The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

The program leading to the Bachelor of Science in Design with a major in Housing and Urban Development prepares professionals for leadership in the development of high-quality and affordable housing. The program is offered jointly with the College of Extended Education in cooperation with the Del E. Webb School of Construction, the Department of Business Administration, and the Schools of Architecture and Design. Instruction by full-time faculty and leading practitioners is aimed at both non-traditional and traditional students. Students attend evening classes at ASU’s Downtown Center and also participate through distance-learning technology.

BSD-HUD students are admitted competitively to the upper division program. The program provides studio and seminar instruction in residential and community planning, design, and development, combined with actual field exposure to market housing and development as well as public and non-profit community revitalization. Courses include construction management, real estate, accounting, land-development law, ethics, and computers. Graduates may pursue careers in private industry, in public and nonprofit housing and redevelopment, or in postgraduate research and education. For more information, call or write:

COLEGE OF ARCHITECTURE AND ENVIRONMENTAL DESIGN (CAED) ADMISSION CRITERIA
1. A minimum GPA of 3.00 is required for admission to the upper division.
2. Admission to the upper division is selective and competitive.
3. Students must submit a portfolio of work from lower division studio classes.
4. Students in the lower-division curriculum in HUD must complete that curriculum before applying to the upper division.

ASU
DC
Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be Transferable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)
ENG 101 & 102  First-Year Comp
ENG 105 Adv First-Year Comp

GENERAL STUDIES REQUIREMENTS

Students completing the Transfer General Education Core Curriculum (TGECC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from CEG General Studies Insert as follows: 3 N2 credits, 0 or 3 HU credits, 0 or 3 SB credits, 4 S1/S2 credits, and 3 C credits. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may not be used to satisfy requirements in two core areas simultaneously, even if approved for those areas. A course may satisfy two awareness areas concurrently.

2. When selecting HU or SB core courses, students must keep in mind that A. two courses in one of these two core areas must be in the same department; B. courses from at least two departments must be taken. These two conditions may, but need not be satisfied in the same core area. At least one course within the 15 semester hours must be an upper-division course taken only at ASU.
