Arizona State University

ASU Main Campus

FALL 2000 TRANSFER GUIDE

FOR ARIZONA WESTERN COLLEGE

Bachelor of Science

Exercise Science & Physical Education

Exercise Science Option or Exercise and Wellness Option
or Physical Education Option

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA

General university requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

GENERAL STUDIES REQUIREMENTS

Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from the ASU General Studies Guides (http://www.asu.edu/provost/articulation/awc_main.html#gsr) as follows: 3 [CS] credits, 3 [L] credits, 6 [HU] credits, 3 [C] credits, 3 [G] credits, and 3 [H] credits.

COLLEGE OF LIBERAL ARTS AND SCIENCES GRADUATION REQUIREMENTS

http://www.asu.edu/provost/articulation/chksheets/00-01/00CKCLAS.HTML/00clas-gradreqfortgs.pdf

CLAS requires knowledge of a second language equivalent to the completion of two years study at the college level. Students who choose to complete their CLAS second language graduation requirement in Greek, Latin, Portuguese, or Romanian must take both the 201 and 202 classes in order for this requirement to be met.

In addition to the language requirement, students may also take one lower division Social/Behavioral Science or Humanities from those that transfer as AFH, AFS, ASB, CSH, CSS, ENG (literature only), ECN, GCU, HIS, HUM, PGS, PHI/HPS, POS, REL, SOC, WSH, or WST. This course is separate from those taken for the university general studies and may not be used to meet both requirements.

Students may also choose to take 6 credits to meet the CLAS Natural Science/Mathematics requirement. This requirement is separate from the SQ and SG requirement of the university general studies and may not be used to meet the university requirement. Students may select 2 courses from those that transfer as ASM, BIO, CHM, BCH, CSE, GPH, GLG, MAT (above the college algebra level), STP, MIC, MBB, PHY, AST, PHS, PLB, MBB, PSY 230 or PSY 290.

**AREAS OF CONCENTRATION**
There are three areas of concentration available. All students must choose one area of concentration either (1) Exercise Science, (2) Exercise & Wellness, or (3) Physical Education.

**Exercise and Wellness Concentration**
Candidates must complete 21 semester hours in the major field; EPE 300, EPE 320, EPE 420, EPE 425, (three semester hours each), EPE 484 (six semester hours), and 3 semester hours carrying either EPE prefixes or prefixes from related disciplines selected with the advice and consent of a faculty advisor (No more than six may be in independent study courses), or from the following list.

**RELATED COURSEWORK LIST (Only three credits required)**

<table>
<thead>
<tr>
<th>FON 100 Introductory Nutrition</th>
<th>FCS 201 Nutrition</th>
</tr>
</thead>
</table>

**Exercise Science Concentration**
21 credits from EPE courses and/or related field with advisor approval (12 credits of upper-division EPE courses must be included from a defined course list.). This area of concentration allows students to combine courses from various programs within the Department of Exercise Science and Physical Education, and to gain depth of knowledge in related disciplines. The sub-disciplines are listed below:

**RELATED COURSEWORK LIST (Nine credits required)**

No AWC equivalent

**Physical Education Concentration**
21 credits from EPE courses and/or related field with advisor approval. Major required courses are EPE361, EPE376, EPE382, EPE elective (upper division).

**RELATED COURSEWORK LIST (Nine credits required)**

No AWC equivalent
