Arizona State University
ASU Main Campus
FALL 2000 TRANSFER GUIDE
FOR MOHAVE COMMUNITY COLLEGE
Bachelor of Science
Biology

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements www.asu.edu/admissions/applyingtoasu. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA
General University requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year.

Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)
ASU
ENG 101 & 102 First-Year Comp
or
ENG 105 Adv First-Year Comp
or
ENG 107 & ENG 108 Eng Foreign Students
MCC
ENG 101 & 102 Eng Comp I & II
No MCC equivalent
No MCC equivalent

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS

COLLEGE OF LIBERAL ARTS AND SCIENCES GRADUATION REQUIREMENTS
http://www.asu.edu/provost/articulation/chksheets/00-01/00CKCLAS.HTML/00clas-gradreqfortgs.pdf
CLAS requires knowledge of a second language equivalent to the completion of two years study at the college level. Students who choose to complete their CLAS second language graduation requirement in Greek, Latin, Portuguese, or Romanian must take both the 201 and 202 classes in order for this requirement to be met.
In addition to the language requirement, students may also take one lower division Social/Behavioral Science or Humanities from those that transfer as AFH, AFS, ASB, CSH, CSS, ENG (literature only), ECN, GCU, HIS, HUM, PGS, PHI/HPS, POS, REL, SOC, WSH, or WST. This course is separate from those taken for the university general studies and may not be used to meet both requirements.
Students may also choose to take 6 credits to meet the CLAS Natural Science/Mathematics requirement. This requirement is separate from the SQ and SG requirement of the university general studies and may not be used to meet the university requirement. Students may select 2 courses from those that transfer as ASM, BIO, CHM, BCH, CSE, GPH, GLG, MAT (above the college algebra level), STP, MIC, MBB, PHY, AST, PHS, PLB, MBB, PSY 230 or PSY 290.
MAJOR REQUIREMENTS

While still a student at MCC, contact the department academic advisor. Only those required courses which have MCC course equivalents are listed below. Students are strongly encouraged to complete lower division course requirements at the community college.

MAJOR FIELD REQUIREMENTS

ASU  | MCC
--- | ---
BIO 181  | BIO 181  General Biology I
BIO 182  | BIO 182  General Biology II
MIC 220 | No MCC equivalent
MIC 206 | No MCC equivalent

REQUIRED SUPPLEMENTARY COURSES

CHM 113 | CHM 151 General Chemistry I
CHM 115 | No MCC equivalent

Take either this sequence:

CHM 231 | CHM 140 Fund Org & Biochemistry
CHM 235 | No MCC equivalent

Or, if a student is considering graduate school, the following sequence is recommended in lieu of CHM 231 & CHM 235:

CHM 331 | CHM 235 General Organic Chem I
CHM 335 | CHM 236 General Organic Chem II
CHM 332 | CHM 336 General Organic Chem Lab
CHM 336 | General Organic Chem Lab

It is recommended that the one year organic chemistry sequence CHM 331/335 and CHM 332/336 be taken at ASU to contribute to the upper division requirement, particularly those students interested in attending medical or dental school.

MAT 210 | MAT 212 Brief Calculus [MA]
Or | Brief Calculus
MAT 270 | MAT 221 Analyt Geom/Calc I

Take either:

PHY 101 | No MCC equivalent
Intro to Physics [SQ]

or sequence below:

PHY 111 | PHY 111 General Physics I
PHY 113 | PHY 112 General Physics II
PHY 114 | General Physics Lab [SQ]
PHY 114 | General Physics Lab [SQ]

Approved by Dr. James Collins  
Department Chair, Department of Biology

Dr. Leonard Gordon  
Associate Dean for Academic Programs  
College of Liberal Arts and Sciences

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may not be used to satisfy requirements in two core areas simultaneously, even if approved for those areas. A course may satisfy two awareness areas concurrently.
