Arizona State University
ASU Main Campus
FALL 2000 TRANSFER GUIDE
FOR PIMA COMMUNITY COLLEGE
Bachelor of Science in Design
Industrial Design

Students applying for admission with transferable hours must meet transfer GPA, freshman aptitude, and competency requirements. Students transferring 24 or more semester hours do not have to meet freshman aptitude requirements. Students who are 22 years of age or older or have completed an Arizona General Education Curriculum (AGEC) or any associate degree or higher do not have to meet competency requirements. A maximum of 64 transferable semester hours completed at a regionally accredited two-year institution may be transferred to ASU. All transferable community college credits are accepted as lower-division credits and do not satisfy upper division General Studies or graduation requirements.

Industrial Design students learn how to design objects that meet human needs on many different levels. The industrial designer's contribution places special emphasis on human characteristics, needs, and interests and requires a detailed understanding of visual, tactile, safety, and convenience criteria. The industrial designer combines these considerations with practical concern for technical processes, manufacturing requirements, economics, and marketing, including distribution, sales, and service.

The Bachelor of Science in Design (BSD) degree in Industrial Design requires four years of study. Students must be accepted into the professional program, after fulfilling the pre-professional requirements. The application deadline is April 15 for the following fall semester. Acceptance into the program is quite competitive and is determined by the Industrial Design faculty based on a written application, essay, cumulative GPA, and portfolio.

Graduates of the program accept entry-level positions in industry and firms doing product and packaging design. Designers may focus on consumer products, transportation, electronics, medical devices, health products, recreational products, or materials application. For more information, call or write:

Arizona State University
Tempe, Arizona 85287-1905

COLLEGE OF ARCHITECTURE AND ENVIRONMENTAL DESIGN (CAED) ADMISSION CRITERIA
1. A minimum GPA of 3.00 is required for admission to the upper division.
2. Admission to the upper division is selective and competitive.
3. Students must submit a portfolio of work from lower division studio classes.
4. Students in the lower division curriculum in industrial design must complete that curriculum before applying to the upper division.

Transfer value of a course, including General Studies value, is governed by the Course Applicability System (CAS) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be Transferable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)

ASU
ENG 101 & 102 First-Year Comp
or
ENG 105 Adv First-Year Comp
or
ENG 107 & ENG 108 Eng Foreign Students

PCC
WRT 101 & 102 Writing I & II
or
WRT 107 & 108 Writing I & II/Intnatl Stu

No PCC equivalent

Industrial Design

GENERAL STUDIES REQUIREMENTS

Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from the ASU General Studies Guides (http://www.asu.edu/provost/articulation/pima_main.html#gsr) as follows: 4 SQ credits and 3 C credits. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

MAJOR REQUIREMENTS

Contact an ASU advisor regarding the remainder of the Major Requirements.

**ASU**

- COM 225 Public Speaking [L]
- An approved [L] elective
- DSC 101 Design Awareness [HU, G]
- DSC 120 Design Drawing
- DSC 121 Design Principles I
- DSC 122 Design Principles II
- DSC 236 Intro to Computer Modeling [CS]
- ECN 111 Macroeconomic Principles [SB]
- ECN 112 Microeconomic Principles [SB]
- IND 316 20th C Dsgn I [HU, H]
- MAT 170 Precalculus [MA]
- MAT 151 College Algebra &
- MAT 182 Trigonometry
  Or
- MAT 151 College Algebra &
- MAT 182A Trigonometry - Module A &
- MAT 182 B Trigonometry - Module B &
- MAT 182 C Trigonometry - Module C
  Or
- MAT 187 Precalculus
- PGS 101 Intro to Psychology [SB]
- PHY 111 General Physics [SQ] &
- PHY 113 General Physics Lab [SQ]

**PCC**

- SPE 110 Public Speaking
- An approved [L] from the current CAS
- ART 110 Drawing I*
- *Transfer Credit based on Portfolio Review
- DES 255 Space Planning II *
- *Transfer credit based on portfolio review.
- DES 122 Graphic Communication I *
- *Transfer credit based on portfolio review.
- No PCC equivalent
- ECN 202 Macroeconomic Principles
- ECN 201 Microeconomic Principles
- No PCC equivalent
- MAT 151 College Algebra &
- MAT 182 Trigonometry
  Or
- MAT 151 College Algebra &
- MAT 182A Trigonometry - Module A &
- MAT 182 B Trigonometry - Module B &
- MAT 182 C Trigonometry - Module C
  Or
- MAT 187 Precalculus
- PSY 100A Psychology I &
- PSY 100B Psychology II
  Or
- PSY 101 Intro to Psychology
- PHY 121 Intro Physics I
Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may **not** be used to satisfy requirements in two core areas simultaneously. A course may satisfy two awareness areas concurrently.

When selecting HU or SB core courses, students must keep in mind that at least one course within the 15 semester hours **must** be an upper-division course taken only at ASU.
