## *Hockey Team*

**T**HIS marks the close of the first year that Tempe had a hockey team and we are proud of the girls that took part in the games. With the material there is on this campus there is no reason that we can't turn out a winning hockey team next year.

There was not much outside competition this year but there were a number of inter-class games. The one game of the year was played with the University of Arizona at the University. The team held their own and the final score was 4-1 in favor of the University.

Miss Laura Herron is the coach of this hockey team and it is to her that we owe quite a bit. We wish her more success next year.
