SECTION II – PURPOSE OF THE RFP

1. INTENT

Arizona State University wishes to identify and assemble a list of qualified Robotic Process Automation Service providers that:

a) are capable of leveraging Artificial Intelligence (AI) and Machine Learning (ML) technologies with multiple SaaS platforms to automate and enable direct customer interaction with various University business (also referred to as the “Department” herein) processes;

and

b) are able to provide an off-the-shelf solution that can integrate with ASU’s system(s) to perform the functions identified in “a)” with configuration.

Various applications that may require Robotic Process Automation Services may include, but are not limited to, internally-developed platforms and other licensed SaaS platforms.

When Robotic Process Automation Services are requested from a vendor, Arizona State University will provide the vendor a specific request for services in as much detail as possible. Should the vendor wish to respond, they will provide at a minimum a Statement of Work detailing the specific resource(s), a description of the work and solution to be delivered, the initial begin and end work dates if applicable, and also the resource and solution cost rates which will have been provided in this RFP response.

Given the breadth of the platforms utilized by the University, ASU anticipates that multiple vendors will be awarded this RFP. This will allow the University to request the appropriate off-the-shelf solution combined with skilled individuals from multiple vendors to selectively determine the best and/or most cost effective solution for the requested task.

2. BACKGROUND INFORMATION

Arizona State University is consistently looking for opportunities to improve and automate the processes associated with providing services to both internal and external parties. ASU believes that leveraging existing and growing technology will enable the University to provide better support to the stakeholders it serves. To that end, the University is seeking Robotic Process Automation Service providers to aid in its business process improvement and automation initiatives.
Arizona State University is a new model for American higher education, an unprecedented combination of academic excellence, entrepreneurial energy and broad access. This New American University is a single, unified institution comprising four differentiated campuses positively impacting the economic, social, cultural and environmental health of the communities it serves. Its research is inspired by real world application blurring the boundaries that traditionally separate academic disciplines. ASU serves more than 100,000 students in metropolitan Phoenix, Arizona, the nation's fifth largest city. ASU champions intellectual and cultural diversity, and welcomes students from all fifty states and more than one hundred nations across the globe.

More information about ASU is located at [http://www.asu.edu](http://www.asu.edu).

3. **TERM OF CONTRACT**

The initial contract term will be no longer than five (5) years from the date of award. The contract will be available for use by other University departments during this term. Specific project durations will vary throughout the effective contract period.

SECTION XII – AGREEMENT - TERMS & CONDITIONS

ASU will issue a Purchase Order(s) for goods and/or services awarded under this RFP.

The parties to the Purchase Order will be bound by the ASU Terms and Conditions effective on the date the purchase order is received. The ASU Terms and Conditions are available at ASU Standard Terms and Conditions.

Insurance requirements are outlined within this RFP and will be included in any resulting Purchase Order.

Additionally, the following provisions will be incorporated into the ASU Standard Terms and Conditions:

State Purchasing Cooperative. The Agreement and ASU’s Robotic Process Automation Services RFP may be used by state, city, and county governments within the state of Arizona, Arizona state-funded K-20 educational districts and institutions (including charter schools), and the other two state universities governed by the Arizona Board of Regents: University of Arizona, and Northern Arizona University (collectively, the Arizona Entities). Each of the Arizona Entities may purchase some or all of the Goods/Services under the Agreement. ASU will have no liability or responsibility to Supplier or otherwise for purchases of the Goods/Services by the Arizona Entities. Supplier may negotiate different rates, terms, and conditions with the Arizona Entities.

Administrative Fee. Additional higher educational institutions and public entities, (collectively, “Other Entities”) may choose to utilize the award of the Robotic Process Automation Services RFP (the “Awarded RFP”) to meet their competitive bidding requirements. Supplier shall pay an Administrative Fee to Arizona State University (ASU) in the amount of three percent (3%) of the total sales received from Other Entities derived from the Awarded RFP. The Administrative Fee is calculated based on all sales transacted under the contract(s) between supplier and Other Entities, minus all taxes, shipping charges not already included in the unit prices, and any returns or credits. The Administrative Fee shall be submitted, along with a Quarterly Usage Report (QUR) documenting all sales resulting from the Awarded RFP, to the ASU Procurement Office within thirty (30) days following the end of each calendar quarter.

Failure to remit Administrative Fees in a timely manner or the remittance of fees inconsistent with the requirements referenced herein may result in ASU exercising any recourse available under the contract including a third party audit of all sales activity. Should an audit be required by ASU and the audit reveals a discrepancy in ASU’s favor, the supplier shall reimburse ASU for all costs associated with the audit, in addition to any Administrative Fees due to ASU.

The Administrative Fee will not apply to sales from the Arizona Board of Regents, Northern Arizona University and University of Arizona.

Proposals that are contingent upon any changes to these mandatory contract terms and conditions may be deemed non responsive and may be rejected. All exceptions must be submitted with justification and alternate language, and MUST be submitted with the proposal.

ASU Terms and Conditions Amendment: Unless and until the District Court’s injunction in Jordahl v. Brnovich et al., Case No. 3:17-cv-08263 (D. Ariz.) is stayed or lifted, the Anti-Israel Boycott Provision (A.R.S.35-393.01 (A)) is unenforceable and the State will take no action to enforce it. Offers will
not be evaluated based on whether this certification has been made.
Insurance Requirements

Without limiting any liabilities or any other obligation of Supplier, Supplier will purchase and maintain (and cause its subcontractors to purchase and maintain), until all of their obligations have been discharged or satisfied, including any warranty periods under the Agreement, insurance against claims that may arise from or in connection with the performance of the work hereunder by Supplier, its agents, representatives, employees or subcontractors, as described below.

These insurance requirements are minimum requirements for the Agreement and in no way limit any indemnity covenants in the Agreement. ASU does not warrant that these minimum limits are sufficient to protect Supplier from liabilities that might arise out of the performance of the work under the Agreement by Supplier, its agents, representatives, employees, or subcontractors. Insurance types and coverages may be increased at ASU’s sole discretion based on the scope of work/project awarded. These insurance requirements may change if Supplier is a foreign entity, or with foreign insurance coverage.

A. Minimum Scope and Limits of Insurance: Supplier’s insurance coverage will be primary insurance with respect to all other available sources. Supplier will provide coverage with limits of liability not less than those stated below:

1. Commercial General Liability – Occurrence Form. Policy will include bodily injury, property damage, personal injury, and broad form contractual liability coverage.
   - General Aggregate $2,000,000
   - Products – Completed Operations Aggregate $1,000,000
   - Personal and Advertising Injury $1,000,000
   - Contractual Liability $1,000,000
   - Fire Legal Liability (only if Agreement is for leasing space) $50,000
   - Each Occurrence $1,000,000

   - Policy will include the following additional insured language: “The State of Arizona, its departments, agencies, boards, commissions, universities, and its officers, officials, agents, and employees, will be named as additional insureds with respect to liability arising out of the activities performed by or on behalf of Supplier.”

   - Policy will contain a waiver of subrogation against the State of Arizona, its departments, agencies, boards, commissions, universities, and its officers, officials, agents, and employees, for losses arising from work performed by or on behalf of Supplier.

   - Policy will contain a severability of interest provision.

   - Automobile Liability. If Supplier will be driving on ASU campus or on ASU business the following section will apply: Policy will include Bodily Injury and Property Damage for any owned, hired, and/or non-owned vehicles used in the performance of the Agreement in the following amounts. If Supplier is not an individual then coverage will be a combined single limit of $1,000,000. If Supplier is an individual then coverage will be $100,000 per person, $300,000 per accident, and $50,000 property damage.

   - Policy will include the following additional insured language: “The State of Arizona, its departments, agencies, boards, commissions, universities, and its officers, officials, agents, and employees, will be named as additional insureds with respect to liability arising out of the activities performed by or on behalf of Supplier, involving vehicles owned, leased, hired, or borrowed by Supplier.”

   - Policy will contain a waiver of subrogation against the State of Arizona, its departments, agencies, boards, commissions, universities, and its officers, officials, agents, and employees, for losses arising from work performed by or on behalf of Supplier.

   - Policy will contain a severability of interest provision.

   - Worker’s Compensation and Employers’ Liability. Applicable statutory limits, as amended from time to time.

   - Employer’s Liability in the amount of $1,000,000 injury and disease.

   - Policy will contain a waiver of subrogation against the State of Arizona, its departments, agencies, boards,
commissions, universities, and its officers, officials, agents, and employees, for losses arising from work performed by or on behalf of Supplier.

- This requirement will not apply to any contractor or subcontractor exempt under ARS § 23-901, when such contractor or subcontractor signs the Sole Proprietor Waiver Form.

☐ Technology/Network Errors and Omissions Insurance. The terms of this section apply if: 1) ASU is purchasing or leasing software, or processing a software renewal; 2) Supplier is creating any code for ASU; 3) Supplier receives, stores, or analyzes ASU Data (including if the data is not online); 4) Supplier is hosting, or managing by infrastructure outside of ASU, including in the cloud, ASU Data; OR 5) ASU is purchasing or leasing equipment that will connect to ASU’s data network.

- Each Claim $2,000,000
- Annual Aggregate $4,000,000

- This insurance will cover Supplier’s liability for acts, errors and omissions arising out of Supplier’s operations or services, including loss arising from unauthorized access, or use that results in identity theft or fraud.

- If the liability insurance required by the Agreement is written on a claims-made basis, Supplier warrants that any retroactive date under the policy will precede the effective date of the Agreement, and that either continuous coverage will be maintained or an extended discovery period will be exercised for a period of 2 years beginning at the time work under the Agreement is completed.

- Policy will cover professional misconduct for those positions defined in the scope of work of the Agreement.

☐ Professional Liability (Errors and Omissions Liability). If the Supplier will provide ASU Services under the Agreement, the Policy will include professional liability coverage as follows:

- Each Claim $1,000,000
- Annual Aggregate $2,000,000

- If the professional liability insurance required by the Agreement is written on a claims-made basis, Supplier warrants that any retroactive date under the policy will precede the effective date of the Agreement; and that either continuous coverage will be maintained or an extended discovery period will be exercised for 2 years beginning at the time work under the Agreement is completed.

- Policy will cover professional misconduct for those positions defined in the scope of work of the Agreement.

B. Cancellation; Material Changes: Cancellation notices will be delivered to ASU in accordance with all policy provisions. Notices required in this Section must be sent directly to ASU Purchasing and Business Services, email Insurance.certificates@asu.edu or mail to PO Box 875212, Tempe, AZ, 85287-5212.

C. Acceptability of Insurers: Insurance is to be placed with duly licensed or approved non-admitted insurers in the State of Arizona with an “A.M. Best” rating of not less than A- VII. ASU in no way warrants that the above required minimum insurer rating is sufficient to protect Supplier from potential insurer insolvency. Self-Insurance may be accepted in lieu of or in combination with insurance coverage requested.

D. Verification of Coverage: Each insurance policy required by the Agreement must be in effect at or prior to commencement of work under the Agreement and remain in effect for the term of the Agreement. Failure to maintain the insurance policies as required by the Agreement, or to provide evidence of renewal, is a material breach of contract.

If requested by ASU, Supplier will furnish ASU with valid certificates of insurance. ASU’s project or purchase order number and project description will be noted on each certificate of insurance. The State of Arizona and ASU may require complete, certified copies of policies at the time of notice of any loss or claim.

E. Subcontractors. Supplier’s certificate(s) may include all subcontractors as insureds under its policies as required by the Agreement, or Supplier will furnish to ASU upon request, copies of valid certificates and endorsements for each subcontractor. Coverages for subcontractors will be subject to the minimum requirements identified above.
F. **Approval.** These insurance requirements are the standard insurance requirements of ASU. Any modification or variation from the insurance requirements in the Agreement will require the approval of ASU’s Department of Risk and Emergency Management.
