FALL 2000 Transfer Guide
For Cochise College
Bachelor of Music
Music Therapy

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

The course of study includes clinical experience in music therapy, and the degree includes national certification as a music therapist.

ADMISSION CRITERIA
1. All students who enroll in an undergraduate music degree program are required to perform an entrance audition in their major performing medium (instrument or voice).
2. Audition forms and specific audition requirements for each instrument or voice may be obtained upon request by writing to the School of Music.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be Transferable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.
