## Residence Hall Safe Tips:

Always lock your doors even if you are just going down the hall or next door for a few minutes.

If you see someone or something suspicious, call the ASU Police Department immediately to report it.

Never leave external doors propped open. If you find a propped open door, close it!

Always use the 'buddy system' when walking outside after dark.

Activate SafeWalk so friends or family members can view your step-by-step progress on a map. Chat live with your designated emergency contacts during your trip. Deactivate Safewalk once you arrive safely.

Friends and family can also virtually walk an app user home. The app's SafeWalk feature uses GPS-tagged monitoring to track an app user's progress on a Web-based map. Once a user has reached his or her destination safely, the feature easily can be deactivated.

As a part of Live Safe app, you can activate SafeWalk so friends and family can monitor your progress on a map and you can chat live with designated emergency contacts as you walk. Deactivate Safewalk once you arrive safely.
