Arizona State University
ASU Main Campus
1999-2000 TRANSFER GUIDE
FOR COCONINO COMMUNITY COLLEGE
Bachelor of Science
Exercise Science & Physical Education
Exercise Science Option or Exercise and Wellness Option
or Physical Education Option

The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA

General university requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year.
Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

FIRST YEAR COMPOSITION (3-6)

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS

Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from CEG General Studies Insert as follows: 3 L1 credits (those that transfer as PHI 103 are recommended), 3 N2 or N3 credits (those that transfer as PSY or STP are recommended), 9 HU credits (maximum 6 hours from ARS, MUS, THE), 6 SB credits (except those that transfer as ASM or JUS), 3 C credits (except those that transfer as JUS or ‘E’), 3 G credits, and 3 H credits. Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

COLLEGE PROFICIENCY REQUIREMENTS

Requires knowledge of a second language equivalent to the completion of two years study at the college level. Courses in American Sign Language also satisfy the requirement. (See the current catalog for further information.) Select language courses that transfer to ASU at the 101, 102, 201, 202, 203, 204 and/or 205 level, or courses that transfer to ASU as SHS 174, SHS 175, SHS 274 and SHS 275.
MAJOR REQUIREMENTS
While still a student at CCC, contact the department academic advisor. Only those required courses which have CCC course equivalents are listed below.

AREAS OF CONCENTRATION
There are three areas of concentration available. All students must choose one area of concentration either (1) Exercise Science, (2) Exercise & Wellness, or (3) Physical Education.

Exercise and Wellness Concentration
Candidates must complete 21 semester hours in the major field: EPE 300, EPE 320, EPE 420, EPE 425, (three semester hours each), EPE 484 (six semester hours), and 3 semester hours carrying either EPE prefixes or prefixes from related disciplines selected with the advice and consent of a faculty advisor (No more than six may be in independent study courses).

Following are suggested related courses in the Exercise & Wellness concentration:

Computer Science/Statistics
CSE 180 Computer Literacy [N3]  
CIS 122 Intro to MS Word* &  
CIS 123 Intro to MS Excel* &  
CIS 125 Intro to Databases*  
* CIS 122, CIS 123 & CIS 125 together are equivalent to ASU’s CSE 180.

PSY 230 Intro Research Statistics[N2]  
PSY 230 Intro to Statistics

Family Resources
FON 100 Human Nutrition  
NTR 135 Human Nutrition

Exercise Science Concentration
21 credits from EPE courses and/or related field with advisor approval (12 credits of upper-division EPE courses must be included from a defined list). This area of concentration allows students to combine courses from various programs within the Department of Exercise Science and Physical Education, and to gain depth of knowledge in related disciplines. The sub-disciplines are listed below:

Biomechanics

Exercise Physiology

Motor Behavior

Sport Psychology

Physical Education Concentration
21 credits from EPE courses and/or related field with advisor approval. Major required courses are EPE361, EPE376, EPE382, EPE elective (upper division).
**SUGGESTED COURSEWORK FOR PRE-PHYSICAL THERAPY AND PRE-MEDICINE AREA PREREQUISITES**

### ASU
- BIO 181  General Biology [S1/S2]
- BIO 182  General Biology [S2]

### CCC
- BIO 184  Plant Biology *
- BIO 190  Animal Biology *
  *BIO184 & BIO190 together are equivalent to ASU’s BIO181 & BIO182

- CHM 113  General Chemistry [S1/S2]
- CHM 115  Gen Chemistry with Qualit Analysis [S1/S2]
- CHM 116  General Chemistry [S1/S2]
- CHM 231  Elem Org Chem [S1/S2] &
- CHM 235  Elementary Organic Chem Lab [S1/S2]

### ASU
- MAT 170  PreCalculus [N1]

### CCC
- MAT 184  Functions & Trig
  or
- MAT 187  Pre-Calculus

- MAT 210  Brief Calculus [N1]

### CCC
- MAT 212  Business Calculus

- MIC 205  Microbiology [S2] &
- MIC 206  Microbiology Lab [S2]

### CCC
- BIO205  Microbiology

- PGS 341  Developmental Psychology [SB]
- PGS 466  Abnormal Psychology [L2]

### CCC
- PSY 240  Developmental Psychology
  No CCC equivalent

- PHY 111  General Physics [S1/S2] &
- PHY 113  General Physics Lab [S1/S2]
- PHY 112  General Physics [S1/S2] &
- PHY 114  General Physics Lab [S1/S2]

### CCC
- PHY 111  College Physics I
- PHY 112  College Physics II

- PSY 230  Intro to Statistics [N2]
  or
- STP 226  Elements of Statistics [N2]

### CCC
- PSY 230  Intro to Statistics
- MAT 160  Elementary Statistics
