1999-2000 TRANSFER GUIDE
FOR PIMA COMMUNITY COLLEGE
Bachelor of Arts or Science
Economics

The Arizona resident applicant for transfer admission must meet competency requirements and have a cumulative grade point average (GPA) of 2.00 on a four-point (A) scale in all college level work and be in good standing and eligible to return to the last institution attended. Students who have less than 24 semester transfer credits must also meet competency requirements. Arizona residents who have completed an Arizona General Education Curriculum (AGEC) or an associate degree with a minimum 2.00 GPA in the AGEC or associate degree are exempt from admission requirements. A maximum of 64 semester credit hours will be accepted when transferred from community colleges; all transferable community college credits are accepted as lower-division credits and do not satisfy upper-division General Studies or graduation requirements.

COLLEGE OF LIBERAL ARTS (CLAS) ADMISSION CRITERIA
General University requirements satisfy the admission requirements of this program. However, to qualify for upper division course work in economics, the Economics Major must:
1. earn a minimum grade of "C" in ECN 111, ECN 112, MAT 210 and STP 226
2. have a GPA of 2.50
3. have junior class standing
Further, ECN 313 and ECN 314 should be taken after completion of ECN 111, ECN 112, MAT 210 and STP 226 and before other upper division economics courses.

Transfer value of a course, including General Studies value, is governed by the Course Equivalency Guide (CEG) in force at the time the course is taken. Summer session is included with the previous academic year.
Community college courses which are equivalent in content to upper division courses at ASU will be transferable as equivalent but with lower division credit. The course should not be repeated but will not count toward the required number of upper division credit hours.
