

Selleh (Coach), Caplinger, Harelson, Strand, Carver, Willard, Shipkey (Sponsorer).

## *Golf*

**P**ROMINENT among the minor sports that are in the embryonic stage at Tempe is golf. Great interest has been shown by the entire college and the team that represented Tempe in the few matches held prior to the date of publication, is a team that will do credit to any college.

All the men shot consistently in the eighties, with Harelson and Willard waging a year-long battle for low-score man. Garver, shooting birdies from the left-hand side, constantly pressed the two leaders for score, with the others also shooting very fine golf.

The only matches held to date have been two with Phoenix J. C., both of which Tempe won very handily, although a general tournament has been scheduled for late in May.

The 9-hole Campus Course has a large number of players daily and it can truthfully be said that Tempe is "golf-conscious."
