Arizona State University

ASU Main Campus

FALL 2000 TRANSFER GUIDE

FOR THE MARICOPA COMMUNITY COLLEGES

Bachelor of Science

Biology: Conservation Biology

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements www.asu.edu/admissions/applyingtoasu. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

Arizona State University
Tempe, Arizona 85287-1501

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA
1. General University requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year.

Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS

COLLEGE OF LIBERAL ARTS AND SCIENCES GRADUATION REQUIREMENTS

http://www.asu.edu/provost/articulation/chksheets/00-01/00CKCLAS.HTML/00clas-gradreqfortgs.pdf

CLAS requires knowledge of a second language equivalent to the completion of two years study at the college level. Students who choose to complete their CLAS second language graduation requirement in Greek, Latin, Portuguese, or Romanian must take both the 201 and 202 classes in order for this requirement to be met.

In addition to the language requirement, students may also take one lower division Social/Behavioral Science or Humanities from those that transfer as AFH, AFS, ASB, CSH, CSS, ENG (literature only), ECN, GCU, HIS, HUM, PGS, PHI/HPS, POS, REL, SOC, WSH, or WST. This course is separate from those taken for the university general studies and may not be used to meet both requirements.

Students may also choose to take 6 credits to meet the CLAS Natural Science/Mathematics requirement. This requirement is separate from the SQ and SG requirement of the university general studies and may not be used to meet the university requirement. Students may select 2 courses from those that transfer as ASM, BIO, CHM, BCH, CSE, GPH, GLG, MAT (above the college algebra level), STP, MIC, MBB, PHY, AST, PHS, PLB, MBB, PSY 230 or PSY 290.

Biology: Conservation Biology

MAJOR REQUIREMENTS
While still a student at a MCCCD college, contact the department academic advisor. Only those required courses which have MCCCD course equivalents are listed below.
Students are strongly encouraged to complete lower-division course requirements at the community college.

ASU
BIO 181 General Biology [SQ]
BIO 182 General Biology [SG]
BIO 415 Biometry [CS]

MCCCD
BIO 181 General Bio (Majors) I
BIO 182 General Bio (Majors) II
No MCCCD equivalent

REQUIRED SUPPLEMENTARY COURSES

CHM 113 General Chemistry [SQ]
CHM 115 Gen Chemistry with Qualit Analysis [SQ]
Take either:
CHM 231 Elem Org Chem [SQ] &
CHM 235 Elem Org Chem Lab [SQ]
Or, if a student is considering graduate school, the following 8 hour CHM sequence is recommended in lieu of CHM 231 & CHM 235:
CHM 331 General Organic Chem
CHM 332 General Organic Chem
and
CHM 335 Gen Organic Chem Lab
CHM 336 Gen Organic Chem Lab
It is recommended that the one year organic chemistry sequence CHM 331/335 and CHM 332/336 be taken at ASU to contribute to the upper division requirement.

CHM 231 Elem Org Chem [SQ] &
CHM 235 Elem Org Chem Lab [SQ]

CHM 151 General Chemistry I * &
CHM 151LL General Chemistry I Lab *
*CHM151 & CHM151LL together are equivalent to CHM113

CHM 154 Gen Chem II with Qual * &
CHM 154LL Gen Chem II with Qual Lab *
*CHM154 & CHM154LL together are equivalent to CHM115

CHM 236 Gen Organic Chem IIA
CHM 238 Gen Organic Chem IIB

CHM 235 General Organic Chem I

MAT 210 Brief Calculus
Or
MAT 270 Cal/Analytic Geo I [MA]

MAT 212 Brief Calculus
Or
MAT 220 Analytic Geom & Calc I
or
MAT 221 Calc Analytic Geom I

Approved by Dr. James Collins Date
Department Chair

Dr. Leonard Gordon Date
Associate Dean for Academic Programs
College of Liberal Arts and Sciences

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may not be used to satisfy requirements in two core areas simultaneously, even if approved for those areas. A course may satisfy two awareness areas concurrently.
