COLLEGE OF LIBERAL ARTS AND SCIENCES (CLAS) ADMISSION CRITERIA

General University requirements satisfy the admission requirements of this program.

Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year. Community college courses which are equivalent in content to upper division courses at ASU will be transferable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.

MAJOR REQUIREMENTS
While still a student at a MCCCD college, contact the department academic advisor. Only those required courses which have MCCCD course equivalents are listed below.

The BA in Interdisciplinary Humanities offers individualized programs for students whose interest in humanistic issues cross conventional disciplinary boundaries. The scope of the major is, therefore, interdisciplinary and, to some extent, intercollegiate. The breadth of such study is balanced by the depth of a student’s selected concentration in one discipline. We offer concentrations in: Humanities, Liberal Arts, Architecture, Culture & Society, Film Studies, Classical Studies, and Humanities & Sciences. Majors focus their programs, typically, upon the study of cultural texts representative of both universal and historical attitudes of a particular time and place. Other supporting courses offer both theoretical and historical perspectives.
