Arizona State University
ASU Main Campus
FALL 2000 TRANSFER GUIDE
FOR CENTRAL ARIZONA COLLEGE
Bachelor of Science in Engineering
Engineering Special Studies
Premedical Engineering

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements www.asu.edu/admissions/applyingtoasu. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

Since both engineering and medicine have as their goal human well-being, this program could be compatible with any field of medical endeavor. This program emphasis would be of special interest to students who desire entry into a medical college and whose medical interests lie in research, aerospace and undersea medicine, artificial organs, prostheses, biomedical engineering, or biophysics. Arizona State University
Tempe, Arizona 85287-9709

SCHOOL OF ENGINEERING ADMISSION CRITERIA
1. A minimum of 2.50 cumulative GPA is required from community college transfer students.
2. Students whose native language is not English must also submit a TOEFL score of 550 points in addition to meeting the minimum GPA requirements.
3. Transfer students are encouraged to have completed science and math courses applicable to the engineering degree.
4. A preprofessional category of admission is available for applicants deficient in School of Engineering admission requirements.
5. Students admitted to the preprofessional program are restricted to taking lower-division courses. After completing a minimum of 30 semester hours of required or approved elective courses with a cumulative minimum GPA of 2.50, one may apply for admission to the professional program. The cumulative GPA is calculated using all credits from ASU and from all other colleges and universities attended.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be transferable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)
ASU
ENG 101 & 102 First-Year Comp
or
ENG 105 Adv First-Year Comp
or
ENG 107 & ENG 108 Eng Foreign Students
CAC
ENG 101 & ENG 102 English Comp III & IV
No CAC equivalent
ENG 107 & ENG 108 English Comp III & IV (ESL)

GENERAL STUDIES REQUIREMENTS
Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Students in an engineering program must complete 16 hours of Humanities [HU] and Social/Behavioral Sciences [SB] courses. One course must be taken at ASU, as it must be upper division. In your selection of HU and SB credits, two courses must be from the same department (or have the same prefix). Select credits from CAS General Studies Insert as follows: 6 or 7 HU credits, 6 or 7 SB credits (which must include those that transfer as ECN 111 or ECN 112), 3 C credits, 3 G credits, and 3 H credits. It is beneficial for students to select HU or SB courses that concurrently satisfy C, G or H requirements. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section below with designation in brackets, e.g. [CS].
### MAJOR REQUIREMENTS

**ASU**
- BIO 181  General Biology [SQ]
- CHM 113  General Chemistry [SQ]
- CHM 116  General Chemistry [SQ]
- CHM 331  General Organic Chem
- CHM 335  Gen Organic Chem Lab
- CHM 332  General Organic Chem
- CHM 336  Gen Organic Chem Lab
- ECN 111  Macroeconomic Principles [SB]
- or
- ECN 112  Microeconomic Principles [SB]

**CAC**
- BIO 181  General Bio (Majors) I
- CHM 101  General Chemistry I
- CHM 102  General Chemistry II
- CHM 201  General Organic Chem I
- CHM 202  General Organic Chem II
- CHM 201  General Organic Principles
- CHM 202  Microeconomic Principles
- GBS 105  Applied Business Econ

**MAT**
- MAT 242  Elementary Linear Algebra
- MAT 270  Cal/Analytic Geo I [N1]
- MAT 271  Cal/Analytic Geo II [N1]
- MAT 272  Cal/Analytic Geo III [N1]
- MAT 274  Elem Diff Equations [N1]
- MAT 270  Cal/Analytic Geo I
- MAT 271  Cal/Analytic Geo II
- MAT 272  Cal/Analytic Geo III
- MAT 274  Elem Diff Equations

**PHY**
- PHY 121  Univ Physics I: Mech [SQ] &
- PHY 131  Univ Physics II: Elec & Magnetsm [SQ] &
- PHY 132  Univ Physics Lab II [SQ]
- PHY 122  Univ Physics Lab I [SQ] &
- PHY 132  Univ Physics Lab II [SQ]
- PHY 121  Univ Physics I &
- PHY 131  Univ Physics II: Elec & Magnetsm &
- PHY 132  Univ Physics Lab II [SQ]

**ENGINEERING CORE**
- ECE 100  Intro Engrg Design [CS]
- ECE 210  Engr Mech I:Physics

**CAC**
- No CAC equivalent
- EGR 202  Eng Mech/Statics

Approved by Marilyn L. Hart
Coordinator, Academic Administration

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may **not** be used to satisfy requirements in two core areas simultaneously. A course may satisfy two awareness areas concurrently.
2. When selecting HU or SB core courses, students must keep in mind that A. two courses from the same department must be taken in either core area; B. courses from at least two departments must be taken. These two conditions may, but need not be satisfied in the same core area. At least one course within the 16 semester hours **must** be an upper-division course taken only at ASU.
