Arizona State University
ASU Main Campus
1999-2000 TRANSFER GUIDE
FOR DINÉ COLLEGE
Bachelor of Arts
Chemistry

The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS (CLAS) ADMISSION CRITERIA
General university requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year.

Community college courses which are equivalent in content to upper division courses at ASU will be transferrable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

GENERAL STUDIES REQUIREMENTS/COLLEGE DISTRIBUTION REQUIREMENTS

Students completing the Arizona General Education Curriculum (AGEC) will still be required to fulfill lower division program requirements and prerequisites within their college and major/minor area of study. In all cases, students have the responsibility for selecting general education coursework that is relevant to the requirements of their intended major and degree.

Select credits from CEG General Studies Insert as follows: 3 L1 credits (those that transfer as POS and PSY are recommended); 3 N2 or N3 credits (those that transfer as CSE, PSY, or STP are recommended), 9 HU credits (except those that transfer as ‘E’) (maximum 6 hours from ARS, MUS), 9 SB credits (except those that transfer as COM and ‘E’), 3 C credits (except those that transfer as ‘E’), 3 G credits (except those that transfer as ERS), and 3 H credits (except those that transfer as ERS or SWU). Additional and/or mandated General Studies requirements, if any, are listed in the Major Requirements section with designation in brackets.

COLLEGE PROFICIENCY REQUIREMENTS

Requires knowledge of a second language equivalent to the completion of two years study at the college level. Courses in American Sign Language also satisfy the requirement. (See the current catalog for further information.) Select language courses that transfer to ASU at the 101, 102, 201, 202, 203, 204 and/or 205 level, or courses that transfer to ASU as SHS 174, SHS 175, SHS 274 and SHS 275.
MAJOR REQUIREMENTS

While still a student at DC, contact the department academic advisor. Only those required courses which have DC course equivalents are listed below.

**ASU**

- CHM 113 General Chemistry [S1/S2]
- CHM 135 Gen Chem Qualt Analysis [S1/S2]
- CHM 331 General Organic Chem &
- CHM 335 Gen Organic Chem Lab
- CHM 332 General Organic Chem &
- CHM 336 Gen Organic Chem Lab

**DC**

- CHM 151 General Chemistry I
- CHM 152 General Chemistry II
- CHM 235 Gen Organic Chemistry I
- CHM 236 Gen Organic Chemistry II

**RELATED COURSES (15)**

- MAT 270 Cal/Analytic Geo I [N1]
- MAT 271 Cal/Analytic Geo II [N1]
- PHY 111 General Physics [S2] &
- PHY 113 General Physics Lab [S2]

- MTH 191 Calculus I
- MTH 192 Calculus II

*These courses are not equivalent, but the department of Chemistry at ASU allows DC students to use PHY 121 and PHY 131 in lieu of PHY 111 and 113.

---

1. Although a course may satisfy a core area requirement and an awareness area requirement concurrently, a course may **not** be used to satisfy requirements in two core areas simultaneously, even if approved for those areas. A course may satisfy two awareness areas concurrently.
