Please note the following answers to questions that were asked prior to the deadline for inquiries date of 10/09/18 at 3:00 P.M., MST.

Q1: Would it make the most sense for [companies] to reach out to as many vendors on the list below to see if they are willing to have [company] as their valued TEM partner? Would it also be beneficial for [company] to bid this as a standalone TEM offering? Should we do both?

A1: As stated in the RFP, "...it is essential that respondents consider teaming strategies that advance their core area(s) of expertise as well as how they might align with other providers in synchronous delivery to ensure success at every level and across the ASU enterprise.” Please note that the list of recipients on the courtesy notification email is not an exhaustive list of vendors/suppliers. Companies may choose to work with one or more other providers (on the list or not on the list), and/or may submit a stand-alone proposal.

Q2: Can you please clarify whether Dark Fiber is a part of this request for proposal?

A2: Yes, dark fiber is in scope for this RFP.

Q3: Is connectivity (the physical fiber backbone infrastructure) between the various ASU campuses and/or buildings is a part of the RFP?

A3: Yes.
