ADDENDUM NUMBER ONE
Response to all Inquiries

RE: RFQ 101696 ASU Downtown Phoenix Campus Cooling Plant

Total pages in this addendum: One (1)

Question: PART III: Proposal Format and Contents (page 11) of the RFQ states that the “total length of Sections 1 through 3 below should not exceed 20 pages total”. However, Section 8 says it is “excluded from page count.” Would you be able to clarify whether the 20-page limit applies to Sections 1-3 only, or whether it applies to all 9 Sections (except Section 8)?

Answer: Page 11 should read, “The total length of Sections 1 through 7 below should not exceed 20 pages total (10 double-sided sheets) of text and graphics in single column format with a font size of no less than 10 points.” Section 8 – Client References and Section 9 – Financial Capability are both excluded from the total page count.

*Note that due to updates on the ASU website, the required documents referenced on page 15, “ATTACHMENTS AND FORMS W/ACKNOWLEDGEMENTS (REQUIRED) were not previously available at the link http://cfo.asu.edu/purchasing-forms. The website has been updated, and the forms are now available under the Design-Builder Agreement section of the Construction forms.

All other specifications, and terms and conditions of the solicitation shall remain unchanged.
