The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

The Department of Theatre offers the B.A. degree with four concentration areas and the B.F.A. degree in Theatre Education. The B.A. and B.F.A. programs involve intensive academic and hands-on theatre study. Student artists and scholars are provided a general appreciation of the principle fields of human knowledge while, at the same time, acquiring considerable specialized training in one of the following areas of specialization: Acting, Design/Technology, Directing/Stage Management, History/Theory and Criticism.

The B.A. and B.F.A. have specific general studies requirements and a core of theatre classes, including play analysis, acting, directing, technical theatre and design, and theatre history. Each concentration area requires an additional 24 hours of credit in selected theatre courses. Some concentration area courses need to be taken during freshman and sophomore years in order for the student to be eligible for this area.

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may not be used to satisfy requirements in two core areas simultaneously even if approved for those areas. A course may satisfy two awareness areas concurrently.

2. When selecting HU or SB core courses, students must keep in mind that A. two courses in one of these two core areas must be in the same department; B. courses from at least two departments must be taken. These two conditions may, but need not be satisfied in the same core area. At least one course within the 15 semester hours must be an upper-division course and may not be taken at a community college.
