COLLEGE OF BUSINESS ADMISSION CRITERIA
Admission to the professional program in the College of Business is competitive and limited by available resources. To be considered for admission to the professional program, students must complete the following requirements:
1. Students must follow and complete an approved freshman-sophomore sequence of courses to be admitted to the professional program.
2. Students must have completed at least 56 semester hours.
3. Students must have completed ACC 230, ACC 240, CIS 200, QBA 221, ECN 111, ECN 112, ENG 101, ENG 102, MAT 119, and MAT 210 with grades of "C" or better.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be transferable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.
