Arizona State University
ASU Main Campus
FALL 2000 TRANSFER GUIDE
FOR THE MARICOPA COMMUNITY COLLEGES
Bachelor of Science in Design
Architectural Studies/Option A and B

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

The undergraduate architecture program at ASU offers an integrated curriculum of professional courses and focuses on the design laboratory. The four-year program is designed to create a deep awareness and knowledge of the discipline of architecture and of the world of ideas and values that affect the creative practice of architecture. Through scholarship, teaching, research, design, and community service, it seeks to develop the discipline and the knowledge necessary to address the important environmental and design issues faced by society.

Admission to the first two years (the lower division) of the B.S.D. program is open to all ASU undergraduates (and accepted transfer students) who select Architectural Studies as a major. Students must apply for admission to the second two years of the program (the upper division). Acceptance is based on a competitive review of the student’s academic record and professional promise and a portfolio of creative work.

Students who successfully complete the upper-division requirements receive the Bachelor of Science in Design degree with a major in Architectural Studies. This is not a professional degree. To complete the professional architecture program, students must attain the NAAB-accredited Master of Architecture degree.

College of Architecture and Environmental Design
Arizona State University
Tempe, Arizona 85287-1905

COLLEGE OF ARCHITECTURE AND ENVIRONMENTAL DESIGN (CAED) ADMISSION CRITERIA
1. A minimum GPA of 3.00 is required for admission to the upper division.
2. Admission to the upper division is selective and competitive.
3. Students must submit a portfolio of work from lower division studio classes.
4. Students in the lower division curriculum in architecture must complete that curriculum before applying to the upper division.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be Transferable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)

**ASU**
ENG 101 & 102 First-Year Comp
Or
ENG 105 Adv First-Year Comp
Or
ENG 107 & ENG 108 Eng Foreign Students

**MCCCD**
ENG 101 & 102 First-Year Composition
No MCCCD equivalent
EN 107 & EN 108 First-Yr Comp for ESL
GENERAL STUDIES REQUIREMENTS\textsuperscript{1,2}

Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from the ASU General Studies Guides (http://www.asu.edu/provost/articulation/maricopa_main.html#gsr) as follows: 3 SB credits, and 3 C credits. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

MAJOR REQUIREMENTS (Contact an ASU advisor regarding the remainder of the Major Requirements.)

  ECE 102AA Eng Analysis Tools/Tech * &
  ECE 103AB Engr Problm Solve/Design *
  *ECE102AA & ECE103AB together are equivalent to ECE100 [CS].

- **ECE 210** Engr Mech I: Statics
- **ECE 312** Engineering Mechanics II: Dynamics
- **MAT 270** Calc /Analyt Geom I [MA]
- **MAT 271** Calc /Analyt Geom II [MA]
- **MAT 272** Calc /Analyt Geom III [MA]
- **MAT 274** Elem Diff Equations [MA]
- **PHY 121** Univ Physics I:Mech [SQ] &
- **PHY 122** Univ Physics Lab I [SQ] &
- **PHY 131** Univ Physics II:Elec and Magntsm [SQ] &
- **PHY 132** Univ Physics Lab II [SQ]

Approved by Coordinator, Academic Advising/Student Services
Anna West

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may **not** be used to satisfy requirements in two core areas simultaneously, even if approved for those areas. A course may satisfy two awareness areas concurrently.
2. When selecting HU or SB core courses, students must keep in mind at least one course within the 15 semester hours **must** be an upper-division course taken only at ASU.
