

easily. Haby, T. N. S., second. Goodwin, P. H. S., third. Time 5-29.

**Half Mile**—Again Stroud broke the tape, this time however, closely pressed by Blake, T. N. S. Time, 2-11.

**120 Hurdles**—This race was conceded the closest and most exciting of all. Until the last hurdle it was any one's race, but Blome, T. N. S., had the endurance, and broke the tape in 18 flat, tying the Arizona record. Halbert, T. N. S., came in about two inches behind Blome, and made a good second.

**220 Hurdles**—This was our weak point, and Phoenix took first and second places. Halm first, H. Smith second. Time 28-2.

**High Jump**—Our luck now began to change and Standage helped things along by winning the high jump. L. Dykes second, with J. Dykes and Groves tied for third. Distance 4-10.

**Broad Jump**—"Bish" Standage once more distinguished himself by jumping 19 feet 8 inches, giving us first. Higley, P. H. S., second with 19 feet 5 inches. J. Dykes third.

**Hammer Throw**—H. Smith, first, 120 feet, J. Dykes second, 98 feet. Lund third 93 feet.

**Shot Put**—H. Smith first, L. Dykes second, J. Dykes third. Distance, 41-1 inch.

**Discus**—H. Smith, P. H. S., first, A. Jungerman T. N. S., second. Distance, 100 feet, 2 inches.

**The Relay**—The relay race was easily won by the Normal men, who showed excellent speed throughout the race. Phoenix men—Halm, Groves, Mathers, Smith. Normal—J. Dykes, Larson, Blake, Thomas. Time 3-58.

Total number of points: Phoenix High school, 61 1-2. Normal 58 1-2. The scoring was on a basis of 5 and 3. One more second place would have changed the outcome, and the meet would have been ours.

We have nothing but praise for our boys, for we know they did their very best, and the way they raised the score in the face of almost certain defeat, showed nerve in their gumshoes.

The write-up in "The Republican" last week, purporting to come from the Normal, was really written up on the outside. It served a good purpose in allowing Phoenix High another chance to air her views.

FEET '10.

### BASKET BALL.

Last year the "Student" offered cups to be competed for by three athletic class teams playing a schedule of inter-class games in Tennis, Basket Ball and Track Events. The class that wins the cups three times is to go down to posterity by the loving cup route.

The main purpose of the "Student" in giving these cups was to arouse class spirit and enthusiasm in the various athletic departments. A few simple rules were all that governed these contests, the matter being in the hands of the athletes. Last year two of these cups were won by the class of 1910 and the tract cup by the class of 1912. How well the "Student" management succeeded in its aim, can be seen by the old numbers. The spirit in which the classes have entered these contests and the good feeling that has prevailed, have been most gratifying to the donors of the cups.

The first department to take up the contest this year was the basket ball, and the first matched game was between the Juniors and Seniors last Friday.

The game was one of the best ever played on our courts, and was exciting from the start until Mr. Irish blew his whistle for time.

The Juniors got a lead in the first
