The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA

General University requirements satisfy the admission requirements of this program.

<table>
<thead>
<tr>
<th>ASU</th>
<th>NPC</th>
</tr>
</thead>
<tbody>
<tr>
<td>Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course need not be repeated but will not count toward the required number of upper division credit hours.</td>

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS

Students completing the Transfer General Education Core Curriculum (TGECC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from CEG General Studies Insert as follows: 3 L1 credits (those that transfer as PHI 103 are recommended), 3 N2 or N3 credits (those that transfer as CSE or STP are recommended), 9 HU credits (maximum 6 hours from ARS, MUS, THE), 6 SB credits (except those that transfer as COM and JUS), 3 C credits, 3 G credits, and 3 H credits. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

COLLEGE PROFICIENCY REQUIREMENTS

Requires knowledge of a second language equivalent to the completion of two years study at the college level. Courses in American Sign Language also satisfy the requirement. (See the 1998-99 Catalog for further information.) Select language courses that transfer to ASU at the 101, 102, 201, 202, 203, 204 and/or 205 level, or courses that transfer to ASU as SHS 174, SHS 175, SHS 274 and SHS 275.
Exercise Science & Physical Education

Exercise Science Option or Exercise & Wellness Option or Physical Education Option

ASU

MAJOR REQUIREMENTS
While still a student at NPC, contact the department academic advisor. Only those required courses which have NPC course equivalents are listed below.

AREAS OF CONCENTRATION
There are three areas of concentration available. All students must choose one area of concentration either (1) Exercise Science, (2) Exercise & Wellness, or (3) Physical Education.

**Exercise and Wellness Concentration**
Candidates must complete 21 semester hours in the major field; EPE 300, EPE 320, EPE 420, EPE 425, (three semester hours each), EPE 484 (six semester hours), and 3 semester hours carrying either EPE prefixes or prefixes from related disciplines selected with the advice and consent of a faculty advisor (No more than six may be in independent study courses).

Following are suggested related courses in the Exercise & Wellness concentration:

<table>
<thead>
<tr>
<th>Business/Communication</th>
<th>NPC</th>
</tr>
</thead>
<tbody>
<tr>
<td>COM 230 Small Group Communication [SB]</td>
<td>HUS 140 Group Dynamics</td>
</tr>
</tbody>
</table>

**Exercise Science and Physical Education**

No NPC equivalent

**Family Resources**

| FON 100 Intro to Nutrition         | HES 145 Nutrition                        |

**Exercise Science Concentration**
21 credits from EPE courses and/or related field with advisor approval (12 credits of upper-division EPE courses must be included). This area of concentration allows students to combine courses from various programs within the Department of Exercise Science and Physical Education, and to gain depth of knowledge in related disciplines. Following are suggested courses within the specific interest areas available:

**Biomechanics**
Upon advisor approval, related coursework in Computer Science, Engineering, Math (with Calculus) and Physics is suggested.

**Exercise Physiology**
Upon advisor approval, related coursework in Biology, Chemistry, Math and Biology is suggested.

**Motor Behavior**
Upon advisor approval, additional coursework in Psychology and Biology is suggested.

**Sport Psychology**
Upon advisor approval, related coursework in Psychology (PGS & PSY) is suggested.

**Physical Education Concentration**
21 credits from EPE courses and/or related field with advisor approval. Major required courses are EPE361, EPE376, EPE382, EPE480.

**Bachelor of Science (page 3 of 3)**

**Exercise Science & Physical Education**

**Exercise Science Option or Exercise & Wellness Option or Physical Education Option**

## Other Elective Courses in EPE

<table>
<thead>
<tr>

<tbody>
<tr>
<td>EPE 100 Intro Health/Wellness</td>
<td>HPE 218 Personal Health</td>
</tr>
<tr>
<td>EPE 290 Sports Officiating</td>
<td>HPE 205 Intramural Officiating</td>
</tr>
</tbody>
</table>

### Suggested Coursework for Pre-Physical Therapy and Pre-Medicine Area Prerequisites

- **BIO 181** General Biology [S1/S2]
- **BIO 182** General Biology [S2]
- **CHM 113** General Chemistry [S1/S2]
- **CHM 115** Gen Chemistry with Qualit Analysis [S1/S2]
- **CHM 116** General Chemistry [S1/S2]
- **CHM 231** Elem Org Chem [S1/S2] &
- **CHM 235** Elementary Organic Chem Lab [S1/S2]
- **MAT 170** PreCalculus [N1]
- **MAT 210** Brief Calculus [N1]
- **MIC 205** Microbiology [S2] &
- **MIC 206** Microbiology Lab [S2]
- **PGS 341** Developmental Psychology [SB]
- **PGS 466** Abnormal Psychology [L2]
- **PHY 111** General Physics [S1/S2] &
- **PHY 113** General Physics Lab [S1/S2]
- **PHY 112** General Physics [S1/S2] &
- **PHY 114** General Physics Lab [S1/S2]
- **PSY 230** Intro to Statistics [N2]
- **STP 226** Elements of Statistics [N2]
