the organization is to promote good-fellowship among the men, to keep ourselves posted about the problems of our community, state and nation, and discuss them among ourselves.

Following the acts of the last Legislature very closely, having several debates on important questions of the day, and having several prominent men speak to us, have been some of the features of this year's work. The University of Arizona Glee Club put on a concert under the auspices of LAMBDA PHI SIGMA.

OFFICERS

<i>President</i>	ROBERT ADAMS
<i>Vice-President</i>	KELLY BRYAN
<i>Secretary</i>	TURNER HAWES
<i>Treasurer</i>	MERRELL HATCH
