Oral statements or instructions shall not constitute an amendment to this Request for Proposal. Proposers shall not rely on any verbal responses from the University.

23. The University shall not reimburse any Proposer the cost of responding to a Request for Proposal.

24. In accordance with an executive order titled “Air Pollution Emergency Proclamation” modified by the Governor of Arizona on July 16, 1996, the University formally requests that all products used in the performance of any contract that results from this Request for Proposal be of low- or no-content of reactive organic compounds, to the maximum extent possible.

25. Arizona requires that the University purchase ENERGY STAR® products or those certified by the Federal Energy Management Program as energy efficient in all categories available. If this Request for Proposal is for a product in a category for which ENERGY STAR® or certified products are available, please submit evidence of the ENERGY STAR® status or certification for the products you are bidding. Please note that if you fail to submit this information but a competitor does, the University will select your competitor’s product as meeting specifications and deem your product as not meeting specifications. See A.R.S. §34-451.
26. The University requires that all desktop computers, notebooks, and monitors purchased must meet Electronic Product Environmental Assessment Tool (EPEAT) Gold status as contained in the IEEE 1680 Standard for the Environmental Assessment of Personal Computer Products. 27. To the extent applicable to any contract resulting from this Request for Proposal, the Proposer shall comply with the Standards for Privacy of Individually Identifiable Information under the Health Insurance Portability and Accountability Act of 1996 contained in 45 CFR Parts 160 and 164 (the “HIPAA Privacy Standards”) as of the effective date of the HIPAA Privacy Standards on April 14, 2003 or as later determined. Proposer will use all security and privacy safeguards necessary to protect Protected Health Information (PHI), as defined by HIPAA, and shall immediately report to University all improper use or disclosure of PHI of which it becomes aware. Proposer agrees to ensure that its agents and subcontractors agree to and abide by these requirements. Proposer agrees to indemnify the State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees against all harm or damage caused or contributed to by Proposer’s breach of its obligations under this paragraph.

28. The University believes that it can best maintain its reputation for treating suppliers in a fair, honest, and consistent manner by conducting solicitations in good faith and by granting competitors an equal opportunity to win an award. If you feel that we have fallen short of these goals, you may submit a protest pursuant to the Arizona Board of Regents procurement procedures, section 3-809, in particular section 3-809C. This paragraph does not include all of the provisions of the Regents procedures, but it does tell you what you have to do to initiate a protest. First, you have to be an "interested party." An "interested party" is an actual or prospective Proposer whose direct economic interest may be affected by the issuance of a solicitation, the award of a contract, or by the failure to award a contract. Whether an actual prospective bidder or offeror has a direct economic interest will depend upon the circumstances in each case. At a minimum, the interest must be substantial and must be tangibly affected by the administrative action or proposed action concerned in the case. For instance, a bidder or Proposer who is fourth in line for award does not have a sufficient economic interest to protest the proposed award of a contract to the low bidder or offeror. Second, you must submit the protest in a timely manner. In procurements inviting bids, protests based upon alleged errors, irregularities or, improprieties in a solicitation that are apparent before the bid opening shall be filed before the bid opening. In procurements requesting proposals, protests based upon alleged errors, irregularities or improprieties in a solicitation that are apparent before the closing date for receipt of initial proposals shall be filed before the closing date for receipt of initial proposals. Protests concerning improprieties that do not exist in the initial solicitation, but that are subsequently incorporated into the solicitation, shall be filed by the next closing date for receipt of proposals following the incorporation. In cases other than those just covered, protests shall be filed no later than ten (10) days after a contract is awarded in connection with the procurement action. Failure to timely protest shall be deemed a waiver of all rights. Third, and finally, your protest shall be in writing and shall include the following information: (1) The name, address, telephone number, and fax number of the protestor; (2) The signature of the protestor or its representative; (3) Identification of the solicitation or contract number; (4) A detailed
statement of the legal and factual grounds of the protest including copies of relevant documents; and (5) The form of relief requested.

Protests should be directed to:

Jamon Hill  
Executive Director  
Purchasing and Business Services  
PO Box 875212  
Tempe AZ 85287-5212  
Email: Jamon.Hill@asu.edu

Please note that as the University takes protests very seriously; we expect you to do so as well. Frivolous protests will not result in gain for your firm.

   b. After Hours and Weekend/Holiday repair request shall have a four (4) hour response time.

4. Purchase of Glass Only
   The University may purchase glass products, less labor charges, from the Contractor for the purposes of having in-house staff provide the labor.

5. Damaged Glass and Disposal
   Damaged glass shall be removed from entire glass frame by the Contractor and disposed of at an off campus location of the Contractor’s choice. Frames shall be cleaned of all old debris prior to replacement.

   Contractor shall ensure replacement/repairs of any glass window/door shall be free of water leaks using proper glazing sealants, adhesives, and other standard methods of weatherproofing. Repairs shall be guaranteed to not leak for one (1) full year from the date of the University’s acceptance of the repair.

6. Emergency Boarding-Up
   From time to time, the Contractor shall be required to “board-up” a facility due to broken glass should replacement glass not be obtained immediately. Due to security issues, the University
shall require the Contractor to provide this service immediately. This shall be billed at the prevailing labor rate as bid, plus cost of supplies (i.e., plywood, screws, etc.)

Boarding up services shall be in compliance with prevailing commercial practices. The University will accept reasonable charges for materials used. Material charges shall be stated separately on each invoice.

7. Rental Equipment
Some of the buildings owned by the University are more than two stories high. A copy of the rental bill shall be attached to the Contractor’s invoice, otherwise payment will be withheld.

Should a specific insulated glass consistently be purchased, it shall be added to the Pricing section, based on a cost unit measurement agreeable by the University and the Contractor.

9. Acrylic and Lexan Glass Orders Requiring Hole Drilling
These types of materials require special equipment to control heat dissipation in the hold drilling process. The hold drilling service is not line item priced in pricing section. The Contractor shall bill for the base materials, then a separate billing for the hole-drilling.

10. Freight and Delivery Charges, Special Orders
It shall be the Contractor’s responsibility to meet the University’s delivery requirements of FOB destination on all normally stocked items. For normally stocked items not in stock, it shall be the Contractor’s responsibility to pay the freight.

11. Value Added Service
Contractor may include value added services pertaining to glass replacement or installation.
In order to reduce the adverse environmental impact of our purchasing decisions the University is committed to buying goods and services from manufacturers and suppliers who share the University’s environmental concern and commitment. Green purchasing is the method wherein environmental and social considerations are taken with equal weight to the price, availability and performance criteria that we use to make purchasing decisions.

Proposer shall use environmentally preferable products, materials and companies where economically feasible. Environmentally preferable products have a less or reduced effect on human health and the environment when compared to other products and companies that serve the same purpose. If two (2) products are equal in performance characteristics and the pricing is within 5%, the University will favor the more environmentally preferable product and company.

If you are citing environmentally preferred product claims, you must provide proper certification or detailed information on environmental benefits, durability and recyclable properties.

The University and the supplier may negotiate during the contract term to permit the substitution or addition of Environmentally Preferable Products (EPPs) when such products are readily available at a competitive cost and satisfy the university’s performance needs.

Unless otherwise specified, Proposers and Contractor should use recycled paper and double-sided copying for the production of all printed and photocopied documents. Furthermore, the documents shall be clearly marked to indicate that they are printed on recycled content (minimum 30% post-consumer waste) paper.

In consideration of the mutual obligations specified in this Contract, the parties agree as follows:

1. Engagement; Services and Deliverables. ASU retains Vendor, as of the Effective Date, and Vendor accepts such engagement, to perform the services as and when set forth on Exhibit A, which will be signed and delivered as of the Effective Date, and is an integral part of this Contract (the Initial Statement of Work). The parties may execute additional Statements of Work (each, a SOW), sequentially numbered, all of which shall reference this Contract and shall be incorporated herein. As part of the Services, Vendor will deliver to ASU all goods, reports, code, documents, software, and other materials (the Deliverables) as may be set forth on a Statement of Work. To the extent any provision in a Statement of Work conflicts with any provisions of this Contract, the provisions of this Contract will control.

2. Compensation. ASU will pay Vendor for the Services (which by definition include the Deliverables) as and when set forth on the applicable Statement of Work. Unless described with specificity on an executed Statement of Work, Vendor will be solely responsible for all expenses it incurs in connection with Vendor’s obligations under this Contract. If in a Statement of Work ASU agrees to reimburse Vendor for any travel expenses, all reimbursable travel expenses must be authorized in writing by ASU in advance of the planned travel and must be consistent with ASU Financial Services Policy FIN 421-01, www.asu.edu/aad/manuals/fin/fin421-01.html. If in a Statement of Work ASU agrees to reimburse Vendor for any expenses, Vendor will submit all receipts and any required backup documentation to ASU within 60 days after the applicable expenses were incurred. ASU will not be required to reimburse Vendor for any expenses, invoices, or receipts for expenses received after that time. ASU will make all payments to Vendor in Vendor’s legal name as set forth in the opening paragraph. Unless described with specificity on a SOW, ASU must receive all Deliverables prior to payment. Payment terms are Net 30 days upon ASU’s receipt of Vendor’s invoice.

3. Price Adjustment. Price changes will normally only be considered at the end of one contract period and the beginning of another. Price change requests shall be supported by evidence of increased costs to Vendor. ASU will not approve price increases that will merely increase the gross profitability of the Vendor at the expense of ASU. Price change requests shall be a factor in the Contract extension review process. ASU shall determine whether the requested price increase or an alternate option is in the best interest of ASU.

4. Sales and Use Tax. Vendor agrees to comply with and to require all of his subcontractors to comply with all the provisions of applicable state sales excise tax law and compensation use tax law and all amendments to same. ASU is not exempt from state sales excise tax and compensation use tax, except for equipment purchased for research or development under the provisions of A.R.S. §42-5159 (B) (14). Any equipment ordered as tax exempt shall be invoiced separately from taxable systems, even if purchased on the same purchase order from ASU.

5. Term and Termination. The obligations of the parties will commence on the Effective Date and, unless sooner terminated, expire twelve (12) months after the Effective Date (the Term). The Term may be renewed for additional
periods upon written mutual agreement of both parties. The total Term will not exceed 5 years. ASU may terminate
this Contract with or without cause upon 10 days’ prior written notice to Vendor. Upon termination, ASU will have
no further obligations to Vendor other than payment for Services rendered and Deliverables delivered, in each case
as of the effective date of termination. All provisions of this Contract that anticipate performance after termination,
and all provisions necessary to interpret and enforce them, will survive termination of this Contract.

6. Independent Contractor. Vendor is an independent contractor. Neither Vendor nor any of Vendor’s owners,
officers, directors, managers, members, employees, agents, contractors, or subcontractors (collectively, with
Vendor, the Vendor Parties), will be employees, agents, partners, or joint venturers of ASU. None of the Vendor
Parties will be eligible for any benefits from ASU, including worker’s compensation coverage, nor will ASU make
deductions from any amounts payable to Vendor for taxes. Taxes for any amounts paid to Vendor will be Vendor’s
sole responsibility.

7. Hours; Business Operations. Vendor will determine Vendor’s hours of work. ASU will not combine
the business operations of ASU with Vendor; these operations will be maintained separately. Vendor will
provide all tools, equipment, and supplies Vendor determines to be necessary to perform the Services, and
Vendor will obtain and maintain in full force and effect all business registrations or licenses required to
perform the Services.

8. Supervision. Vendor is using its own knowledge, skill, and technical know-how in the performance of the
Services and is not being supervised by ASU. The conduct and control of Services under this Contract lies solely
with Vendor, and ASU is interested only in final results.

9. Records and Reports. Vendor will provide interim written reports concerning the performance of the Services as
and when ASU may request. Upon termination of the Term, Vendor will, if requested by ASU, provide a final
written report regarding the Services.

10. Nondisclosure and Trade Secrets. Vendor may receive (or has received) from ASU, and may
otherwise be exposed to confidential and proprietary information relating to ASU’s business practices,
strategies, and technologies, as well as confidential information of ASU necessary to perform the Services
(collectively, ASU Confidential Information). ASU Confidential Information may include, but is not be
limited to, confidential and proprietary information supplied to Vendor with the legend “ASU Confidential
and Proprietary,” or other designations of confidentiality. As between Vendor and ASU, ASU
Confidential Information is the sole, exclusive, and valuable property of ASU. Vendor will not reproduce
or otherwise use any ASU Confidential Information except in the performance of the Services, and will
not disclose any ASU Confidential Information to any third party, either during or after the Term, except
with ASU’s prior written consent. Upon termination of this Contract, Vendor will cease using, and will
return to ASU, all originals and all copies of ASU Confidential Information, in all forms and media, in
Vendor’s possession or under Vendor’s control. In addition, Vendor will not disclose or otherwise make
available to ASU any confidential information of Vendor or received by Vendor from any third party.

Vendor will have no obligation to maintain as confidential any ASU Confidential Information that Vendor can
show: (i) was already lawfully in the possession of or known by Vendor before receipt from ASU; (ii) is or becomes
generally known in the industry through no violation of this Contract or any other agreement; (iii) is lawfully
received by Vendor from a third party without restriction on disclosure or use; (iv) is required to be disclosed by
court order following notice to ASU sufficient to allow ASU to contest such order; or (v) is approved in writing by
ASU for release or other use by Vendor.

11. Intellectual Property Ownership Rights. Neither Entity nor any Entity Parties will make, conceive, discover,
develop or create, either solely or jointly with any other person or persons including ASU, any Intellectual Property
for or at the request of ASU in connection with this Contract (Contract IP). However, to the extent any Contract IP
is created, it will be owned by ASU and Entity hereby irrevocably assigns, and will cause all Entity Parties to so
assign, without further consideration, to ASU all right, title and interest to all Contract IP. Intellectual Property
means any and all ASU Data, inventions, designs, original works of authorship, formulas, processes, compositions,
programs, databases, data, technologies, discoveries, ideas, writings, improvements, procedures, techniques, know-how, and all patent, trademark, service mark, trade secret, copyright and other intellectual property rights (and goodwill) relating to the foregoing. Entity will make full and prompt disclosure of the Contract IP to ASU.

12. Warranties. Vendor represents and warrants that: (i) all of the Services will be performed in a professional and workmanlike manner and in conformity with industry standards by persons reasonably suited by skill, training, and experience for the type of services they are assigned to perform; and (ii) Vendor will comply, and will be responsible for ensuring Vendor Parties comply, with all applicable federal, state and local laws in the performance of this Contract.

13. Indemification. Vendor will indemnify, defend, and hold harmless the State of Arizona, its departments, agencies, boards, commissions, universities, and its and their officials, agents and employees (collectively, Indemnitee) for, from, and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys’ fees, and costs of claim processing, investigation, and litigation) for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property to the extent caused, or alleged to be caused, by (i) the negligence, acts or omissions of Vendor, or any of the other Vendor Parties; (ii) a breach of this Contract; or (iii) failure to comply with any applicable law. Vendor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable.

14. Responsibility. Each party will be responsible for the negligence, acts and omissions of its employees and contractors when acting under such party’s direction and supervision. Notwithstanding the terms of this Contract or any other document or agreement: (i) other than for employees and contractors acting under ASU’s direction and supervision, ASU is not responsible for any actions of any third parties, including its students; and (ii) no person may bind ASU unless they are an authorized signatory of ASU, as set forth in PUR-202, which is at www.asu.edu/counsel/manual/signatureauthority.html.

15. No Debarment. None of the Vendor Parties, either directly or indirectly or through subcontractors, have been suspended, excluded from participation in or penalized by any Federal or State procurement, non-procurement, or reimbursement program. Vendor affirms that it has confirmed the above statement by checking The System for Award Management (SAM) www.uscontractorregistration.com within 180 days prior to commencing Services. Vendor will provide immediate written notice to ASU upon the subsequent exclusion of any of the Vendor Parties, or upon learning of any investigation or proposed action that could result in such exclusion.

16. Notices. All notices and communications required or permitted under this Contract will be in writing and will be given by personal delivery against receipt (including private courier service such as Federal Express), or certified United States Mail, return receipt requested. All notices and communications will be sent to the addresses set forth below or to such other address as the parties may specify in the same manner:

Notices, if delivered, and if provided in the manner set forth above, will be deemed to have been given and received on the date of actual receipt or upon the date receipt was refused. Any notice to be given by any party may be given by legal counsel for such party.

17. Nondiscrimination. The parties will comply with all applicable state and federal laws, rules, regulations, and executive orders governing equal employment opportunity, immigration, and nondiscrimination, including the Americans with Disabilities Act. If applicable, the parties will abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

18. Conflict of Interest. If within 3 years after the execution of this Contract, Vendor hires as an employee or agent any ASU representative who was significantly involved in negotiating, securing, drafting, or creating this Contract, then ASU may cancel this Contract as provided in Arizona Revised Statutes (ARS) § 38-511. Notice is also given of ARS §§ 41-2517 and 41-753.

19. Arbitration in Superior Court. As required by ARS § 12-1518, the parties agree to make use of arbitration in disputes that are subject to mandatory arbitration pursuant to ARS § 12-133.

20. Dispute Resolution. If a dispute arises under this Contract, the parties will exhaust all applicable administrative remedies provided for under Arizona Board of Regents Policy 3-809.

21. Records. To the extent required by ARS § 35-214, Vendor will retain all records relating to this Contract. Vendor will make those records available at all reasonable times for inspection and audit by ASU or the Auditor General of the State of Arizona during the term of this Contract and for a period of five years after the completion of this Contract. The records will be provided at Arizona State University, Tempe, Arizona, or another location designated by ASU on reasonable notice to Vendor. Records may be delivered electronically.

22. Failure of Legislature to Appropriate. In accordance with ARS § 35-154, if ASU’s performance under this Contract depends on the appropriation of funds by the Arizona Legislature, and if the Legislature fails to appropriate the funds necessary for performance, then ASU may provide written notice of this to Vendor and cancel this Contract without further obligation of ASU. Appropriation is a legislative act and is beyond the control of ASU.

23. Weapons, Explosive Devices, and Fireworks. ASU prohibits the use, possession, display or storage of any weapon, explosive device or fireworks on all land and buildings owned, leased, or under the control of ASU or its affiliated or related entities, in all ASU residential facilities (whether managed by ASU or another entity), in all ASU vehicles, and at all ASU or ASU affiliate sponsored events and activities, except as provided in ARS § 12-781, or unless written permission is given by the Chief of the ASU Police Department or a designated representative. Notification by Vendor to all persons or entities who are employees, officers, subcontractors, consultants, agents, guests, invitees or licensees of Vendor (Vendor Notification Parties) of this policy is a condition and requirement of this Contract. Vendor further agrees to enforce this Contract requirement against all Vendor Notification Parties. ASU’s policy may be accessed at: www.asu.edu/aad/manuals/pdp/pdp201-05.html.

24. Advertising, Publicity, Names and Marks. Vendor will not do any of the following, without, in each case, ASU’s prior written consent: (i) use any names, service marks, trademarks, trade names, logos, or other identifying names, domain names, or identifying marks of ASU (ASU Marks), for any reason including online, advertising, or promotional purposes; (ii) issue a press release or public statement regarding this Contract; or (iii) represent or
imply any ASU endorsement or support of any product or service in any public or private communication. Any permitted use of any ASU Marks must comply with ASU’s requirements, including using the ® indication of a registered trademark where applicable.

25. Insurance Requirements. Without limiting any liabilities or any other obligation of Vendor, Vendor will purchase and maintain (and cause its subcontractors to purchase and maintain), until all of their obligations have been discharged, including any warranty periods under this Contract, or are satisfied, insurance against claims for injury to persons or damage to property that may arise from or in connection with the performance of the work hereunder by Vendor, its agents, representatives, employees or subcontractors as described on Exhibit B.

27. Title IX Obligation. Title IX protects individuals from discrimination based on sex, including sexual harassment. ASU fosters a learning and working environment that is built on respect and free of sexual harassment. ASU’s Title IX Guidance is available at www.asu.edu/titleIX/Vendors-and-an-Environment-of-Respect.pdf. Vendor will: (i) comply with ASU’s Title IX Guidance; (ii) provide ASU’s Title IX Guidance to any Vendor Parties who may reasonably be expected to interact with ASU students and employees, in person or online; and (iii) ensure that all Vendor Parties comply with ASU’s Title IX Guidance.

28. Authorized Presence Requirements. As required by ARS § 41-4401, ASU is prohibited from awarding a contract to any contractor or subcontractor that fails to comply with ARS § 23-214(A) (verification of employee eligibility through the e-verify program). Vendor warrants that it and its subcontractors comply fully with all applicable federal immigration laws and regulations that relate to their employees and their compliance with ARS § 23-214(A). A breach of this warranty will be a material breach of this Contract that is subject to penalties up to and including termination of this Contract. ASU retains the legal right to inspect the papers of any Contractor or subcontractor employee who works hereunder to ensure that the contractor or subcontractor is complying with the above warranty.

29. Tobacco-Free University. ASU is tobacco free. For details, visit www.asu.edu/tobaccofree.

30. Outside Services; Notification. Vendor is free to perform work for entities other than ASU as long as such services do not violate Vendor’s obligations under this Contract. Vendor authorizes ASU to notify any employers or clients of Vendor of Vendor’s obligations hereunder.

31. Construction. Each party acknowledges that it has had the opportunity to participate in the drafting of, and to have its legal counsel review, this Contract. Vendor is not relying on the advice or counsel of any individuals employed by ASU in entering into this Contract. Any rule of construction to the effect that any ambiguities are to be resolved against the drafting party will not be applied in interpreting this Contract.

32. No Boycott of Israel. As required by ARS §§ 35-393 to 35-393.01, Vendor certifies it is not currently engaged in a boycott of Israel and will not engage in a boycott of Israel during the term of this Contract.

33. Governing Law and Venue. This Contract will be governed by the laws of the State of Arizona without regard to any conflicts of laws principles. ASU’s obligations hereunder are subject to the regulations/policies of the Arizona Board of Regents. Any proceeding arising out of or relating to this Contract will be conducted in Maricopa County, Arizona. Each party waives any objection it may now or hereafter have to venue or to convenience of forum.

34. Interpretation-Parol Evidence. This writing is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms of their agreement. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term used in this Contract. Acceptance or acquiescence in a course of performance rendered under this contract shall not be relevant to determine the meaning of this Contract even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity for objection. Whenever a term defined by the Uniform Commercial Code is used in this Contract, the definition contained in the Code is to control.

35. No Waiver. No waiver by University of any breach of the provisions of this Contract by Vendor shall in any way be construed to be a waiver of any future breach or bar ASU’s right to insist on strict performance of the provisions of this Contract.
36. **Assignment of Anti-Trust Overcharge Claims.** The parties recognize that in actual economic practice overcharges resulting from anti-trust violations are in fact borne by the ultimate purchaser; therefore, Vendor hereby assigns to the Arizona Board of Regents for and on behalf of ASU any and all claims for such overcharges.

37. **Labor Disputes.** Vendor shall give prompt notice to ASU of any actual or potential labor dispute which delays or may delay performance under this Contract.

38. **Equal Opportunity Clause.** The Provisions of Section 202 of Executive Order 11246.41, C.F.R. § 60-1.4.41, C.F.R. § 60-250.4 and 41, and C.F.R. § 60-741.4 are incorporated herein by reference and shall be applicable to this Contract unless this Contract is exempted under the rules, regulations or orders of the Secretary of Labor.

39. **Gratuities.** ASU may, by written notice to Licensor, cancel this Contract or any Order Form if it is found by ASU that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by Licensor, or any agent or representative of Licensor, to any officer or employee of the State of Arizona with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing of such contract. In the event this Contract is canceled by ASU pursuant to this provision, ASU shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by Licensor in providing such gratuities.

40. **Insolvency.** ASU shall have the right to terminate this Contract at any time in the event Vendor files a petition in bankruptcy, or is adjudicated bankrupt; or if a petition in bankruptcy is filed against Vendor and not discharged within thirty (30) days; or if Vendor becomes insolvent or makes an assignment for the benefit of its creditors or an arrangement pursuant to any bankruptcy law; or if a receiver is appointed for Vendor or its business.

41. **Assignment.** Neither party may transfer or assign this Contract or any of its rights or obligations hereunder, either directly or indirectly, or by operation of law, without the other party’s prior written consent. Any attempt to the contrary will be void.

42. **Campus Deliveries and Mall Access.** Vendor must familiarize itself with ASU parking, campus delivery options and loading zones. Not all campus buildings are directly accessible and some require Vendor to unload at lots or loading areas that may not be directly adjacent to the delivery or work location. As a result Vendor must then transport goods by using electric style golf carts, dolly or other manual device across pedestrian malls. Many campuses include features and pedestrian malls that may have limited access for vendor vehicles and carts. Walk-Only Zones prohibit access to all wheeled traffic during enforcement time and deliveries or work requiring vehicular or cart access may need to be arranged outside of the restricted hours. Vendor must obtain required parking permits, and must comply with loading zones, mall access, and pedestrian mall restrictions. Information is available at http://parking.asu.edu and http://walk.asu.edu/.

43. **Parking.** Vendor shall obtain all parking permits and/or decals required while performing work on University premises. Vendor should contact Parking and Transit, http://cfo.asu.edu/pts.

The parties have signed this Contract as of the Effective Date.

These insurance requirements are minimum requirements for this Contract and do not limit any indemnity covenants contained in this Contract.    - Each Claim $1,000,000
   - Annual Aggregate $2,000,000

a. If the professional liability insurance required by this Contract is written on a claims-made basis, Vendor warrants that any retroactive date under the policy will precede the effective date of this Contract; and that either continuous coverage will be maintained or an extended discovery period will be exercised for a period of 2 years beginning at the time work under this Contract is completed.

b. Policy will cover professional misconduct or lack of ordinary skill for those positions defined in the scope of work of this Contract.

E. **Verification of Coverage**: Vendor will furnish ASU with certificates of insurance (ACORD form or equivalent approved by the State of Arizona) as required by this Contract. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

All certificates and endorsements are to be received and approved by ASU before work commences. Each insurance policy required by this Contract must be in effect at or prior to commencement of work under this Contract and remain in effect for the duration of the Contract. Failure to maintain the insurance policies as required by this Contract, or to provide evidence of renewal, is a material breach of Contract.

All certificates required by this Contract must be sent directly to Director of Risk Management, Arizona State University, P.O. Box 876512, Tempe, AZ 85287-6512. ASU’s project or purchase order number and project description will be noted on each certificate of insurance. This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.
(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror’s responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

SERVICE PROVIDER ACKNOWLEDGEMENT

Arizona State University is committed to protecting the health and welfare of students, faculty, staff, visitors, and to the environment. Accordingly, it is important that all members of the ASU community recognize and share this commitment and comply with the environmental, health and safety policies, rules, procedures and regulations governing ASU campus activities.

ASU is also looking to the community, including service providers, for cooperative and responsible leadership that will help the University implement a safer environment through safer practices and more sustainable solutions.

Towards this end, it is ASU’s expectation that all service providers have the responsibility for environmental, health, and safety issues created or otherwise arising from or related to their work under their contract with ASU.

The service provider shall ensure that its employees are properly identified (e.g. officially issued picture ID and/or badge) and have been instructed about the boundaries of their work areas. Service providers will comply with all applicable local, state, and federal rules and regulations, including those related to the Occupational Safety and Health Act of 1970.

For all service providers, ASU is providing a few general guidelines in this document concerning conducting work on ASU Job Sites.

SERVICE PROVIDER DEFINITION
Refers to any individual, company, or corporation who is hired by ASU or an ASU employee to provide construction, repair or maintenance related services on ASU property or facilities.

GENERAL SITE INFORMATION
Failure on the part of the service provider to comply with the following requirements may result in termination of the contract with ASU. Prior to working in areas where site-related hazards might be present, all service providers shall consult with the Project Manager for more information.

- Permission must be obtained from the Project Manager whenever it is necessary for personnel to go to the roof of any building.
- Lunch and break areas are to be coordinated through the Project Manager.
- Pedestrians should use walkways where provided. Shortcuts shall not be taken through operating areas.
- Explosives of any type are prohibited on the site with the exception of Powder Actuated Tools.
- Barricading of ASU streets (contacting ASU Police at 480-965-3456 is required prior to any barricades being set).

PARKING -- Park in specified areas only
The proper parking permit must be secured from ASU Parking and Transit Systems (PTS) and displayed appropriately in vehicles. Contact the Project Manager and/or at PTS at 480-965-9297. Do not block entrance ramps, trash docks, and truck doors, etc.

**DISCLOSURE OF ASBESTOS, LEAD AND/OR OTHER HAZARDOUS MATERIALS**

Arizona State University is informing all service providers of the potential presence of asbestos, lead and or other hazardous materials at ASU. Depending on the location(s) of your work, there may be one or more of these materials present. It is your responsibility to discuss the full scope of your work with the CPMG Project Manager or designee so that you have the appropriate information related to asbestos, lead and/or other potentially hazardous materials. If the scope of your work changes, contact your CPMG Project Manager or designee before proceeding to determine if the change in scope may involve the potential disturbance of asbestos, lead and/or other hazardous materials.

Should there be changes to your scope of work affecting areas outside of your original contract area, or, if unforeseen or unidentified suspect materials be uncovered or discovered during your work, you are required to stop all work which would impact those materials until they can be evaluated and tested by ASU. Immediately upon discovery of any unidentified or unforeseen building material, you must notify the CPMG Project Manager to arrange for ASU to evaluate and test the materials.

Prior to your work taking place, inspections for asbestos, lead and other potentially hazardous materials must be (or have been) conducted by ASU, and identified materials (containing asbestos, lead or other hazardous materials) that would be disturbed by your current scope of work will be (or have been) removed or isolated in such a manner as to prevent potential exposure. Please contact ASU CPMG Asbestos Program Manager at 480-965-7739 to determine if, based on your current scope of work, there any remaining materials which are or may be present in adjacent location(s), but should not be disturbed.

Your signature on this document acknowledges you received this disclosure and that you had the opportunity to review your scope of work with the CPMG Project Manager or designee.

The **Service Provider Job-Site Safety Information** Orientation document is meant to serve as a guide for the contractor/vendor, any and all of its supervisors, and any and all of its subcontractors during their performance within the scope of work under their contract with ASU. Although the document sets forth certain guidelines and rules of operations on ASU sites, it is not intended to address every potential safety and health issue that may arise during the scope of the contracted work. **IT DOES NOT COVER EVERY POSSIBLE SITUATION.**

While ASU retains the right to periodically review the work of any service provider, its supervisors, or its subcontractors, ASU does not assume responsibility for any issues identified outside of contract compliance.

**TEMPE CAMPUS UTILITY TUNNEL SYSTEM**

Asbestos exists in the underground utility tunnel system located on the Tempe Campus of Arizona State University. It is your responsibility to discuss the scope of your work with the CPMG Project Manager or designee in order to provide you with any further information related to asbestos issues which may be encountered during any work in the tunnels.
The gravel or earthen flooring material throughout the tunnel system has become contaminated material from historical damage and repair to pipe insulation. Walking on, or other disturbance to, the flooring material may cause entrained asbestos fibers to become airborne.

In addition, asbestos is present in most thermal system insulation applied to steam, steam condensate and hot water piping. The disturbance of insulation materials is strictly prohibited.

ASU has determined that persons working in the underground utility tunnel system may be potentially exposed to airborne asbestos fibers at or above the U.S. Occupational Safety and Health Administration (OSHA) permissible exposure limit of 0.1 fibers per cubic centimeter (f/cc).

Vendors are advised that airborne fibers which exist in the tunnel areas may be below the minimum length of five microns capable of being detected by analysis using Phase Contrast Microscopy (PCM) analytical techniques. Airborne fibers within the tunnels are detectable using Transmission Electron Microscopy (TEM) methods. Each service provider is responsible for ensuring proper use of personal protective equipment including respiratory protection at all times while working in the Tempe tunnel system.

It is your responsibility to discuss the scope of work conducted within the tunnel system with your employees, or sub-contracted employees, and to provide the appropriate training, personal protective equipment and air monitoring as required by OSHA.

Accordingly, ASU expects each service provider to supplement the provisions contained in the Service Provider Job-Site Information & Guideline document with proper instructions and work practices that, based on knowledge and experience, will help decrease the likelihood of injury to service provider employees, subcontractors’ employees, and to others, as well and prevent damage to property and material on ASU sites.
