Arizona State University
ASU Main Campus
FALL 2000 TRANSFER GUIDE
FOR EASTERN ARIZONA COLLEGE
Bachelor of Science
Biology: Conservation Biology

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements www.asu.edu/admissions/applyingtoasu. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA
1. General University requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS
Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

COLLEGE OF LIBERAL ARTS AND SCIENCES GRADUATION REQUIREMENTS
http://www.asu.edu/provost/articulation/cksheets/00-01/00CKCLAS.HTML/00clas-gradreqfortgs.pdf

CLAS requires knowledge of a second language equivalent to the completion of two years study at the college level. Students who choose to complete their CLAS second language graduation requirement in Greek, Latin, Portuguese, or Romanian must take both the 201 and 202 classes in order for this requirement to be met. Students may also choose to take 6 credits to meet the CLAS Natural Science/Mathematics requirement. This requirement is separate from the SQ and SG requirement of the university general studies and may not be used to meet both requirements.

Students may also choose to take 6 credits to meet the CLAS Natural Science/Mathematics requirement. This requirement is separate from the SQ and SG requirement of the university general studies and may not be used to meet both requirements. Students may select 2 courses from those that transfer as ASM, BIO, CHM, BCH, CSE, GPH, GLG, MAT (above the college algebra level), STP, MIC, MBB, PHY, AST, PHS, PLB, MBB, PSY 230 or PSY 290.

Biology: Conservation Biology

MAJOR REQUIREMENTS
While still a student at EAC, contact the department academic advisor. Only those required courses which have EAC course equivalents are listed below.

<table>
<thead>
<tr>
<th>ASU</th>
<th>EAC</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIO 181  General Biology [SQ]</td>
<td>BIO 181  Gen Biology I(Majors)</td>
</tr>
<tr>
<td>BIO 182  General Biology [SG]</td>
<td>BIO 182  Gen Biology II(Majors)</td>
</tr>
<tr>
<td>BIO 415  Biometry [CS]</td>
<td>No EAC equivalent</td>
</tr>
</tbody>
</table>

**REQUIRED SUPPLEMENTARY COURSES**

CHM 113  General Chemistry [SQ]  CHM 151  General Chemistry I  
CHM 115  Gen Chemistry with Qualit Analysis [SQ]  No EAC equivalent  
Take either:  
CHM 235  Elem Org Chem Lab [SQ]  
Or, if a student is considering graduate school, the following 8 hour CHM sequence is recommended in lieu of CHM 231 & CHM 235:  
CHM 331  General Organic Chem &  CHM 235  General Organic Chemistry I  
CHM 335  Gen Organic Chem Lab  
and  
CHM 332  General Organic Chem &  CHM 236  General Organic Chemistry II  
CHM 336  Gen Organic Chem Lab  
It is recommended that the one year organic chemistry sequence CHM 331/335 and CHM 332/336 be taken at ASU to contribute to the upper division requirement.  
MAT 210  Brief Calculus [MA]  MAT 210  Elements of Calculus  
or  
MAT 270  Cal/Analytic Geo I [MA]  MAT 220  Calculus I

Approved by Dr. James Collins  
Department Chair
