The Arizona resident applicant for transfer admission must have a cumulative grade point average of 2.00 on a four-point (A) scale in all college-level work, and be in good standing and eligible to return to the last institution attended. Students who are transferring less than 12 hours of college course credits must also meet freshman admission requirements; students transferring less than 36 hours of college course credits must also meet subject area competency requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all Transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

The School of Art’s many programs offer students experience in the major art disciplines, underlining the great diversity of the art world. All beginning students are required to take the Core Curriculum during their first year. The Core Courses are prerequisites for virtually all other courses offered in the School of Art and are intended to provide the student with a basic experience in the visual arts and a visual and verbal vocabulary. These two conditions may, but need not, be satisfied in the same core area. At least one course within the 15 semester hours must be an upper-division course taken only at ASU.
2. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may not be used to satisfy requirements in two core areas simultaneously.
3. A course may satisfy two awareness areas concurrently.
